Another Light Meeting.

Those interested in the new lighting plant for Murray held another meeting Tuesday evening for the purpose of making some advancement toward the future success of landing an electric light plant in Murray, but from what we can learn they are just about at the same old point they have been for the past few weeks. While the promoters of the proposition are and have been for some time assured that Murray will have a light plant, up to the present time they have not secured sufficient support or not enough consumers who will come across with the required initiation fee to install as large a plant as they would like. There will be another meeting held Friday evening of this week, and it is the duty of all interested to be present and assist in installing as large a plant as possible.

M. W. A. Meeting.

There will be a special meeting of the M. W. A. lodge on next Saturday evening, December 18th. All members are requested to turn out, as there are some matters of business to be looked after.

Don't be Afraid.

Don't be afraid of a little fun at home, good people. Don't shut up your houses lest the sun fade your carpets, and your heart lest a laugh should shake down some of the musty cobwebs there. If you want to ruin your sons, let them think that all fun and social enjoyment must be left on the threshold when they come at night. When once home is regarded as only a place to eat, to drink and to sleep, the work is begun that leads to gambling house and degradation. Young people must have fun and relaxation somewhere. If they do not find it at their hearthstone it will be sought in other places. Therefore, let the fire burn brightly at home ever delightful with all these little arts that parents so artfully understand. Don't repress the buoyant spirits of merriment around the lamp and firelight of home that blot out their remembrance of many a care and annoyance during the day, and the best safeguard they can take with them into the world is the unseen influence of a bright and cheerful domestic sanctum.

WORKED IN THE HAY FIELD.

Arthur Jones, Allen, Kas., writes: "I have been troubled with bladder and kidney troubles for a good many years. If it were not for Foley Kidney Pills I would never be able to work in the hay field." Men and women past middle age find these pills a splendid remedy for weak, overworked or diseased kidneys. Sold everywhere.

For Sale.

Five sections of land in Duell county, Nebraska, from \$12 to \$25 per acre; part farm land and part grazing; some well improved. Good terms. Bert Root, Murray, Neb.

For Sale.

Several male Duroc-Jersey pigs, about eight months old, at \$15.00 each. C. E. Schwab, Murray, Neb.
