Have you looked over the Cedar Creek ads in this issue of the Journal? Read them every week, you may find something that will interest you at all times, and will pay you for your time by saving you money.

There is some talk of having moving pictures in this village two nights out of the week. It would be a big help to Cedar Creek if we could have. Everybody is going to other towns to see the movies. Why not at home?

There was a social dance given at the Sayles Hall in Cedar Creek last Saturday evening that was well attended, and a most enjoyable time was had by all in attendance. These occasions will be given every two weeks in the future by Mr. Andy Thomsen. There is cordial invitation extended to all. The music is excellent, and the usual admission price of 50c is charged. The next one will be given on Saturday evening, Nov. 20th.

There seems to be a demand for dwelling houses in Cedar Creek right at the present time. We are informed that there are a number of families that would like to rent property here, and become residents of Cedar Creek, and from a reliable source we are informed that some six or seven homes could find immediate good long time renters. This is a condition that indicates prosperity in a community, and the lamentable portion of the proposition is that the houses are not to be had. It might prove a paying investment for some one to build a few houses for this purpose. Think it over, there is always a beginning, and a good beginning always makes a good finish. If Cedar Creek's needs are looked after in this line she is bound to grow.

While in Cedar Creek on Tuesday this week we learned from some of the citizens of this prosperous little

village that in a short time there was going to be an effort made to organize a sort of a winter club for the gentlemen of the town and surrounding country. This organization will be simply for sociability, and for the betterment of all the interests of Cedar Creek and the community in general. The club will have suitable quarters that will be open for all at all times. These quarters, it is now talked of, to have fitted up in nice shape with numerous athletic devices for the amusement and entertainment of those who desire this class, smokers and banquets to be held and given as the members may decide, as well as other lines of entertainment to be arranged for. This will prove, if successfully organized and handled properly, a mighty good thing for Cedar Creek, and will afford a great deal of pleasure for all the club members and their friends. If you are approached on this subject give it a boost.

Another Visit to Cedar Creek.

The Journal man made another trip to Cedar Creek this week, and in making the rounds of the village, did not fail this time to call at the busy general store of Mrs. Ruth N. Thomsen, where we found all hands busy with all lines of work connected with an establishment of this kind, in addition to looking after their rapidly growing trade. Winter is coming on and preparations are being made at this store. It is filled with the new goods that will be in demand for this season of the year. Andy Thomsen has always been one of the "whitest" fellows one ever meets, but this day he was doubly so, covered with flour, storing away a supply for the winter. This store is enjoying a fine business and growing daily, carrying an excellent line of goods to select from, and in all departments they are increasing their stock. Mrs. Thomsen has built up an excellent trade in Cedar Creek, where she has resided most of her life, and where the people know her best.

Mrs. W. H. Heil and daughter, Miss Eleanor, and sons, Rudolf and Paul, drove to Plattsmouth Thursday to attend to business matters.

Misses Eleanor Heil and Viola Haynie and two gentlemen friends motored to Omaha Thursday evening to attend the play at the Brandeis theater.

Gents' Club May Organize.

While in Cedar Creek on Tuesday this week we learned from some of the citizens of this prosperous little

## ALLIES ARE PROGRESSING IN SERBIAN CAMPAIGN

French Have Reached Gradsko, and Bulgarians Checked in Macedonia Reported.

### RAILROAD ROUTE EASTWARD

Paris, Nov. 9.—Reports from the Serbian front represent the situation as satisfactory for the allies, says a Havas dispatch from Athens filed yesterday. The French have reached Gradsko on the railroad from Krivolak to Veles.

A Bulgarian attack against Krivolak with heavy forces of infantry and artillery is reported to have been repulsed, after which the French occupied the village of Komental.

On the Anglo-French front northwest of Guevgeli the advance of the allies continues and the Bulgarians now occupy only the village of Ourmandi in Serbian territory. There is no confirmation here of the report from German sources that the Bulgarians, heavily reinforced, have renewed their attacks in the regions of Guevgeli and Perlepe (Prilep).

### Fighting Near Loos.

There has been infantry fighting in the region of Loos, according to the announcement given out this afternoon by the French war office; violent bombardment near Beauvraignes, and spirited artillery firing by the French in the Champagne district.

### To Open Up Railroad.

London, Nov. 9.—The central powers and their Bulgarian ally now control about two-thirds of Serbia and within a few weeks probably will have the main Serbian railroad, running through Belgrade and Nish, in full operation. This will give them two routes to Constantinople, as communication by way of the Danube to Bulgaria is already open.

That this has not been accomplished without weakening the other fronts is indicated by definite news of Russian advances on the Riga-Dvinsk front, the last part of the eastern battle line on which the invaders kept up anything in the nature of a definite offensive movement.

### Defenders to Take Initiative.

Thus far the plans of the central powers in the Balkans have worked like well oiled machinery, but the latest news from Macedonia indicates the initiative is not to be left entirely to the invaders much longer. Reports come by way of Paris that the Anglo-French forces are making their presence felt against the Bulgarians. The entente allies claim their operations are proceeding along the whole front with success, notwithstanding the handicap of operating in a difficult country.

It is reported also that the Serbians holding part of the Macedonian front have checked the Bulgarians, after inflicting heavy losses on them. If the Serbians can sustain the attack for a short period, the French should be able to join them south of Veles.

The Russians continue their policy of sharp and unexpected attacks at various points along the front. The latest of these attacks, according to Petrograd, consisted of three successful assaults southwest of Riga, two southwest of Dvinsk and three west of the Strv, south of the Priepet marshes where the Austro-German line was broken in two places.

Except for artillery exchanges on the western front, nothing of great importance has occurred recently in that theatre of war.

### Italy May Send Troops.

Rome, Nov. 8.—(Via Paris, Nov. 9.)—What appears to be a forecast that Italy will send troops to Albania to aid the Serbs is contained in a semi-official note which says that while Italy did not participate in the recent expedition of the allies to assist Serbia, she has found a better way to oppose the Austro-German-Bulgarian attack upon Serbia.

The way, the note says, was opened by the Bulgarians themselves when they threatened to invade Albania to reach the Adriatic, a design so dangerous to Italy's interests that "the mere threat must oblige Italy to take appropriate measures to frustrate it immediately."

### CHEAPER THAN HOME-MADE.

You cannot make a good enough medicine at home for as little as you pay for Foley's Honey and Tar, nor can you be sure of getting the fresh, full strength, clean and pure materials. Did you ever hear of a home-made cough medicine doing the work that Foley's is doing every day all over the country? Sold everywhere.

### MELADY TAKES THE STECKER-HUSSANE GO IN LINCOLN

Lincoln, Neb., Nov. 9.—Gene Melady, popular Omaha sports promoter, announced here tonight that the Stecker-Hussane wrestling match would be held here Thanksgiving day at 3 p. m. The bout will be staged at the big stock coliseum at the state fair grounds.

Officials of the Commercial club and of the state fair board and business men are pleased at the announcement. Said Secretary Whitten of the Commercial club:

"Lincoln isn't afraid to extend the right hand of fellowship to an honest promoter and to honest wrestlers. We don't believe that the best people of Omaha are, either, but through the arbitrary ruling of the police there we are able to get the match from them."

Secretary Meller of the state fair board is enthusiastic and commendatory in his attitude on Gene Melady's promotion of any event and Joe Stecker's participation in it.

### HEADACHE TABLETS PROVE FATAL TO FREMONT GROCER

Fremont, Neb., Nov. 9.—Charles Fitzpatrick, junior member of the firm of Kirkpatrick Grocery company, died at a local hospital Sunday night following two operations for hemorrhage of the brain. Fitzpatrick, who was 36 years of age, was taken with a severe headache Saturday while at work in the store. He took a number of headache pills to relieve the suffering and locked himself in a room in the rear of the store. When he failed to appear for work a search was begun. He was found on the floor in an unconscious condition. Removed to a hospital his condition became critical and the operations were performed. He was a native of Ireland and came to Fremont five years ago.

A mother, two brothers and two sisters in Ireland and brother in Colorado are the close survivors relatives.
