CAN'T LEAVE THE HOSPITAL FOR THREE WEEKS YET

J. H. Foreman, seriously injured in the Alvo automobile accident a week ago, will be unable to leave the hospital for three or four weeks, according to Dr. E. B. Finney, his physician. The right leg was broken in two places, just above and below the knee. In conversation with his old friend, Police Captain Dee, Sunday, Mr. Foreman discussed the accident. He said he saw the train in plenty of time to have saved himself, but that he would not leave the three girls alone to their fate. He said he had time to jump clear of the car before the train struck but that the girls realized their peril too late to save themselves. He reiterated his statement of the night of the tragedy that his engine went dead. He had run his car about six weeks. He said he could remember being hurled against a telephone post. He expressed impatience that he could not be removed to his home, where he could be of comfort to his wife.—Lincoln Journal.

JOS. KLEIN VERY ILL AT OMAHA; HIS RECOVERY DOUBTFUL

A message has been received from Omaha announcing that Joe Klein, the well known Nebraska insurance man, and a former resident of this city, was operated on yesterday morning at Omaha for a very severe case of appendicitis and that the operation was a most serious one. Dr. Millard Klein, a son, was summoned from Berkeley, California, where he is engaged in school work, to be present at his father's bedside. The many friends of Mr. Klein in this city will await with anxiety word from his bedside and trust that he may show improvement and secure relief from his illness.

W. B. Banning left these parts for Lincoln the first of the week where he remained all week. We have no information that he is planning to "run," but it looks suspicious to us.
