Status Quo.

The chief object of the physician, in the treatment of every disease, is to try to bring the body to the status quo, that is, to the usual state of health. In the first place, all waste matter must be removed from the body, everything fermenting and decaying there and poisoning the blood. It will do more for you than clean out the body; it will stimulate and strengthen your digestive organs and will not permit constipation to sap your strength and energy. This cleaning out and at the same time strengthening of the body will bring you health and comfort. At drug stores. Price \$1.00. Jos. Triner, Manufacturer, 1333-1339 S. Ashland Ave., Chicago, Ill.
