 George Thierolf has purchased the Pultz threshing outfit and will thresh again this fall. This will make a good outfit. It is a Reeves twenty-horsepower engine and an Altman-Taylor separator 42x64, and with George at the head ought to do some good work.
NEW MILLINERY LINE
OPEN TO THE PUBLIC
 Friday and Saturday, March 31 and April 1, will be the opening of my millinery line and I invite you and your friends to call and inspect it. Everything new and up to the minute will be shown in headgear for every one, old and young. I have secured the services of an expert trimmer to assist in completing my new line and you will be treated to a rare surprise when you call and see my stock. The room directly opposite the new bank has been secured and put into condition and will be open to the public every afternoon and Wednesday and Saturday evenings. I have priced my line to fit every class of trade and assure you that I will appreciate a call and you will appreciate my values. My stock was selected from one of the largest and most up to date houses in the middle west for cash and I can offer you exceptional values as a result. Do not be led to think that because our town is small you have not the advantage of a selection as the best experts in our country originate in the smaller towns. Yours for business,
MRS. J. F. WOLFF.

Mrs. J. F. Wolff and Mrs. L. C. Lyle were passengers to Plattsmouth on Wednesday morning where they met Mrs. Saalford of Omaha, who will be the trimmer in the millinery store which Mrs. Wolff will conduct during the spring season.

FOUR YEARS BUILDING A FOUNDATION
 From Tuesday's Daily.
 To the Voters of Cass County:
 The work of the assessor is not only a foundation for treasurer, it is a foundation for the clerk, a foundation for all the revenue that runs the county. The tax list of both the personal and real estate are taken from the assessor's books, also the school levy, road and state levy. Therefore, the assessor's work must be accurate. Some of the things that he must do are: There are forty-seven books, twenty-three of personal property; in these you must arrange their names in alphabetical order with all their personal property. This you balance, giving the amount of money with the number of stock and machinery of all kinds. Twenty-three books of real estate that you balance in like manner, one book in which we put the number and age of all the horses, mules and cattle. These books are all balanced separately which is the first recap, and then they are all balanced together, making the second recap, or the sum total. Then you make an abstract to be sent to Lincoln. In that you have the amount of all the personal and real estate and the number of all the horses, mules, cattle, hogs, sheep, autos, threshing machines and all other machines, dogs, chickens and geese. Not only the number but the average price of everything, also the number of bushels of wheat, corn and oats, with the price. In addition to the above we have sixteen agricultural books and all the railroads terminals to write up, and many other things. I have built the foundation and think I am capable of being treasurer.

FINE PICTURE OF THE AUBURN HIGH SCHOOL BUILDING
 From Wednesday's Daily.
 In the window of the store of Wargha & Schudice appears a very handsome water color picture of the high school at Auburn, Nebraska, and after which it is probable that the new building here will be modeled if the voters decide that they are desirous of securing a new building for the purposes of educating the boys and girls in. This building will cost Auburn \$50,000 and is about the best building of its kind in the state erected for this sum of money. It is expected if the new building is erected that it can accommodate the high school as well as the seventh and eighth grades and relieve the crowded conditions both in high school and the grades. The board of education has also decided that the bonds to be submitted to the voters this year will be made twenty year bonds instead of thirty as had first been intended and this will be found much more satisfactory to the general run of taxpayers and if it were possible the time of the bonds would be made shorter but this would work a hardship on the citizens that can be avoided by placing them at twenty years.

DEATH OF MRS. PERRY MARSH IN OMAHA
 From Wednesday's Daily.
 The death of Mrs. Perry Marsh, a former resident of this county, occurred in Omaha Saturday at the St. Joseph hospital where she was operated on a week ago Tuesday. Mrs. Marsh has not been in the best of health and it was decided to send her to the hospital for treatment and later it was found necessary to perform an operation. Mrs. Marsh for several years resided on the farm several miles south of this city but for the past several months has made her home in Omaha. She leaves one daughter to mourn her death. The funeral services were held in Omaha and the interment had in the cemetery there.

MRS. HUGH GILLESPIE DIES AT HOME NEAR WATERLOO
 From Wednesday's Daily.
 The Journal has just received an account of the death of Mrs. Hugh Gillespie, a sister of Mrs. Joseph Wampler of this city, which occurred last Wednesday at her home a few miles south of Waterloo, Nebraska. The death was a great shock to the family and friends here in this city, where Mrs. Gillespie has often visited and the sister will receive the deepest sympathy of her many friends in this sad occasion. The funeral of Mrs. Gillespie was held Friday afternoon from the Presbyterian church at Waterloo and the burial made in the Prospect cemetery near that place. The deceased lady was thirty-four years of age at the time of her death and leaves a husband and a large family of children.

LIVE STOCK PRICES AT SOUTH OMAHA

Very Liberal Supply of Stock on Hand

LOWER TREND IN PRICES

Beef Steers and Cows Lower; Hog Market Off 10@15c; Sheep and Lamb Market Slow and Lower.
 Union Stock Yards, South Omaha, Neb., March 30, 1916.—Continued good runs of cattle Wednesday, numbering some 241 cars, had a tendency toward making a lower beef market. Early bidding was around 10@15c lower than Tuesday's figures, the market generally being slow, even at the lower prices. Good to choice beefes brought from \$8.75@9.00, with the bulk of the fair to good 1,050 to 1,300 pound steers going at \$8.35@8.70. Cows and heifers showed as much decline as beef steers, the supply being somewhat liberal and the outside demand slack. Strictly good to choice heifer stock sold around \$7.00@7.75 and on up, this class not being hard to move at those figures, but the fair to good grades selling at \$6.00@6.50 were slow. The stocker and feeder market had a 10@15c drop all along the line, this class of stock being very slow to move.
 Prime beefes, \$9.25@9.40; good to choice beefes, \$8.85@9.15; fair to good beefes, \$8.40@8.80; common to fair beefes, \$7.50@8.35; good to choice heifers, \$7.25@8.25; good to choice cows, \$6.75@7.75; fair to good cows, \$6.00@6.75; canners and cutters, \$4.50@6.00; veal calves, \$7.00@10.25; bulls, stags, etc., \$5.50@7.50; good to choice feeders, \$8.00@8.65; good to choice stockers, \$7.75@8.50; good to fair feeders, \$7.40@7.90; common to fair feeders, \$6.50@7.25; stock heifers, \$6.85@7.85; stock cows, \$6.25@7.25; stock calves, \$7.00@8.50.
 The hog supply was larger than Tuesday, estimated reports being 239 cars or 16,860 head. Declines at all markets had a tendency to bring about the same results here, the market opening up rather slow, and packers and shippers both buying fairly freely on a 10@15c lower basis, the bulk going at \$9.10@9.35 with the top at \$9.45.
 Another heavy sheep and lamb run was on hand today, the day's receipts of fifty-four cars or 13,000 head being the largest of any one day for some time. Buyers were somewhat bearish right from the start, with result a few bunches of light and handyweight stuff that were sold right on the start looked about 10@15c lower, the bulk of the offerings going at about those figures.
 Quotations on sheep and lambs: Lambs, good to choice handy, \$11.25@11.50; lambs fair to good handy, \$10.90@11.25; lambs, fair to choice, heavy, \$10.50@11.00; lambs, fall clipped, \$9.00@9.85; lambs, fresh clipped, \$8.50@9.30; yigs, fair to choice light, \$9.50@10.35; yigs, fair to choice heavy, \$8.50@9.50; wethers, fair to choice, \$8.00@8.85; ewes, good to choice, \$8.15@8.50; ewes, fair to good, \$7.50@8.15.

Mogul 8-16 Price Announcement The Real Kerosene Tractor

ON and after April 1st the price of the Mogul 8-16 will be \$725 cash f. o. b. Chicago. All sales made and bona fide orders taken up to April 1st will be filled at the present price of \$675 cash f. o. b. Chicago. We want to post you ahead of time on the coming change.
 Mogul 8-16, as you know, is the famous tractor that has cut fuel costs squarely in half—operates on cheap, common kerosene or coal oil—doesn't have to be the highest grade either. It pays for itself in the saving over gasoline. That is why the rise in price—necessary because cost of raw materials has risen so high—is of minor importance.
 Mogul 8-16 is saving and making profit on thousands of farms of all sizes. It will do much more for you than your horses can. Get in your order now—be ready for spring work. See the dealer who sells the Mogul 8-16.
