

Cedar Creek Department News that will be of Interest in and near Cedar Creek

Farm Implements and Wagons and Harness!

With a large crop of corn to market many farmers are in need of a new wagon, extra box or harness, which we have in stock and invite your inspection before you buy. We pride ourselves in handling the "Birdsell" wagons and "Birdsell" extra boxes, built from genuine yellow poplar and hand painted with lead and oil, which insures your wagon against cracking and peeling when exposed to the elements. The "Birdsell" has many distinctive features not found in any other wagon and the boxes are the only "yellow poplar" sold in this territory. We carry a full line of Farm Machinery in our new 24x66 building and are prepared to fill your requirements for the Spring work. Call and give us a chance to demonstrate this fact to you. We'll appreciate the favor. Our Harness, Collars, Pads and Extra Parts to put your old harness in shape, "Eureka" Harness Oils, Curry Combs and Brushes are all ready for your inspection.

"THE FIVE-MINUTE SCHOOL"

There's a quaint little house On the corner four square, What value is it? What significance there?

'Tis the Five-Minute School That in years so long past Was Christened for service, The first in its class.

It's five minutes for this And five minutes for that, Five minutes to study And five minutes to chat.

For the boy and the girl It's a rather short spell To master the subjects And master them well.

It's by far too short Comes an answer quite cool, But what else can be done In a Five-Minute School?

With ten subjects to master, A thousand things to do, It's get there, dear children, It's hurry them through.

But we hope for a change In the system of our's That will give us more time To strengthen our powers.

Yet with all of the worry And with all of the right The Five-Minute School Makes men of great might.

For the people you meet Of success, as a rule, Are the boys and the girls From the Five-Minute School.

Let us treasure it then As the one rare jewel; It's the hope of today, This Five-Minute School. —Lovell Leiland Massie.

Enjoy a Splendid Evening.

Wednesday evening, March 15th, a number of the neighbors of Mr. and Mrs. J. R. C. Gregory filled their baskets with good things and betook themselves to this most hospitable home for an evening of enjoyment. It is needless to say they had a splendid time. The evening was spent in good old-time visiting and music. Mr. Gregory himself treated the company to some old-time vocal selections, although protesting his voice was not so good as it used to be. It is seldom we are treated to anything as good and the crowd decided that Mr. Gregory was the champion singer, as well as hog raiser, of their neighborhood. Refreshments were served by the Misses Dollie and Fay Gregory, assisted by Miss Emma Buehler. Punch was served in the dining room by little Miss Moffat. The happy company left at a late hour, wishing Mr. and Mrs. Gregory many more very happy birthdays.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Theford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Theford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed. You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere, 25¢ a package. Costs only one cent a dose. NCB4

The New Stroughton Manure Spreader

OUR PATENTED NEW STROUGHTON ROLLER FEED!

The endless apron is driven by the simplest and most efficient driver ever invented. The apron is driven direct from the hind axle by two rollers which revolve on six inclined planes on the hind axle. A simpler or better feed cannot be imagined. The apron drive wheel is geared down twice as much as on other makes. This makes the feed absolutely uniform and positive. The feed is not only positive, but takes so little power that you can hardly tell from the horses when the apron is running. This also absolutely prevents from sliding when going up hill. The same lever which first throws the beater into operation engages one notch after the other as it descends; the apron moves so slowly at the first notch as to give only a thin top dressing. When the lever engages the lowest notch, five times as much is spread as in the first notch. There are five changes of feed. The simplicity and beauty of this positive ratchet feed is so apparent that no further explanation or comment is necessary.

The Double Row J. I. CASE STALK CUTTER, large wheel, dust proof caps, dust proof bearings, with hard oilers, on all main cutting cylinder bearings. Pressure Springs in front of axle, so there is no neckweight, main axle clear through the frame, bail entirely around the cylinder, spring to take the jar from the horses shoulders. In fact this is the very best cutter on the market today. If you need one let us tell you about it.

- Press Drills**—We have the Keystone, Dempster and Hoosier.
- Disc Harrows**—We have the Osborne, Keystone, Budlong and the John Deere, from \$34 to \$36. Complete with tongue trucks and weight boxes.
- Cultivators**—The Jennie Lynde and New Departure.
- Harrows**—Peg Tooth or Drag Harrows. Also the Keystone, Lever Harrow, which is so constructed that it will not catch on your woven wire fences or fence posts. Prices range from \$15.75 to \$17.75, for three sections.
- Riding Cultivators**—We have the Badger, New Departure. Also have on hand a few John Deere that we will close out at \$20.00 as long as they last.

General Line of Harness. Dodge Brothers Automobiles.

DEPUTY PATTON CLOSES VERY SUCCESSFUL CAMPAIGN IN THIS CITY

From Wednesday's Daily. Last evening the Knights and Ladies of Security gathered at their lodge rooms to enjoy one of the most pleasant social gatherings which it has been their good fortune to hold in the last few months. During the evening a splendid program, consisting of musical numbers, as well as readings, served to pass the time very pleasantly and the members of the order greatly enjoyed the opportunity of meeting together. Preceding the social session the regular business of the lodge was looked after and a number of new members inducted into the mysteries of the order. During the evening very dainty and delicious refreshments were served, which added greatly to the general enjoyment and pleasure of the members of the jolly crowd who were present.

This closes the effective campaign which Deputy Patton has been conducting in this city for the last few weeks for this order, and as a result of his work, as well as that of Mrs. Clark, supreme conductor of the order, there has been a large addition made to the membership in this city and the lodge work enlivened by the work of the rustling deputy. The members here, with the inspiration given them should continue the good work.
