THE AUTOMOBILE LAW MUST BE ENFORCED

Owners and Drivers Will Deliberately Pass Along the Highways at Night Without Lights.

The drivers of automobiles and other vehicles in this locality have been expressing themselves in no mild terms of the practice that many drivers of autos and buggies have of traveling along the public highways at night with no lights to show the occupants of other vehicles that there is someone coming along the highway, and several very close calls from serious accidents have occurred as the result of this practice.

There are constant reports from all sections of the practice of autos running without lights, and almost every day accounts appear of the most serious accidents resulting from a collision between cars or running off an embankment or bridge because drivers of the machines were unable to see ahead or failure to light tail lights caused a wreck. The drivers of buggies after night should also adopt lights for their own protection, as well as that of their fellow men, and the cost would be more than repaid by the feeling that they were safe from being run into, although, of course, there are occasionally cases where a collision is unavoidable where the breaking of the steering gear of an auto or a runaway team causes a wreck, but nine cases out of ten a little Safety First might prevent an accident.

Only a few nights ago a motorist of this city was out riding, and coming along the road was running at a fair rate of speed when suddenly out of the darkness loomed an automobile without a sign of light and standing square in the road with the occupants evidently so enraptured with each other that they cared not whether anyone else wanted the road or that their own machine was mashed up.

Here in the city the police keep a close eye on the light proposition and the driving of vehicles, and let it be said for the automobile drivers that they observe the rules of the road a

great deal better than do the drivers of buggies or wagon, and several times the disregard of the rules by the drivers of small wagons and buggies has come near causing bad mix-ups, and it should be understood that the rules are not made for the governing of automobiles alone, and that other vehicles are also expected to show a respect for the rights of others and not drive all over the street and in the way of everyone else.

VERY SERIOUS ACCIDENT AT CHARLES CREAMER FARM

This morning about 8 o'clock a very serious accident occurred at the farm of Charles Creamer, east of Murray, when the plug on a threshing machine engine blew out and the scalding steam inflicted very serious burns on Phil Pool, who was assisting William Splitt in running the engine, and the condition of the young man is quite serious. He received very severe burns on the hands and arms and also on his face and breast, as the escaping steam caught him before he could get away from the engine and soon burned him very badly. As soon as the accident occurred Drs. B. F. and J. F. Brendel were called from Murray and dressed the injuries of the young man and made him as comfortable as possible, although he is still suffering very severely from the pain of the burns. Mr. Pool has been in the locality but a short time, coming from his home in Iowa, and has been helping the men with the threshing outfit and has been working on the job of threshing at the Creamer farm for the past two days.

HELPERS ENTERTAINED AT THE EASTWOOD HOME

The Helpers of the Christian church were delightfully entertained at the cozy home of Mrs. G. P. Eastwood yesterday afternoon, by Mesdames Bert Knorr, R. W. Knorr and Eastwood, at a luncheon. The attendance was good and the afternoon was devoted to pleasant social conversation, interspersed with stitching on dainty

VALUE! QUALITY! SERVICE!

fancy work and other amusements, which made the occasion a most enjoyable one. The ladies held a short and enthusiastic business session, at which time they decided to hold a pantry sale on the 20th of November, and request the public to watch the further announcements. At an appropriate time a lovely and delicious luncheon was provided by the hostesses, and which was most thoroughly appreciated by those fortunate enough to be present.

For Sale.
 Six-acre track adjoining the old fair grounds. Good improvements; some fruit. For particulars see F. S. Sitzman, Plattsmouth, Neb. 10-18-2wksd

Secures New Hupmobile.

Frank Campbell has just become the owner of a fine new five-passenger Hupmobile of the latest style and model and which was secured for him by Sam G. Smith, the local agent, from Omaha headquarters. This car will be a source of much pleasure to Mr. Campbell in the future.

Abe Grindle came over this afternoon from Tabor, Iowa, for a short visit here with his daughter, Mrs. Frank Sivey and family.

John McDaniel and wife returned this afternoon from Riverton, Iowa, where they have been visiting George McDaniel and family.

TWO CHILDREN HAD CROUP.

The two children of J. W. Nix, Cleveand, Ga., had croup. He writes: "Both got so choked up they could hardly breathe. I gave them Foley's Henny and Tar and nothing else and it completely cured them." Contains no opiates. Cuts the phlegm; opens air passages. Sold everywhere.

Adam Kaffenberger and wife drove in today from their farm home near Cedar Creek to look after arrangements for moving to this city.

George W. Snyder came in this morning from his farm home and departed on the early Burlington train for Omaha to spend a few hours.

GOVERNOR MORE-HEAD WON'T OBJECT TO THIRD TERM

Lincoln, Oct. 27.—Governor Morehead would like to be governor of Nebraska a third term.

His desire is being kept under cover, but Food Commissioner Harman and other political satellites of the governor are sounding the sentiment of the democrats as to the probability of the governor being nominated for a third term.

Morehead's candidacy would be very acceptable to the Hitchcock forces, especially as it would keep him out of the senatorial race, which the governor has been threatening to enter.

If the governor runs for his present office next year, some of his friends say it will be with the understanding that he will be supported by the Hitchcock forces for United States senator against Senator Norris in 1918.

THE CELEBRATED CALF CASE GOES TO THE DISTRICT COURT

A transcript has been filed in the district court in the case of James Terryberry vs. Earl Wiles and M. C. Walker, in which the plaintiff is taking an appeal from the decision of the county court, where the case was tried a few weeks ago, and where the court found for the defendants. This case will doubtless create a great deal of interest at the trial in the district court, and the whole story of the case rehearsed before the judge and jury, as both parties will see that their case is presented in its strongest possible form. The friends of both parties are deeply interested in the case and it will probably be one of the hardest-fought cases to come up at the next term of court.

HALLOWEEN DANCE.
 To be given at T. J. Sokol hall Sunday evening, October 31st, by the T. J. S. Girls. You are cordially invited to attend, and a good time is assured to all. Admission—Gents, 50c; ladies, Free. Music by Holly's Orchestra.
