8,500 SERBIANS ARE TAKEN AS WAR PRISONERS

THE RUSSIANS ARE REPULSED

Twelve Cannon Are Also Taken by the Germans and the Bulgarians.

Berlin, Nov. 15.—(By wireless to Sayville.)—Announcement was made by the war office today of the capture of 8,500 Serbians, with twelve cannon. Of these 7,000 prisoners and seven cannon were taken by the Bulgarians. Pursuit of the Serbians is being continued all along the front.

A defeat of the Russians in Galicia is announced today by the war office which says that the troops of General von Linsingen drove back the Russians from the west bank of the Sty river. The entire west bank has now been cleared. Russian attacks near Smorgon, east of Vilna, were repulsed.

On the western front the Germans stormed a French trench 300 yards long, northeast of Bourie.

Italians Report Action.

Rome, Nov. 14.—(Via Paris, Nov. 15.)—The following official statement was issued today at the headquarters of the Italian general staff:

"In the Ledro valley from the slopes of Nozolo, from Montes Pari, Cimadoro and Rocchetta enemy artillery opened an intense fire against our positions, also throwing inflammable shells on Bezzecco and Pieve di Ledro without, however, damaging our solid defense.

"On the Tyrol-Trentino front and in Carnia there were no important developments.

"On the Isonzo front our action continued yesterday. We progressed on Javoreck, in the Plezzo basin and on the heights northwest of Gorizia.

"On the Carso plateau we have taken strong entrenchments called Delle Franche, to the southwest of San Martino.

"Our aeroplanes on the twelfth, notwithstanding bad weather, made successful raids over the Carso. They bombarded the railroad stations at Reifenberg, San Daniele, Sypoe, and Dottoglingo and long lines of trains standing at the stations. Twenty enemy machines of the Albatross type and one of the Aviatik type, which were met on the way, were put to flight by machine gun fire. Our machines returned undamaged."

THE FRENCH NOW SEEKING A WAY OUT

Plan Expansion of Industry After the War to Pay Off Staggering Debt.

New York, Nov. 15.—The most important action taken by any of the belligerents for recovery from the exhausting destructiveness of the war is the American tour of an industrial commission from France, which will study ways for increasing French productivity when peace is declared.

France is thus preparing in advance to offset the financial burdens of the war. There is only one way for the belligerent nations to overcome the dead weight of indebtedness which the war is causing. A nation pays its debts by its products. If, when the war is ended, the European countries are able largely to increase their productivity, they can provide without difficulty for the proper liquidation of the liabilities they are now contracting.

This is what saved Europe after the Napoleonic wars. An era of invention of labor saving machinery caused an immense industrial expansion throughout Europe and the large increase in productivity was much more than sufficient to wipe off Europe's long years of financial losses.

During the century which has followed the United States has made greater strides in industrial efficiency than any of the European countries. American workers are from two to five times more productive per man than are European workers. France has recognized this fact and has sent a commission to the United States to learn American methods. The industrial center of France is in the northern departments now held by devastated area. Here is the opportunity to catch up with the financial waste of the war.

If the new factories are equipped with American machinery and if the American regard for efficiency is appreciated and followed, France can recover from the exhaustion of the war and can increase in wealth and prosperity at the same time. The same principle is open to all the other belligerents and they must adopt it, or future generations will be enthralled by the staggering debts of the war. American industrial methods alone can save Europe from almost intolerable taxation after the war is ended.

HUGHES WANTS NAME TAKEN OFF THE BALLOT

Washington, Nov. 16.—Associate Justice Charles E. Hughes of the United States supreme court is taking quiet steps to have withdrawn the nominating petition filed by some of his admirers in Nebraska, who have named him for the presidency. Nebraskans in Washington do not believe that the justice will be forced to the embarrassing course of appealing to the courts of Nebraska to keep his name from the Nebraska ballot.

Those familiar with the Nebraska law say that Mr. Hughes' simple request will probably be enough to effect the withdrawal of the petition, though a ruling by the attorney general of Nebraska may be necessary. But it is said on good authority that even if judicial action should prove to be needed Mr. Hughes will not hesitate to go even that far.

Mr. Hughes feels that the least suspicion of political activity on the supreme bench weakens the prestige and assails the dignity of the highest court in the country.

MRS. ZUCKER ENTERTAINS KENSINGTON MOST DELIGHTFULLY

Yesterday afternoon Mrs. V. Zucker entertained the ladies of the Kensington club at her cozy home and the occasion was one of the most pleasant that the ladies have enjoyed this season and the gracious hospitality will be long very pleasantly remembered. The occasion was one tinged with regret, however, as the event was in the nature of a farewell, as the hostess is to withdraw from the club and the members will miss very much the pleasant association they have enjoyed in the past. The afternoon was spent in the making of dainty articles of needlework, as well as pleasant social conversation and several pleasing instrumental selections by Miss Dorothy Zucker served to add to the pleasures of the afternoon. At a suitable hour a most delectable four-course luncheon was served, that added very much to the pleasures of the event. The dining room was arranged most artistically with streamers of red and green draped from the chandelier to the center of the table, where a centerpiece of fruit and smilax made a beautiful touch to the general decorative scheme, tiny baskets in red were placed as favors of the afternoon. Mrs. Zucker was assisted in serving by Mesdames W. D. Smith and Chas. Mehering. As guests of the club on this occasion there were present Mesdames W. E. and Clayton Rosencranz, Joseph Droege, John Bauer, sr., M. E. Manspeaker, C. F. Vallery and F. G. Egenberger.

DON'T FORGET "THE MERRY TRAMPS" TUESDAY NIGHT

Any vulgarian can gain a laugh, but it takes an artist to bring a smile without a blush. Fathers and mothers don't want their sons and daughters to listen to suggestive lines; a man would not take his wife or sweetheart to see a risque scene, no matter how ludicrous it might be, but the world wants to laugh. Every funny "jest," every bit of "business" in the "Two Merry Tramps" is clean, absolutely clean, that is why the "Two Merry Tramps" Musical Comedy, which will be at the Parmele theater on Tuesday night, November 28, sails the sea of prosperity, while other shows are wrecked on the rocks of adversity.

CHEAPER THAN HOME-MADE.

You cannot make a good cough medicine at home for as little as you pay for Foley's Honey and Tar, nor can you be sure of getting the fresh, full strength, clean and pure materials. Did you ever hear of a home-made cough medicine doing the work that Foley's is doing every day all over the country? Sold everywhere.
