

# BUSY AROUND THE CLERK OF DISTRICT COURT'S OFFICE

Clerk and Deputy Very Busy Filing a Number of Suits for Ensuing Term of District Court.

From Friday's Daily. The office of the clerk of the district court has been rather busy in the last few days in the filing of a number of suits which will be tried before the district court.

In the case of Archibald Hohenschell vs. Kate and David Hohenschell, which was recently disposed of by the state supreme court, Angelina Buttermore, Elmer Buttermore, John Buttermore, Mary Mosier, Anna Garrine, Ida White, Minnie Rudolph, Millie Walker, Della Buttermore, Alice Page, Ed Buttermore, Eli Buttermore, Will Buttermore and Charles Buttermore have filed a suit in intervention, in which they ask that they be given a share in the estate of Joseph and Jamima Hohenschell, the last named of whom passed away on July 6, 1912. It is alleged in the petition of the intervenors that John Buttermore was a son of Joseph and Jamima Hohenschell, but prior to the death of the parents he died, leaving as his heirs the intervenors named above, and they ask that they be allowed their share in the estate. W. A. Robertson of this city and a number of the leading attorneys of Lincoln appear for the intervenors.

Stephen Jochim has filed a suit against Mrs. Daniel McConn, et al., in which the court is asked to quiet title to the east half of the southwest quarter, west half of the southeast quarter and west one-half of the southwest quarter, all in section 1, township 11, range 11. C. A. Rawls appears as attorney for Mr. Jochim.

Henry Keime has filed a petition asking to be allowed to secure service by publication in the case against the unknown heirs of William T. McConn, deceased, in which the plaintiff seeks to quiet title to certain property owned by him. Mr. Rawls is the attorney in this case.

A suit for divorce has been filed in the district court entitled Ulysses G. Stradley vs. Lela Stradley. The plaintiff alleges in his petition that they were married in Lincoln November 25, 1908, and asks for a divorce on the grounds of cruelty and desertion, stating that the defendant has frequently beaten the children of plaintiff by a former marriage, as well as the aged mother of Mr. Stradley, and has used violent language toward the plaintiff, and on February 10th departed from his home for Omaha and has since refused to return home. The parties to the suit reside in the west part of the county.

# A MUCH DESERVED HONOR GOES TO RAYMOND LARSON

From Friday's Daily. Raymond Larson, one of the bright young men in the senior class of the Plattsmouth High school, has just been appointed clerk in the postoffice in this city, having been successful in securing the highest rank among those who took the civil service examination in this city for the position which was made vacant by the resignation of M. S. Briggs. There were eleven persons taking the examination for the position, and of these Raymond stood the highest, which is a showing he may well be proud of, and a more deserving or capable young man could not have been found than Raymond. He has been attending school here, and during the vacations and after school was employed as a carrier for the Evening Journal, and has been one of the best and most efficient young men that has been connected with this paper. It will be a great deal of pleasure to the many friends of Mr. Larson to learn of his success in attaining this position through his personal efforts, which certainly shows that he has the right making for a bright and successful future.

### RED CLOVER SEED.

Red Clover Seed is \$3.75 per bushel higher than one year ago. What is Timothy Seed worth? You should receive our price list, mailed free to you at different intervals during the year, send us your name and address. We are buyers of field seeds. Edward Bartling Seed Co., Nebraska City, Neb. 1-21-11w

### Has Eye Badly Injured.

From Friday's Daily. This morning John Cloidt, who is employed in the Badington planing mill, met with quite a serious accident when he was struck in the left eye by a splinter and small piece of wood and the eyeball cut in a rather serious manner. He was a visitor in Omaha today, where the injured eye will be examined by Dr. Gifford to determine just how serious the injury really is. Mrs. Cloidt and Dr. Stuart Livingston accompanied the injured young man to Omaha to see the specialist.

# NO SHOW FOR A 4TH OF JULY CELEBRATION FOR PLATTSMOUTH

From Saturday's Daily. The Fourth of July celebration question was discussed at some length at the Commercial club meeting Thursday evening, and from the statements of a number of the leaders of the organization they do not feel that the expenditure for a celebration would be warranted, but feel rather that the weekly entertainments and band concerts throughout the summer months would be a more successful means of entertainment for the citizens and those who visit the city. President Wescott desired to have an expression from the members present and a number gave their views on the matter and were decidedly against the celebration idea. One of the members suggested a full festival and stock show, but this did not seem to arouse a great deal of enthusiasm, as there is hardly a suitable place where the stock show can be handled in proper shape, and it seems probable that the only solution of the problem, will be in the weekly entertainments on Saturday afternoons. If the weather conditions are anything like favorable this should prove a much better success this year than last and afford a means of amusement for young and old alike.

# A DISASTROUS FIRE NEAR WEEPING WATER

From Saturday's Daily. The following taken from the Weeping Water Republican, gives the particulars of a very serious fire which occurred there the first of the week and which came near resulting fatally for R. S. McCleery, one of the prominent contractors of the county:

R. S. McCleery lost his barn by fire Monday shortly after 1 o'clock and narrowly escaped from being seriously burned or losing his life.

Mr. McCleery had started his car, which was in his old barn, and had gone to the garage a short distance away for a wrench, leaving the engine running, and just as he returned to the door of the barn an explosion took place which knocked him down, covering him in flames. Fortunately he put the fire out on his person without much injury to himself aside from being scorched about the head and face. In a moment's time the barn was a mass of flames and before assistance could arrive it was burned to the ground and nothing saved. The fire boys made a dash for the scene with the chemical engine. They tried to save the cement mixer which was in the barn, but the fire had gained such a headway nothing could be saved.

Had Mr. McCleery been farther inside the barn no doubt he would have been burned to death. Fortunately there was no stock in the barn, as all the stock are kept in the new barn built last summer. Instead the barn was used as a store room and contained beside the new Maxwell 25, all of Mr. McCleery's cement tools, cement mixer and a number of farm tools, such as mowing machine, plows, etc., which with the building and contents were valued at \$2,500, partially covered by insurance.

Mr. McCleery will order a new cement machine and tools at once. His first job as soon as weather will permit is the foundation basement and retaining wall for the new home of Mr. and Mrs. Bert Jameson, which is to be built on Eldora avenue.

### May Lose Her Eyesight.

From Saturday's Daily. Yesterday Mrs. Jay Vaughn met with a very painful accident and one which may have a very serious outcome for her, as it resulted in a severe injury to her right eye. It seems she was attempting to chop off the head of a chicken and in so doing a small piece from the head of the axe struck her in the eye, cutting a severe gash. She was taken to Omaha on the 7:45 Missouri Pacific to receive attention from a specialist in the hopes of saving the eye.

# WHOOOP 'ER UP FOR THE HOME BASE BALL TEAM

Those Interested in the Game This Season Met and Reorganized Last Night.

From Saturday's Daily.

The season when the base ball fan will move forth from his winter quarters and prepare to take his seat on the bleachers and whoop 'er up for the home team is drawing nigh, as was demonstrated last night when the Base Ball association held their first meeting for the season and organized to get busy for the time when the great national pastime will be with us. There was quite a good number of those interested in the sport, as well as members of the team present to discuss what was needed and to get busy on arranging the preliminaries of the work that will be necessary before the season will be started.

One of the chief matters to be taken up by the meeting was the selection of a manager of the team for the ensuing year and for this position Claude Smith was unanimously selected, as Manager Johnson, who has had charge of the team for the last few seasons, feels that he cannot devote the time that is necessary to the work and that someone else should be selected to carry on the active management of the team. Mr. Smith has been one of the mainstays of the team for the last two seasons and by his aid and advice developed the boys in several lines of the game, and with his assuming the position of manager he will be in a position to further advance the work of the team. He was a member of the Fremont team of the Nebraska State league when they won the pennant and has splendid ability as a base ball general.

The business management of the association will remain the same as at present, as Thom. Walling was selected as president and H. N. Dovey as secretary-treasurer of the organization. C. S. Johnson was selected as vice president of the association and will be given full charge of the base ball park and will see that it is kept in first-class shape, where it can always be in the best of condition and ready for use.

One of the plans of the base ball boys this season is to have a small club house erected on the base ball grounds which can be used for the purpose of the team in changing into their uniforms, and which can be equipped with two shower baths which would be a great convenience to the members of the local team, as well as the visitors, as at present they are compelled to come clear up to the business section of the city before they can change their clothing, and as a consequence the boys are frequently greatly inconvenienced. The cost of such a club house would not be great and would undoubtedly be money well spent. In addition to this it is desired to enlarge the bleachers on the west side of the ball park and place in front of the bleachers a protecting wire fence that would not only add to the safety of the spectators, but also keep the excited fans from swarming out onto the grounds during the game and annoying the players. These matters will be taken up at once and every effort made to get busy and see if it will not be possible to have them ready by the opening of the season.

In the retirement of Mr. C. S. Johnson from the management of the team, he takes with him the warmest personal regard of all the players, as well as the patrons of the game for his long and faithful service to the promotion of base ball in Plattsmouth without recompense or reward beyond the success of his team. His excellent judgment and coolness has kept the organization in the best of shape and his absence will be missed, but everyone will extend to "Smithy" their aid in making the team a winner this year.

### Might Strike Gas First.

From Saturday's Daily. In an interview with one of the oil well men Monday we were informed that the prospects were excellent for oil or gas, and from the present indications gas would be more than likely struck before oil. The well is now down to almost 300 feet and the boys doing the work are hard at it day and night. To say when oil or gas will be found, would only be guesswork, but there will be one thing sure, the Ledger will have a full report on the matter from time to time as the work progresses.—Union Ledger.

Geo. Budig came down from Havelock Saturday evening to visit over Sunday with his parents, Mr. and Mrs. William Budig.

### W. H. Freese Reported Sick.

From Saturday's Daily. W. H. Freese is among those who have been suffering from illness for the last few days and is now confined to his home on West Vine street by a very severe attack of the grippe and a general breakdown, which has prevented his being around as usual, and he has been very much missed by his friends and associates.

# LOOKING FOR ROSCOE BIASCO, WANTED FOR ROBBERY IN OMAHA

From Saturday's Daily.

A short time ago when LeRoy, the hypnotist, was in this city, he had in his company a young man known as Roscoe Biasco, who was supposed to have a part in the performance of the art of hypnotism, and the young man, it seems, is desired very much by the Omaha police for the theft of numerous articles of considerable value from the apartments of Yale Holland, the Missouri Pacific attorney in that city, as well as from Mr. Smales, one of the employees of the Conservative Loan & Building association. It would seem from what can be learned of the affair that the young man had been employed in the apartment house where the robbery occurred as a cook and on Thursday had committed the theft of the articles, among which was a very valuable full dress suit belonging to Mr. Holland. The same day Biasco was in this city looking up a number of his friends, but by the time the word was sent here yesterday the bird had flown, as when Chief of Police Barclay started the search on receipt of the message from the Omaha authorities the man had made his getaway to more fertile fields. Both Mr. Holland and Mr. Smales were here last evening to assist in seeing if any trace of the man could be found, but without avail. A number of articles stolen were found in the room occupied by Biasco in Omaha.

# JACOB S. WENDELL, PIONEER CITIZEN, PASSES AWAY TODAY

From Saturday's Daily.

Shortly afternoon today Mr. Jacob S. Wendell passed away at his home in this city, where he has lived for many years. His death was due to the infirmities incident to old age, from which he has been failing for the past few weeks.

Mr. Wendell was born in New York state on January 26, 1830, and had just passed his eighty-sixth birthday. He is survived by his wife and two daughters, Mrs. Charles Forbes and Mrs. Belle Gass. Mr. Wendell's face and figure have long been familiar to the citizens of Plattsmouth, who will miss his genial smile and friendly greeting. He was for many years employed at the Burlington shops, but since his retirement from active labor he has enjoyed the peace and quiet of his home and the pleasant association of his friends and neighbors.

By nature a modest and retiring man, he who won a place in the hearts of all who knew him, and in the kindness which marked his work in life, endeared him to all with whom he came in contact.

The funeral service will be held at the family residence on Monday afternoon at 2:30, conducted by Rev. H. G. McClusky.

# PLATTSMOUTH IS REPRESENTED IN THESE GAMES

Get Beat at Nebraska City and South Omaha and Bible Class Defeats Auburn Here.

From Saturday's Daily.

The Plattsmouth followers of the game of basket ball in this city certainly were well represented last evening in the series of games played, both in this city and in Nebraska City and South Omaha.

The Young Men's Bible class team of the Methodist church of this city were engaged at the roller skating rink in a contest with the team representing the Christian Endeavors of Auburn, and in this spirited and exciting game the bible class boys were the victors over the visitors by a score of 28 to 24. The game was witnessed by quite a large crowd and the enthusiasm of the fans was most intense, as the locals scored their win by their splendid playing.

The line-up was as follows: Auburn—Keys, right forward; Mostin, left forward; Leeper, center; Ailly, right guard; Sapp, left guard; Howell, substitute.

Plattsmouth—Carmen, right forward; C. Dalton, left forward; L. Dalton, center; Seivers, right guard; Vroman, left guard; Schafer, substitute.

Field Goals—Carmen, 4; C. Dalton, 4; L. Dalton, 3; Ailly, 2; Mostin, 7; Leeper, 1.

Free Throws—C. Dalton, 6; Keys, 2; Ailly, 2.

The High school boys journeyed down to Nebraska City to meet the High school team there and were defeated in a very close and exciting game by a score of 20 to 15. The locals played a splendid game and were handicapped by the fact that the center of the team, Frank Marshall, was not in the game, and this was largely responsible for the defeat, as he has been very effective in the games this season and a great many of the plays made were laid around his position, and his absence served to make it necessary for the other members of the line-up. The Plattsmouth team defeated the boys from the Otoe county metropolis when they visited here a few weeks ago, so that they are even now in the matter of games. The boys returned home this morning on the early Missouri Pacific, and while not winners, were well pleased with the showing they had made in the game.

In the game at South Omaha between the girls' team of the High school and the girls of the packing house suburb of Omaha, the South Omaha girls were the winners in a rather rough and tumble game by a score of 20 to 5. The Plattsmouth team suffered injury of two of their players, Eva Brintner and Lenora Snyder, and were compelled to quit the contest before it was completed owing to this fact. The game was a very rough one throughout and the girls feel fortunate that more of them were not injured in the contest.

# JOHN MURTEY OF ALVO FILES FOR REPRESENTATIVE

This morning a filing was received by County Clerk Libershal from John Murtey of Alvo, who will be a candidate for state representative on the democratic ticket at the primaries on April 18th. Mr. Murtey is one of the prominent democrats in his section of the county and engaged in the lumber and grain business in Alvo, where he is held very highly by the community. If elected to the office of representative from Cass county he would be able to fill the position with ability and credit to the county, as he possesses all the qualifications necessary for the office and is a splendid gentleman in every way. This filing about completes the ticket as far as the democrats are concerned, but as yet no republican has filed for the nomination for representative on the republican ticket.

### Gets the Wrong Party.

In the account of the Heil-Gauer wedding, appearing in the Journal last Thursday, the name of the groom was given as W. H. Heil, when it should have been W. A. Heil. This typographical error was most unfortunate and we take this means of correcting the item and placing it in the proper light.

Read the want ads in the Journal.

A good resolution to make and keep. Dutchess Trousers have been the high water mark of trouser value for years. Wear them and you'll know trouser satisfaction. This year of all years you need to buy reliable brands of merchandise. You take no chances with the Dutchess trousers. Prices \$1.50 to \$5.00.

# NUMEROUS SIGHT-SEERS VISIT OREGON YESTERDAY

The sight-seers in the vicinity of Oregon and along the banks of the Missouri river were quite numerous yesterday afternoon, as a great many of the residents of the city took the occasion to enjoy the weather by making these trips. The ice in the rivers is beginning to loosen up preparatory to going out and the sight is one that is always interesting with the huge cakes of ice moving along until they find a lodgment or form a gorge.

In the Platte river the Burlington railroad has been active in keeping the ice from forming a gorge near their bridge, and the Missouri Pacific is also very active in looking after the situation along the river. While so far there has been no damage from the ice breaking up, it is predicted by railroad men that upon the opening up of the river there may be a great deal of high water expected, and a few of the trappers whose work has taken them through the northern and western part of the state, are of the opinion that a great deal of water will result when the final break-up of winter comes, and that the small streams and rivers will have a hard time in carrying off the surplus water.

However, the conditions along the Platte here does not seem particularly dangerous as yet, although there has been no great amount of flood water emptied into the river from its northern and western feeding streams. The danger of a gorge in the river above this city is being closely watched and the railroad companies will take every precaution to see that the Platte is kept from starting on a rampage which might do a great deal of damage. In the Missouri river there is not often any danger in the breaking up of the ice, as there is hardly ever any overflow following the opening up of the river until later in the season.

It is a very pretty sight as the huge cakes of ice, torn loose from their companions, start on a trip down the stream, and as they meet and grind together often they are thrown high in the air as the current of the river carries them with great force down stream.

### Entertains Friends.

From Saturday's Daily. Last evening Charles Jelinek entertained a few of his friends very pleasantly at a "stag" luncheon, which proved a most delightful affair to all present. Social conversation was the chief amusement of the evening, as well as a few musical numbers. Mr. Jelinek was assisted in serving by Will Heinrich.

Mrs. Glenn Perry Better.

From Saturday's Daily. Word from the Presbyterian hospital in Omaha states that Mrs. Glenn Perry, who is at that institution recovering from an attack of appendicitis, is doing nicely and her family and friends are very much pleased to learn that she is progressing so well and it is hoped that she may soon be able to return to her home. The operation has apparently been most successful and the patient seems to be on the highway to recovery.

# BELIEVE JOHN GLOIDT'S EYE NOT PERMANENTLY INJURED

From Saturday's Daily. John Cloidt, who was injured yesterday by having a sliver of wood strike him in the left eye while at his work in the shops, returned last evening from Omaha, where the injured eye was examined by Dr. Gifford and it is thought that the eye has not been permanently injured, but will, with care, be healed so as not to affect the sight. This will be most pleasing to the host of friends of this popular young man, and they will trust that he will soon be able to have the full use of the eye. He will be compelled to remain at home for some time, however, until the eye has healed up.

F. R. Ballance returned to Glenwood this morning after an over Sunday visit here with his parents and friends.

# Annual Shirt Sale!

Commencing the 21st and during the balance of this month we will hold our ANNUAL \$1 SHIRT SALE.

This is no clean up sale of odds and ends that have accumulated during the past season, but strictly new, clean merchandise received a few days ago.
