

CITY COUNCIL TRANSACTS MUCH BUSINESS

(Continued From First Page.)

which had been turned over to the city treasury.

City Attorney Douglas reported on the unpaid occupation tax and stated that a number of suits had been brought and as a result of the efforts \$62.10 had been turned over to the city treasury to help out the good cause.

The streets, alleys and bridges committee, through Mr. Bestor, presented a statement from William Schmidtman in which he agreed to accept the paving in the alley in the rear of his building provided that a trench was cut in the concrete paving to allow the water to escape into Fifth street. The contractor was present and stated that they would look after this work, and the communication was placed on file for future reference.

In regard to the petition of Henry Brinkman and others for grading for permanent sidewalk on West Vine street, the streets, alleys and bridges committee reported favorably and the street commissioner was requested to do the work as soon as possible.

The streets, alleys and bridges committee also presented the plans and specifications for paving district No. 11, which includes parts of Third, Fourth and Fifth streets, and the engineer estimated the cost to be \$7,800, with hard wire cut brick and filler used for the paving, with asphalt for a foundation for the brick work. On motion, the mayor and city clerk were authorized to go ahead and advertise for bids for the work according to the plans and specifications.

The license committee, through Chairman Shea, reported favorably on the applications of Ed Egenberger, Edward Donat, J. E. McDaniel, William Hinrichsen, Adolph Geise and J. L. Russell, for saloon licenses, and the report was placed on file to be taken up later by the new council.

The police committee, in taking up the matter of the parking of automobiles on Main street, recommended that from Second street to Sixth the cars be parked in the center of the street and on the side streets on the right hand side of the street on which the car was traveling and that when moving from the parking that the autos be turned to the left and run up to the intersection before being turned around.

Chairman Buttery of the police committee also stated that the chief of police had suggested that a platform be placed at each of the intersections so that the automobiles would be forced to follow their proper course instead of cutting the corners as many of them do. This matter will be looked up by the committee and the chief to determine the best method of dealing with the proposition.

The ordinance creating Paving District No. 12, to consist of Washington avenue and a part of Elm street, was then read for the first time, and on motion was placed on its second and third reading and passed by the council without a dissenting vote.

The city council then took a recess to sit as a board of equalization to assess the paving tax in district No. 9 in the alley north of Main street, and this required considerable time from the councilmen as one of the last acts of the retiring councilmen but the boys were not disturbed, as the complexion of the council was not changed in the last. After the board had finished its work the council reassembled in regular session to take up the approval of the bonds of the newly elected officers of the city, which were as follows:

Mayor John P. Sattler, \$1,000; F. E. Schlatter, Jacob Tritzsch, Treasurer H. M. Soennichsen, \$25,000; J. E. McDaniel, H. C. Miller, Ben Beckman, Henry Kaufman, City Clerk J. F. Waga, \$500, F. G. Egenberger.

Councilman R. F. Patterson, \$1,000; C. C. Parmele, F. G. Egenberger, Councilman F. F. Buttery, \$1,000; Dr. E. W. Cook, H. C. Miller, Councilman F. M. Bestor, \$1,000; W. A. Swatek, Herman Bestor, Councilman C. A. Johnson, \$1,000; E. P. Lutz, T. M. Patterson, Councilman Robert Harris, \$1,000; A. W. White, E. W. Cook, City Engineer Fred Patterson, \$500; John Cory and John Hatt.

As the time of the old council had expired Mayor E. J. Richey invited the newly elected city officials to gather at the mayor's desk and take their oath of office, which was administered by City Clerk Nemetz.

On motion of Councilman Lushinsky the council adopted a vote of thanks to the retiring city officials for their work during the past year, and expressing the appreciation of the council for the efforts made for the betterment of the city.

Mayor Richey, on retiring from the office he has filled so acceptably, expressed his feelings of gratitude to the members of the council, the police

and street departments and to the citizens for their hearty co-operation in the best interests of the city which had permitted a great many very forward steps to be made by the city. He desired, he stated, to see the incoming administration enjoy the same hearty co-operation in the advancement of the city.

Mayor Sattler, on assuming the chair, thanked the retiring mayor, Mr. Richey, and the members of the council for their good work in office and urged the members of the council to act regardless of politics for the advancement of the best interests of the city.

The first act of the new council on assembling was to organize, and Councilman Bajek of the second ward, placed in nomination for the office of president Councilman F. M. Bestor, but Mr. Bestor, in withdrawing, placed Mr. Bajek in nomination and he was elected by a unanimous vote of that body.

Mayor Sattler then presented to the council his appointees for the coming year and as the first presented the name of William Barclay as chief of police, which was confirmed by the unanimous vote of the council.

For assistant chief Alvin Jones was nominated by the mayor and confirmed by the council without a dissenting vote, as was also William Wilson as the merchants' police.

For city attorney Mayor Sattler presented the name of D. O. Dwyer, which was rejected by a vote of 9 to 1.

For street commissioner the mayor nominated Charles McBride, who was rejected by the council by a vote of six against and four in favor. The name of J. F. Clugy was then presented and also suffered being turned down, six voting against, two in favor and two passing. Mayor Sattler then presented the name of the present street commissioner, Mike Lutz, which was confirmed by a vote of eight for and two passing.

Warren Tulene was then named as the city sexton and confirmed.

For the office of city physician the name of D. F. J. Flynn was confirmed without a dissenting vote.

The bonds of the various applicants for saloon licenses were then read as follows:

Edward Donat, \$5,000, Frank Leipert and John Kunkal, security, J. L. Russell, \$5,000, John McNurlin and J. H. Burche, security, Adolph Geise, \$5,000, Adolph Wesch and Joseph Schmardner, security, J. E. McDaniel, \$5,000, Walter Gochenour, H. M. Soennichsen, F. E. Schlatter and A. F. Seybert, security, Edward Egenberger, \$5,000, C. F. Vallery, Peter Halmes, security, William Hinrichsen, \$5,000, Illinois Security Co. of Chicago, security.

After some discussion by the councilmen the bond of Mr. Geise was referred back to the license committee to look up the security on the bond and if necessary have additional security added so that it would not delay the granting of the license.

The finance committee of the council reported the following claims as correct and warrants were ordered to be drawn for their payment: Mike Karns, street work, \$19.20; Jess Green, same, \$18.80; George Karns, same, \$20; John Fielen, same, \$26.40; Ed Snodgrass, same, \$11.60; Albert Funk, same, \$8; Carl Egenberger, same, \$4; Mike Lutz, same, \$36; D. FORMER PLATTSMOUTH BOY ADVANCES IN THE WORLD OF MUSIC

From Tuesday's Daily.

It is always with the greatest of pleasure that we learn of the progress and advancement of the young men in this community as well as those in other sections of the country who claim this city as their boyhood home, and among this number is Jess Fair, the son of Mr. and Mrs. David L. Fair, who graduated with very high honors from the local high school in the class of 1905 and his standing in the class was higher than attained by any other student of the school, he having 42 credits for his school work. Soon after his graduation Mr. and Mrs. Fair and daughter, Pearl, removed to College View, Nebraska, but Jess went to Omaha, taking a position in the Burlington general offices and at the same time carrying on the study of music. He eventually became soloist in the First Church of Christ. Upon his father's death in March, 1909, Jess went to College View to reside with his mother and entered the university school of music, devoting his entire time to a serious study of music. The same qualities of mind which made him an unusual record as a high school student have made him a thorough musician of marked ability. He has developed a baritone voice of great power and unusual quality, his latest teacher being Miss Whitcomb of Paris.

Since residing in Lincoln he has sung as soloist in the First Presbyterian church for two seasons, Temple Bnai Jesurum for four seasons. He is now directing the music in Grace church and teaching, having a class of more than sixty pupils, many of whom are now holding positions as soloists in the Lincoln churches. He did a great deal in the line of musical work in this and adjoining states. His plans are made to go to Italy to study as soon as the war is over. The mother and sister of Mr. Fair are now residing in Los Angeles where Miss Pearl is head nurse at the Glendale hospital.

This talented young man will visit this city on May 5 and give a recital at the high school auditorium under the auspices of the high school glee club and the occasion will be one well worth attending.

DIG GATHERING OF MODERN WOODMEN AT LINCOLN

From Tuesday's Daily.

This morning Dr. E. W. Cook, state medical examiner of the Modern Woodmen of America, and son, Harris, returned from Lincoln, where they were in attendance at the big gathering of the followers of woodcraft held in the capital city last evening. The meeting was one of the most enthusiastic that has ever been held in the state and the attendance was very large and numbered hundreds of the members of the order. The class initiation was held in Fraternity hall, where a class of 130 was inducted into the secret work of the order in the presence of Head Consul A. R. Talbot and a number of the head camp officials who had gathered with the Nebraska organization for this very pleasant occasion. A most elaborate banquet was served at the Lindell hotel to the visiting members of the order, who numbered 210, and a most enthusiastic time was enjoyed, with a number of stirring speeches by the leaders of the organization in the state. The Modern Woodmen have been enjoying a very successful year and the work of increasing the membership has been going on steadily since the healing of the breach between the two factions of the order and it is rapidly resuming its place as one of the greatest of fraternal orders. At the banquet in Lincoln Mr. Talbot and A. L. Bixby were among the leading speakers of the occasion. Dr. Cook, who is one of the pioneers in the work of the Woodmen in the state, was well pleased with the general spirit of good fellowship and fraternity prevailing at the banquet.

The members of Platte lodge No. 7, I. O. O. F., held a very pleasant meeting on Tuesday evening in their lodge rooms and the event was one of the most largely attended of any this season and was an occasion filled with much interest to the members of the order. This was the ninety-seventh anniversary of the founding of the order and was observed in the most fitting manner by the Odd Fellows of this city. CREATION OF PAVING DISTRICT ON WASHINGTON AVE.

The creation of the paving district for Washington avenue brings one step nearer the completion of this enterprise, which has been urged and agitated for the past two years, and which will make one of the greatest public improvements that has been made in the city in recent years. It will give the residents of that section of the city a fine permanent highway and one over which a greater part of the automobile traffic between this city and Omaha as well as the traffic between the business section of the city and the Missouri Pacific depot. The cost of the paving will amount to quite a sum but the advantages and improvements to the property there will more than repay the outlay, as the paving, combined with the sewerage of the avenue will make lots now almost valueless some of the most desirable building sites in the city, and where a large number of new homes could be put up and the lots improved into places of beauty. Where the sewerage has been completed on the avenue it has made a vast difference in the property, and the paving will further enhance the value of the property along this street.

THE RAMBLERS OF OMAHA HERE SUNDAY

For the opponents of the Red Sox next Sunday will be the Ramblers team of Omaha has been secured and will be here to seek revenge for their trimming last season at the hands of the Sox. The Ramblers were defeated by the Sox by a score of 8 to 9 but since that time they have been strengthened in several places and should be able to put up a good game. After the season has advanced and the weather conditions become more suited to the national pastime it is expected to have the leading teams of the metropolis here to contest with the Sox, but with the chilly weather now prevailing it has a tendency to hold down the attendance which will become larger as the season advances and the better teams are carded as attractions.
