ANOTHER DECLINE IN HOGS

Fat Lamb Trade About Steady—Tops at \$8.30—Feeders Outsell Killers—Light Lambs Reach 8.45—Old Mutons Unchanged.

Union Stock Yards, South Omaha, Nov. 18.—Cattle receipts were fair yesterday, about 6,200 head arriving, making approximately 24,328 head for the three days. Conditions surrounding the corn fed cattle trade were pretty much the same as Tuesday. It was a rather dull, weak trade for all except the good to choice grades. Prime yearlings brought \$10.00. Anything at all desirable in the way of western grass beefs found a ready sale at fully steady figures, but it was the usual slow and uneven market on the medium and common grades. Prime grass beefs are quoted up to \$7.75@8.15. Cows and heifers were in very fair request at steady to a shade stronger prices and there was more life to the trade in stockers and feeders. Cattle quotations: Prime beefs, \$9.50@10.00; good to choice beefs, \$8.75@9.25; fair to good beefs, \$7.75@8.50; common to fair beefs, \$6.50@7.50; good to choice yearlings, \$5.75@6.50; fair to good yearlings, \$4.75@5.50; common to fair yearlings, \$3.50@4.75; good to choice grass heifers, \$5.75@6.75; good to choice grass cows, \$5.50@6.25; fair to good cows, \$4.80@5.40; canners and cutters, \$3.75@4.75; veal calves, \$6.50@9.50; bulls, stags, etc., \$4.00@5.75; good to choice feeders, \$7.40@8.00; fair to good feeders, \$6.50@7.25; common to fair feeders, \$5.50@6.50; good to choice stockers, \$7.50@8.00; fair to good stockers, \$6.50@7.25; common to fair stockers, \$5.50@6.50; stock heifers, \$5.75@6.75; stock cows, \$4.50@5.75; stock calves, \$6.00@8.00; prime grass beefs, \$7.75@8.25; good to choice grass steers, \$7.25@7.75; fair to good grass steers, \$6.50@7.25; common to fair steers, \$5.50@6.60. Some 3,700 hogs showed up yesterday. Prices again dropped 10@15c, and they are now selling the lowest since February, 1912. Chicago, with 50,000 head, also reported a big drop in prices. Bulk of the hogs moved at \$8.10@8.15 and tops reached \$7.30. Sheep and lamb receipts totaled 19,000 head. The fat lamb trade, while a little slow, was just about steady with Tuesday. There were no real topy lambs here. Best brought \$8.30. Feeders showed a fair amount of activity and were notably steady. Light Wyoming feeding lambs reached \$8.45, with good ewes of feeder class bringing \$5.25. Fat sheep were in rather scant supply and brought Tuesday's prices. Quotations on sheep and lambs: Lambs, good to choice \$8.25@8.30; lambs, fair to good \$5.00@8.25; lambs, feeders \$7.75@8.50; yearlings, fair to choice, \$6.00@6.50; yearlings, feeders, \$5.00@6.75; wethers, fair to choice, \$5.00@5.75; ewes, good to \$4.50@5.00; ewes, feeders, \$4.00@5.25.

GERMAN FIGHTERS HASTENING OUT TO SEA

With Twenty-five Torpedo Boats and a Cruiser—British Hospital Ship Sunk by Mines in Channel.

VERY FORMIDABLE FLOTILLA

London, Nov. 18.—A dispatch to the Exchange Telegraph company from Copenhagen, dated Wednesday, gives a report that a flotilla of twenty-five German torpedo boats and a big cruiser passed Helsingborg, on the southwest coast of Sweden, at 6 o'clock in the morning proceeding at high speed northward. Helsingborg is at the northern entrance to the sound, which separates Sweden and Denmark. Vessels passing Helsingborg and proceeding north would enter the Kattegat which leads by way of the Skagerrak into the North sea.

Two British Steamers Sunk

London, Nov. 17.—The steamer Lusitania of London, has been sunk. Her crew was landed. The Lusitania, which was a vessel of 1,834 tons, was built in 1903 and owned by the J. Hall, jr., company of London. She was in the London-Lisbon trade. Last available reports of the vessel record her sailing from Lisbon October 27 for London. The British steamer Treneegos, has been sunk. The Treneegos was a vessel of 3,886 tons and was owned by the Hain Steamship company of St. Ives, England. She was built in 1906.

Hospital Ship Put Down

London, Nov. 17.—The British hospital ship Anglia, was sunk by a mine in the English channel today. Three hundred men were saved out of a total of 385. A. Bonar Law, secretary for the colonies, was asked in the house of commons today whether the government had received information concerning the report of the sinking of the Anglia.

"I am sorry that I have no information which I can communicate to the house," he replied. "If I receive any later in the day I shall communicate it."

The following official communication concerning the disaster was made public:

"The war office reports that the hospital ship Anglia, struck a mine and sunk today. The total number on board was thirteen officers and 372 men of ranks, of whom about 300 were saved by a patrol vessel. Another ship proceeding to the rescue was also sunk by another mine."

Another official communication says:

"King George was shocked to hear that the Anglia, which so recently conveyed him across the channel, had been sunk. His majesty is grieved at the loss incurred, but trusts that the survivors have not unduly suffered from their terrible exposure."

The Anglia was a merchantman which was taken over by the British admiralty after the war began and refitted as a hospital ship. She was commissioned in August of last year. There are four British steamships named Anglia. The one converted into a hospital ship probably is the former London & Northwestern Railway company steamer of 1,862 tons gross. She is 329 feet long and was built in 1900 at Dumharton.

At the time she was commissioned, the Anglia was in charge of Commander Oscar V. De Sturge, retired. Nearly a Hundred Lives Lost. Dover, Nov. 17.—11:15 p. m.—The hospital ship Anglia, with about 300 wounded men aboard, in addition to the crew, nurses and attendants, bound from France for Dover, struck a mine in mid-channel today and sunk in a very short time. Nearly 100 men, most of them seriously wounded and therefore, in their cot, lost their lives.

The collier Lusitania, which was nearby at the time of the accident, immediately went to the assistance of the Anglia and her boats had just been lowered when she also struck a mine and foundered. All of her crew were saved.

A patrol vessel succeeded in rescuing three hundred of the Anglia's passengers and crew, including some nurses. A number of bodies were recovered.
