EARL COLE RETURNS FROM HIS TRIP TO THE CANADIAN COUNTRY

Earl V. Cole arrived home Thursday evening from an extended trip in the northwest. Leaving Plattsburgh he went by way of St. Paul, Minn., to Portland, where he crossed the line into Canada, passing through the Province of Saskatchewan into Alberta. Here, in southern Alberta, he stopped off for two weeks, where he supervised the harvesting of the enormous wheat crop on his farm near Lethbridge. While there he visited his brother-in-law, John E. Perry, a former Cass county man, who is located there, having three sections of land. Mr. Perry's crops are fine, threshing having just begun. Wheat is threshing out 40 bushels and oats are estimated at 75 or 80 bushels per acre. Mr. Perry has a large herd of cattle on the range which are in as good condition as any cattle just coming out of the feed yards of Nebraska. Mr. Cole had the pleasure of riding over the surrounding country with Mr. Perry in his new automobile. Leaving there he passed through Medicine Hat, going to Calgary, then to Banff, a great summer resort, and on through the grand Canadian Rockies in British Columbia to Vancouver. These mountains are immense and words fail to describe the beauty and grandeur seen here, which far surpasses the mountains in Colorado and Wyoming. At Vancouver he took a steamer to Victoria, thence to Seattle, Wash., where trip was enjoyed very much. From Seattle he came on to Spokane, Wash., where he stopped off to visit with his uncle, R. M. Cole, a former Cass county man. He reports his uncle as doing fine in Washington and enjoying good health. After a few days' visit there he continued his journey homeward by way of Butte and Billings, Montana.

CASS COUNTY GETS FIRST PREMIUM FOR PEACHES

As a fruit growing county old Cass has received another well deserved recognition in the securing of the first premium at the Nebraska state fair by Harry Smith, residing just west of this city, for the finest peaches shown at the fair this year. These peaches, which were huge, luscious specimens, were raised on the farm of Mr. Smith and are of the "Champion" variety and well worthy of their name, as they are as fine as can be found anywhere in the United States, and both in size and flavor are without a peer. The securing of the prize by Mr. Smith is a well deserved recognition of his splendid fruit and he feels quite proud of the distinction given to him.

TROUBLE OVER PICKING APPLES IN AN ORCHARD

The Lessee of the Land Objects to the Owner Carrying Off the Apples, and Scatters Pickers With Gun.

From Saturday's Daily.

Yesterday afternoon considerable excitement was occasioned north of the stand pipe on North Eighth street, when W. H. Bunch, who has a lease on an orchard in that section, objected to a number of gentlemen who were picking the apples in the orchard. The affair seems to be a mix-up between Mr. Bunch and the owner of the orchard, A. E. Becker, of Omaha, who had told the men to pick the apples, and they being innocent parties to the affair, went ahead to gather the apples, with the result that they were subjected to a bombardment from Mr. Bunch. He visited the orchard last evening and told the men to quit taking the apples, and they told him that they knew nothing of the state of affairs between Mr. Bunch and Mr. Becker and that he had better secure an injunction or legal papers and they would stop, but that they had been ordered by Mr. Becker to go ahead and pick the apples for shipment. The men state that Mr. Bunch promised to see about the legal aspect of the case, but they heard nothing more of the matter until Mr. Bunch appeared on the scene yesterday afternoon and ordered them to leave, at the same time firing several shots from his revolver, and two of the men, Mr. Biddle and Percy Murphy at once retired in regular Russian style to safety, but Henry Warshaw, the third of the trio, was not so fortunate, as he was up in a tree with a sack of apples fastened on his back, and he states several shots were fired up in the tree before he could get down and explain to the gentleman that he was merely the agent of someone else and innocent of any desire to start a miniature European war here in peaceful Nebraska, and after reaching the ground lost no time in beating a retreat. It would seem from all facts as can be learned that Mr. Bunch has been leasing the land and has never been served with a notice to vacate and consequently had a right to the apples, but was wrong in the shooting.

From Friday's Daily.
The committee in charge of the booster base ball day have made a canvass of the tickets sold for the day and estimate the receipts at \$130, and which will net the rest room fund something over \$100, which will be a neat sum to carry on this work with and prove of great assistance in seeing the work carried to completion.

The members of the committee, Dr. D. I. Reynolds, H. F. Goos and Jess Wurga, have been working on the proposition, and their efforts have added greatly to the success of the event, and the members of the Commercial club feel very grateful to these gentlemen, as well as to the base ball boys and the members of the Burlington band for their assistance in the work that made the day such a success in every way.
