GREATEST OF ALL NAVAL BATTLES IS BREWING

Threats of Germans to Come Out Into the North Sea Taken Seriously.

London, April 24.—The greatest modern naval battle in history is brewing in the North sea. The heaviest clash known to present day naval forces, attended by enormous destruction of men and ships, is inevitable, according to views expressed in British naval circles.

British naval men are not taking the German threats to at last "come out" and do battle without a certain amount of seriousness. The British fleets have been ready for months and are still ready. The Germans, according to views expressed here, also are ready, awaiting the opportune time to retrieve, if possible, the lost German naval prestige.

In what forces and with what units the Germans will emerge from behind the mine fields of Heligoland and the Kiel canal is not ventured in the forecasts of the British. But it is positively stated that with whatever force Germany desires to send the fleet of the British navy will be prepared to deal with them in a manner commensurate to the task.

Reports of recent activities at the various German naval centers, coupled with the veiled threats that emanate from semi-official German newspapers, indicated that the Germans would attempt to make their long expected naval offensive within a short time. New and unexpected types of German waships, accompanied by mosquito craft and a great fleet of Zeppelins overhead, are not excluded from what the British navy expects. The much reported "monitor submarine," which mounts heavy guns fore and aft, also may appear.

Talk About Economy Listen to This:

The house shown above was built in Dedham, Mass., in 1636—two hundred and eighty years ago. It's still standing—still good.

Here's the reason—it is built of WHITE PINE.

This is only one of many old houses built of WHITE PINE that have withstood centuries of weather exposure.

White Pine

long ago won a reputation with local builders.

All who ever used it remember its wonderful service. They still talk about its superior working and wearing qualities—still regret they "can't get that kind of lumber nowadays."

But here's news: We can now supply the genuine old-time WHITE PINE.

Get this good old wood that kowns no equal for all exposed surfaces—the wood that "stays put." No other like it that we know of. Will never warp, twist, sag, crack, swell or shrink, even in closest mitres and delicate mouldings.

You can't beat WHITE PINE. And of all woods it's the most satisfactory to work with—saves time and labor and makes a job you will take much pride in.

We carry these items in stock and can get any others you need:

- 1-inch Finish 4 to 20-inches wide, all lengths
- 1 1/4-inch Finish 6 to 20-inches wide, all lengths
- 12-inch Barn Boards 10 to 20-inch lengths
- 2-inch Finish from 2x4 to 2x12

We guarantee that this is the real WHITE PINE—the kind you've read about. Though it's not the lowest in price, it's positively the least expensive, service and satisfaction considered.

Come in and look over our stock and talk with us about your building needs.

MRS. RUFFNER CELEBRATES HER BIRTHDAY ON SUNDAY

The home of Mr. and Mrs. P. E. Ruffner was the scene of a very pleasant gathering yesterday in honor of the birthday anniversary of Mrs. Ruffner, and the relatives and friends gathered at the home to see that the occasion was properly observed and that the guest of honor was given many happy returns of the day. The children and a number of other relatives were present at the Ruffner home and at noon all enjoyed a splendid dinner, which marked the passing of another milestone in the life of Mrs. Ruffner. It was an event that will long be remembered very pleasantly by every one of the family, and the guest of honor was showered with many well wishes for future years of happiness. Those who were present were Mrs. W. B. Reed, Dr. and Mrs. Roy Dodge, Horace and Sperry Ruffner, Omaha, Mr. and Mrs. E. A. Kirkpatrick, Nehawka.

Spring.

Spring is looked upon by many as the most delightful season of the year but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere.
