

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

In the matter of the petition to vacate public road running through the N. E. 1/4 of Section 4, Town 10, Range 11, the County Clerk reported he had complied with the law in every respect, and that objections to and claim for damages had been received from H. T. Richards, owner of the N. E. 1/4 of Section 4-10-11, and as required by law he had appointed three disinterested parties as appraisers to assess damages. Appraisers appeared at clerk's office at the specified time to be sworn. Whereupon the clerk informed them their services would not be required as the board of commissioners had adopted the following resolution: Now on this 21st day of March, 1916, the matter of vacating the following described road: Commencing at the northwest corner of the northeast quarter of southwest quarter of Section Four (4), Township Ten (10), Range Eleven (11), Cass county, Nebraska, thence running east along the north line of said northeast quarter of southwest quarter of said Section Four (4) to the half section line, thence running in a northeasterly direction to a point where said road intersects the prolongation of the public road running north and south between Sections Three (3) and Four (4) in said Township Ten (10), Range Eleven (11) and through the northeast quarter of said Section Four (4), came on for hearing, before the Board of County Commissioners, and considering the petition and a claim for damages for the sum of \$1,000.00 and all matters connected with the proposed vacation of said road, the board is of the opinion that the public good does not require that said road be vacated and the prayer of the petitioners for the vacation of said road is hereby denied.

KEITH NEVILLE

NORTH PLATTE

Democracy's Favorite for Governor

A sterling democrat, Nebraska born and bred, a brainy young man of courage, education and ability; a citizen of exemplary character, and a successful business man of proved experience.

He is his own boss, running on his own platform, and a more clean-cut statement was never given to the public by a candidate. Here are salient points:

"I am for President Wilson without apology or explanation; my support of him is actual, not nominal."

"I do not subscribe to the issue that every candidate must evolve some startling and unheard of theory."

"I am opposed to the enactment of impractical, experimental and needless legislation."

"I have no hobbies, but I would have good roads; would aid irrigation legislation, and would establish a publicity bureau to herald to the world Nebraska's wonderful resources."

Every voter should read Mr. Neville's platform.
