

## DEATH COMES SUDDENLY TO A. NEWTON LONG

The Deceased Passed Away Early This Morning After an Illness of About a Year.

From Saturday's Daily. This morning, shortly after 6 o'clock, Albert Newton Long died quite suddenly at his home in the northwestern part of the city as the result of an attack of heart trouble. Mr. Long, who had been quite sick for the past year and confined to the house the greater part of the time, was sitting in a chair in the living room at his home at the time of his death, and without warning fell from the chair to the floor lifeless. Vernon Long, a son, had just gone to one of the neighbors a few minutes previous to summon a doctor for his father, who had been quite poorly during the night, and it was during his absence that the final summons came to relieve the unfortunate gentleman of his suffering.

Albert Newton Long was born in the state of Pennsylvania in 1853 and was at the time of his death sixty-three years of age. While yet a youth of thirteen years he came to Nebraska and located near Gretna, where he spent a greater part of his fifty years residence in Nebraska, and here he was in later years united in marriage to Miss Mary Manley, who, with seven children, are left to mourn the death of this good man. The children are: Mrs. Charles Campbell of South Bend, Neb.; Mrs. Earl Lesley of Plattsmouth; Mrs. Fred Homan of Canada; Edward Long, Vernon Long, Pauline Long and Guy Long, all residing in Plattsmouth, three children having preceded him to the better world. Mr. Long and family came to Plattsmouth from Gretna ten years ago, and have since made their home in this city, where they have made a host of warm friends who will join in extending their deepest sympathy in this their hour of grief and sorrow. For the past six years Mr. Long has been in poor health, but it was only during the last year that he had been confined to his home, almost continuously. There has been no arrangements made for the funeral as yet, awaiting word from the relatives. The entire community will extend to the widow and children its deepest sympathy in the bereavement that has been visited upon them.

## STORK VISITS HOME OF MR. AND MRS. OLIVER; LEAVES GRANDSON

From Saturday's Daily. This morning at an early hour the stork in his flight made a call at the home of Mr. and Mrs. Will Oliver in this city and presented them with a fine new grandson born to their daughter, Mrs. Harry Henton, of Loveland, Iowa, who has been here for the past few weeks visiting her parents. The mother and little one are doing nicely and the joy of the relatives over the new addition to the family circle is unbounded. This is the first child in the Henton family, and Harry is about the proudest man in the entire Missouri valley country at the present time and has a just cause. The friends of the family throughout this section of the county will extend their best wishes for the future welfare of the young man.

## PETITION FILED FOR SHERIFF QUINTON FOR SIXTH TERM

Libershal, signed by a number of the republican voters of Avoca and Liberty precincts and Plattsmouth, asking that the name of Carroll D. Quinton be placed on the primary ballot as a candidate for the office of sheriff, subject to the wishes of the republicans of the county. The petition was filed and accepted for by the clerk and the name of the sheriff will be placed on the ballot. Sheriff Quinton has filled the office of sheriff for the past ten years and has had five terms in this office, being elected each time by large majorities.

From Saturday's Daily. Today was the starting of a number of changes in the business location of the firms on lower Main street, as Peter Claus is transferring his furniture and outfitting store from the old stand in the building just east of the court house to the room in the Redmen building, one door east, where he will be ready for business in a few days. Egenberger with his feed and coal business, as it was found impossible to secure the room in the Gorder building, as had been first intended.

## J. S. OSBORN, NORTH OF UNION, BREAKS HIS RIGHT LEG

J. S. Osborn, living just west and a little north of town, had his right leg broken just below the knee Monday while sawing a tree at the Keil place south of Union. Mr. Osborn was cutting saw logs in company with Mr. Russell, and it seems as though the tree that caused the trouble lodged in another tree near-by and when Mr. Osborn went up the other tree to saw off a limb that held the sawed tree, the limb slid toward Mr. Osborn, breaking his leg and throwing him out at the same time, badly bruising him over his body. Mr. Russell came very near getting his when the axe which Mr. Osborn had in the tree with him, fell near where he was standing. Mr. Osborn is getting along as well as could be expected.—Union Ledger.

The store will be thoroughly cleaned and the stock placed in the best of shape for the trade, and the new owner will be ready at all times to serve the interests of his patrons.

## PROSPECTS FOR ANOTHER EN- TERPRISE HERE

Will Be Established, Employing If Plans Materialize Another Industry Many People.

From Friday's Daily. It would seem that another industry is soon to be located in this city, if the plans of the promoter, Mr. Proctor, materialize, and it will bring a factory that should be capable of employing quite a large number of men. This gentleman, who has been here quite frequently in the past few years, has been engaged in introducing and selling metal collapsible auto garages and other articles in this line, and his mission here at present is to have a number of articles manufactured at the Western Machine & Foundry Co., as this company can turn out as good work as any in this part of the country. Mr. Proctor has perfected a metal shingle which is pronounced one of the best on the market and the demand for it in the east has been quite extensive and wherever it has been used it has been a great success.

Mr. Proctor feels that this city offers an ideal place for the location of a manufacturing plant of this kind, as the facilities for shipping are as good as could possibly be desired, and if it is possible for him to carry out his plans, his factory will be located in this city where it is easier to handle a business of this kind than it would be in a larger city.

If a few factories of this nature could be located in this city it would prove a mighty big boost in the way of the advancement of the community and bring an increase in the industrial life of the city.

## MEN'S BIBLE CLASS LOST TO NEB. CITY BASKETBALL TEAM

The basketball team of the Young Men's Bible class of the Methodist church Saturday evening journeyed down to Nebraska City and were handed a large-sized package by the city basketball team that place by the decisive score of 55 to 17. The game was played in the armory and attended by quite a good-sized crowd, that cheered for their favorite team, and the result shows plainer than words the effect of the skillful playing of the Nebraska City veterans against the boys from this city, and the effects of the years of play and practice of the Otoe county team was clear to be seen in every department of the game and the visitors were decidedly up against it in trying to score on them. However, the boys made a very pleasing showing and are improving with their work so that in the future they will be able to give a good account of themselves in the games they may secure.

The democratic state committee was unable tonight to secure tickets for several hundred prominent politicians from down-state. The industrial club of Chicago, which is in charge of the meeting, announced the ticket supply was exhausted early in the week.

## MANY AUTO OWNERS FAILED TO SECURE LICENSES FOR 1916

Throughout the state there has been quite a number of the automobile owners who have failed to secure their 1916 licenses or have failed to display new number plates on their cars and any of these are now liable to stopped when running on the streets with their machines. These state licenses cost only \$3 and the auto owner who is operating under the old license number is running an unnecessary risk. The new number plates are blue this year and easy to distinguish from the old ones, and anyone trying to use them is liable to be nabbed up, as the owner is the same as one not having any license at all and liable to the penalty of the law.

Here in Cass county the applications must be sent in to the state treasurer and the numbers sent from that office to the auto owner, while in Douglas county the numbers are sent to the county treasurer and by him given out to the owners. Those who have failed to comply with the law should get busy and see that their licenses are brought up to date and not take the chances of being caught up under the law. The penalty for using an automobile without a license is \$50, and greater liabilities are thrown around the driver of such a machine in case of accidents.
