Happy New Year!

This is assured the purchaser of a 'Studebaker' Four-40 h. p. or Six-50 h. p., for Studebaker makes cars for service and service makes you happy.

There are no cars for anywhere near their price that develop 40-horse in a four cylinder car. This fact will be brought to you if you will just let us know you are "from Missouri," and want to be shown. Besides the great power plant the "Studebaker" is as quiet as a Quaker.

We have a new supply of booklets from the factory and you will be convinced of the quality in this Studebaker construction if you will call or write us for a book and arrange with us for a demonstration. We are local distributors for Cass county, and will be pleased to help you solve the problem of which car to buy.

Bank Bulletin

Vol. 1 January 13, 1916 No. 3

The Outlook for 1916.

The whole country now realizes that the long delayed and long expected new period of prosperity has arrived. Optimism rules and there is now plenty of evidence of sound business and financial conditions. The foot of the wave of prosperity inundating the eastern part of the country has reached the Pacific coast, and it is almost an assured fact that before it reaches the entire country will have experienced one of the most prosperous periods in our history.

Leading railroads are taxed to capacity by the movement of freight, and are placing large equipment orders; the iron and steel industry has reached the limit of its output; building activity has been resumed; labor is employed at high wages; wholesale and retail reports are favorable. For the first time since the Civil War there has been no signs of financial strain in marketing the crops of the country, even though we harvested the largest yields in history.

There is a wide diversity of views about the effects on this country of a return of peace, but it is evident that our future on how firmly domestic trade and industry are established on an independent foundation, against the day when war orders cease and the flow of gold this way stops.

CANDIDATES COMING TO THE FRONT IN OTOE COUNTY

From Wednesday's Daily.

Senator John Mattes, of Nebraska City, paid his money into the county treasurer's office late yesterday afternoon, as a candidate for state senator between Otoe and Cass counties and may file his application with the secretary of state in the near future to have his name placed upon the primary ballot, but until such time as he does this his name will not be placed upon the ballot. The paying of the money into the office of the county treasurer, does not always mean that his name will be on the ballot, because his application has to be filed with the secretary of state to enable him to have that done.

Mr. Mattes left for Lincoln this morning to be present at the meeting of the Democratic Editorial association and perhaps attend the banquet this evening. He informed the News man that he did not contemplate filing today, but might do it some time later.

It is understood that F. A. Reuter, of Syracuse, wanted to file for this position and may now file as a candidate for representative. It is said that W. H.
