Now is the time to hand in your application of your wish to join the musical or sewing class that will open up after January 1. See Mrs. George E. Sayles or her daughter, Miss Eva. Remember the dance at the Sayles hall next Saturday evening. The usual good time is in store for you.

Good Corn.

N. T. Winn, who for the past few years has been living near Cedar Creek, is among the first farmers of this locality to complete the task of corn gathering, shelling and delivering to the market, consequently he is about the first to know just what the 1915 crop was. His corn will no doubt be among the best and cannot be taken as an average. He had 47 bushels to the acre, weighed good and heavy and tested No. 3 grade. Mr. Winn is making preparations to move west in the near future, this no doubt being the cause for his swift work this fall.

### A Good One for the Charge.

While in Cedar Creek this week we had the pleasure of meeting Rev. Albert Ell, late of St. Joe, Mo., who was sent about two weeks ago by Rev. Schwartz, for the purpose of looking over the field with a view of taking charge of the German Presbyterian Zion church of Cedar Creek. Up to the present time Rev. Ell does not know what the outcome will be, but he is very anxious to take charge of the church here, as he is a young man, willing to work hard for the best interests of his people and the community, and believes that he can do a great good here. He has had twelve years schooling for the ministry, he is a bright young man and will no doubt make an able minister. At the funeral of Grandma Brodback he gave an address in German, also sang a song in the same language that was very pleasing to those who heard him. He assisted Rev. Schwartz in the services. From what we have learned of Rev. Ell we can only say that we believe that he would make a good man for this or any other community.

### Caught a Black Coyote.

William Keil caught a big black coyote Saturday in a tract just east of town. This is the first of the black specie to be caught, as far as is known, in these parts. It was as large as the common coyote, but is jet black and has an extra heavy coat of fur. It has been reported that there were four black coyotes in this vicinity, but not much stock was taken in the report till Mr. Keil bagged one of the blacks last Saturday. Mr. Keil also caught one of the gray common coyotes last Monday.

### Funeral of Grandma Brodback.

The funeral of Grandmother Brodback was held from the Union church at 1 o'clock Saturday, the remains were laid to rest in the Glendale cemetery. Rev. Swartz and Rev. Ell conducted the sermon. Four children survive the deceased, Mrs. Wolff, Joe and Mike Brodback of Cedar Creek, and Mrs. Carry Creaves of California. Mrs. Brodback was an old resident of this place, coming to Cass county in 1881. She was born in Soddem, Germany, March 23, 1833, and died December 10, 1915, age 82 years, nine months and nineteen days.

The butchering season is now on, and we want to tell you that we are prepared to furnish you with everything that will be needed in completing the work. Ruth N. Thomsen.

## WOLFF & AULT,

CEDAR CREEK, NEB.

## "The Barn Will Help Build the House"

but the house will never help build the barn," is a common saying amongst farmers. It's good business when making the first permanent improvements on the farm, to put up first the buildings that help most to make money.

Every dollar put into a good modern barn is returned many-fold to the farmer. Comfort and horse comfort mean man profit. Live stock kept well and vigorous pays handsome dividends.

There is no need to argue the case for the modern barn. Most farmers admit the necessity of it. Anything that we can do to help you obtain the right sort of barn for your farm, we will gladly do. Let us get together on it.
