

THE STORE OF E. G. DOVEY & SON AGAIN OPEN FOR BUSINESS

The mercantile establishment of E. G. Dovey & Son, which has been closed for the past three days under an execution issued to the sheriff covering a judgment for \$54,000 which was secured by the estate of Jane A. Dovey, was re-opened this morning under an order issued late Saturday night by the supreme court at Lincoln, which order gave George E. Dovey, the administrator of the estate of E. G. Dovey, the possession of the store until the cases are heard in the higher court. In the district court the injunction asked for by Mr. Dovey was denied and appeal denied, which has been overruled by the supreme court and the order was served this morning by the officer of the supreme court and will allow business to be resumed at the store. The store is in good shape financially, but the continued litigation between the members of the firm over a settlement and determination of the value of the store and the estate led to the securing of the execution.

JOHN W. CRABILL IS IMPROVING VERY NICELY

The friends of John W. Crabill will be pleased to learn that his condition, from the reports from the hospital, seems to be improving nicely and he is now feeling much better and is able to take light nourishment, which is very gratifying to his attendants and members of the family, as his condition was quite critical for the past few days. The operation has been a complete success and it is thought that in a very few days the change for the better will be marked, as he is regaining his strength and all indications are much more favorable.

THE BUSY CHRISTMAS SEASON IS DRAWING NIGH

The busy season for the clerks in the mercantile establishments are just beginning to dawn, as the holiday season opens up, and they are getting ready to start in on a long, trying period of late hours to look after the holiday trade and show to the customers the different articles they may have in stock. It certainly should be an easy matter for the shoppers to get busy and begin to do their shopping early this year and not only help themselves, but also aid the poor, worn-out clerks by dividing up the work so that they will not be rushed to death in the last hours of the season. It is also a good policy to get out and do early shopping in that you can secure the best possible bargains from the large and complete lines before they are broken and picked over. Remember, make out your list and get busy in the Christmas shopping.

THE PEDDLERS ARE VERY FEW IN THESE DAYS

The traveling peddlers who of old were quite active in the city, going from house to house selling their wares and getting away without adding anything to the general enrichment of the city treasury are now very few and far between and a great part of this can be given to the credit of Chief of Police Barclay, who has been very active in looking after these traveling salesmen. As soon as they would light in town the chief would get in touch with them and advise them as to the price the city would set on their work and direct them to the office of the city clerk to procure a receipt for their occupation tax, and in the event they failed to do this the chief would see that they soon departed and were not allowed to do business with the citizens.

Principal A. O. Eggenberger of the High school was called to Strang, Nebraska, yesterday by a message announcing the serious illness of his father, who resides on a farm in the vicinity of Strang. The message did not give any of the particulars of the illness, but merely called Mr. Eggenberger home to the bedside of the father.

SUIT AGAINST BURLINGTON NOW ON IN DISTRICT COURT

This morning district court convened in this city with the jury panel present to take up the trial of the case of Gast Johnson vs. the C. B. & Q. railroad and Frank Slatinski, in which the plaintiff is suing for \$20,000 damages for injuries which he sustained in the shops here on April 30, 1914, as a result of falling from a box car which was being inspected by the plaintiff at the time. The defendant, Slatinski, is the man who was working on the car at the time the accident happened. The plaintiff claims his accident was due to the fact that a grab iron had been placed on the roof of the car and not properly fastened down, and when he took hold of it that he lost his balance and fell to the ground and as a result his left leg was broken in a very severe manner. The morning session of the court was taken up with the questioning of the jury to select twelve men who could render a fair and impartial decision, with the result that F. H. Nichols, Forest A. Clymer, Robert H. Patton, M. McFall, Henry Haslam, Frank Blotzer, Ira Eosworth, C. G. Bailey, F. C. Shoemaker, C. C. Jackman, Ed Tutt and Peter Campbell were selected to try the issues in the case. The opening statements were made by the attorneys and this afternoon the case was grinding away and will probably take up considerable time in the hearing, as there are quite a number of witnesses. Matthew Gering appears for the plaintiff and Judge Jesse L. Root and William A. Robertson for the railroad company.

LIVED THIRTY-SIX YEARS AT THE SAME PLACE

Last Saturday Geo. C. Cook of near Alvo, was in town and while here gave us a very pleasant call, renewing his subscription. Mr. Cook is one of the oldest settlers in this county and has lived on the farm where he is now located for close to thirty-six years. Mr. Cook bought this farm when it was school land, and while a good many have been selling farms around him for a good price, he says he has no inclination to sell his farm. We don't blame him, for the man that has a good 100-acre farm ought to think long and hard before he decides to let loose of it.—Elmwood Leader-Leho.

EVIL DOERS GET THEIRS IN JUDGE ARCHER'S COURT

This morning there was quite an amount of business coming up in the court of Judge M. Archer and the participants were all given a hearing and the judgment of the court passed on them for their various offenses. Sam Beverage and William Coffman were charged with being drunk and Beverage fined \$2 and costs while Coffman drew \$5 and costs. BURLINGTON ENGINE IS THE PRIZE WINNER

The largest engine in the exhibit of the Baldwin locomotive works at the San Francisco exposition, which was awarded the grand prize, was the Burlington's engine No. 6110. This is the largest road engine of the non-articulated type ever built. It weighs nearly 300 tons, is almost 84 feet long and carries 17 tons of coal and 10,000 gallons of water. Its fire box is as large as a homestead shack and the inside diameter of the front end of the boiler is 7 feet 4 inches. It took 37 days to get this engine across the continent from Philadelphia to San Francisco.

A number of engines of this type are already in service on the Burlington's lines.

SEVERAL IMPROVEMENT CHANGES IN UNION

Last Tuesday there were considerable building changes here. Among the most important were the following: G. S. Upton sold his corner lot across from the Ledger office to R. H. Frans & Son. Chas. Merton, started building on a one-story brick building on the lot adjoining that owned by Mr. Upton, when Frans came along and made him such a good offer that he stopped the work and sold his lot to R. H. Frans & Son. Mr. Merton, not to be out done, bought the lot across the street, next to their present store and has started to erect a one-story brick, fire-proof building on it. In all probability it will be occupied by the Ledger office, that must have more room for its increasing business.—Ledger.

NEW CHIEF CLERK IN BURLINGTON STORE HOUSE

The vacancy that was occasioned at the Burlington store house by the resignation of C. E. Hartford as the chief clerk has been filled by the appointment of J. P. McAlpine of Alliance to the position of chief clerk. Mr. McAlpine arrived this morning to take up his duties and will at once get into the harness in his new position. He comes to this city very highly recommended by the railroad officials and prior to being stationed at Alliance was at Havelock in the company's employ.

Visiting Here From Kansas.

Mr. J. F. Baummeister, of St. Francis, Kansas, accompanied by his adopted daughter, Miss Lulu Bratton, arrived in Plattsmouth Wednesday morning for a few days visit with friends and relatives at the old home. Plattsmouth was Mr. Baummeister's home for a great many years, up to the time he moved to Kansas about twenty-six years ago, and of course has friends here who are always glad to see him, although not many of his old associates in business and otherwise remain here to greet him upon this visit. While on this visit he is looking after the erecting of a tombstone over the grave of his daughter, who died and was buried at Oak Hill about one year ago. The Journal acknowledges a pleasant visit from him Wednesday evening.

Ed S. Tutt of Murray came up this morning to resume his work as a member of the jury panel.

A MERCILESS JUDGE

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Plattsmouth resident has withstood his fiercest of all tests.

W. M. Barclay, prop. of restaurant, Main street, Plattsmouth, says: "Doan's Kidney Pills have given good results when used for lumbago and annoyance from the kidney secretions. I suffered from pains across my loins and Doan's Kidney Pills removed the trouble." (Statement given December 29th, 1908).

OVER THREE YEARS LATER, Mr. Barclay said: "I haven't had a single symptom of kidney trouble since Doan's Kidney Pills removed it."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Barclay had. Foster-Milburn Co., Props., Buffalo, N. Y.

G. KNAPP MACHINE BUILDING BOUGHT BY J. H. McMACKEN

The frame building on Vine street which formerly occupied by the G. Knapp machine shop has been removed from its location and taken to the property of J. H. McMaken in the northwest part of the city where it will be converted into a store and tool house to care for the large number of tools and other articles owned by Mr. McMaken. The moving was done with a great deal of rapidity as the heavy teams of Mr. McMaken took a hold of the job and soon had the structure well on its way to the new location. When it comes to moving buildings of this kind Mr. McMaken does not take a back seat for anyone and is prepared to handle anything in this line of work.
