Electric Light Plant Meeting.

There was another meeting of those interested in the electric light plant held at the Puls & Gansemer hall Tuesday evening of this week. Mr. Henderson, representing the Alamo Electric Plant Co., was present and delivered a very able talk on the subject, but did not meet with the desired result, that of securing sufficient endorsement to justify the installation of one of their large plants. Those interested in the movement are still very anxious to install a plant of the larger type for they are positive that it will eventually be needed for supplying the town with light. There will be another meeting called for the early part of January, at which time Mr. Henderson will put on a demonstration, displaying the needs and possibilities of an electric plant such as he is desirous of installing in Murray. He will have a small plant in operation at the Puls & Gansemer hall on the date, to be announced later, and will attach not only lights but all kinds of cooking attachments. An invitation will be extended to all to be in attendance at this meeting. Watch for the date, be on hand and boost.

The Parcel Post and Apron sale given last Saturday by the ladies of the Aid society, was a success in every particular. The attendance was fully up to all former occasions given by this society, and the treasury of the society has increased over fifty dollars by the holding of the same. The affair was one of great pleasure to all, as well as one of a financial success.

Open Up Another Plant.

The Keystone Pipe Company of Union, of which company W. B. Banning is the president, have opened up another plant in Kansas City, Kansas, or rather have sold that section of territory to another company, and hold a one-tenth interest in the same, with a royalty on all the pipe manufactured by the new company. The product put out by the Keystone company is without a single exception the best for all underground piping that has ever been placed on the market, and is meeting the demands for all purposes. The home company at Union have been kept busy since they began the manufacture of this pipe and as the product becomes better known the business increases. It was a success from the start, but many improvements have been made as the business grows. Other factories will no doubt be established as the business and demand grows for this quality of piping.

Return From Canada.

Miss Jessie and Miss Lydia Todd will arrive home from Canada and the coast country on Thursday of this week. In company with Vance Todd they departed from their farms in Canada a few weeks ago, en route to the coast, where they attended the fair and visited with friends and relatives on the coast. Vance has decided to remain in Los Angeles for the winter at least, finding something in that city that looked good to him in the way of a financial proposition.

Uncle George Shrader was looking after some business matters in Plattsmouth Wednesday of this week.

Uncle George Shrader has added another 100-acre farm to his Cass county possessions, the deal being completed the past week whereby he purchases the farm of his son, Robert Shrader, east of Murray.

Mrs. John Campbell departed Monday of this week for California, where she will spend several months visiting relatives and friends along the coast.

W. B. Banning of Union was in Murray Wednesday afternoon.

Green Piggott was a county seat visitor last Saturday.

Library Notes.

Hearty congratulations and best wishes for a Merry Christmas.

The Library association will give a "Get Together Lunch" at the library rooms on Tuesday evening, December 28th. Hon. W. B. Banning will be the principal speaker of the evening. His subject will be, "Greater Possibilities for Murray." There will be other speakers and special music. Program begins promptly at 8:15. The public invited.
