HENRY WALTHALL in THE STRANGE CASE OF MARY PAGE.

FROM PERU NORMAL.

Professor Jenn, who will take work toward his master's degree in the University of Nebraska next fall, has been granted a scholarship in botany. The girls of the Y. W. C. A. entertained all the girls of the school at a Kensington Friday afternoon. The girls regret that this is the last of these pleasant events for the year.

W. K. Fowler of Lincoln was in Peru Friday in the interest of several of our best educational magazines. Students who will teach next year were glad of this opportunity to examine these periodicals.

Members of the Philomathean Literary society enjoyed a camp fire on Saturday evening. The Philomatheans have been presented some exceptionally good programs this year, but they also know how to have a jolly good time together. Their next meeting is to be given over to a Shakespearean program.

A beautiful hand-colored etching entitled "Abend Nach dem Gewitter," has been presented to the German department by the Fortnightly Art club. This club has for several years been devoting the proceeds of its art exhibits to the purchase of works of art for the campus buildings, and many very choice pictures, pieces of pottery, etc., may now be found in many of the classrooms.

The annual foray of the Botanical Seminar of the State University was held in Peru last Saturday. On Friday evening Dr. Pool delivered an illustrated lecture before the Science club and others on "The Plant Life of Nebraska." On Saturday the party, which comprised four instructors from the University, together with several students who are specializing in botany, made a field study of the flora of Peru and vicinity. They were accompanied by several Normal students and other members of the Science club who were glad indeed of this opportunity to study plant life under the direction of Nebraska's greatest authority, Dr. Pool, who is at the head of the department of botany at our university.

The commencement festivities will begin on Saturday evening, May 27, at which time the Everett and Philomathean Literary societies will give a joint program. May 28 is baccalaureate Sunday. Rev. Hylton has been chosen to give the sermon. The following day is Class day, and the annual May Festival will be held on Tuesday. This promises to be one of the best musical events ever given in the state, comprising a hand concert, the great oratorio, "Elijah," a children's cantata, a concert by three of the world's greatest artists, and a grand evening concert by the glee clubs, the chorus and the soloists. Chief Justice Andrew Morrissey will give the commencement address on Wednesday, May 31, at 10 a. m.

280 Years Old—And Still A Comfortable Home

—that's the remarkable record of this quaint house built in 1636 by first settlers at Dedham, Massachusetts.

Exposed to all sorts of weather for nearly three centuries, the wood is still good. That is because it's

WHITE PINE

the most economical wood for home building—the one wood that does not shrink, warp, swell, crack, twist or rot—that "stays put," even in closest-fitting mitres and in delicate mouldings—the wood that takes paint perfectly.

We always carry a large stock, and are glad to recommend it because it never fails to satisfy. It is a credit to us to sell, a saving to you to buy White Pine.

And, remember, when you buy lumber here you know what you are getting. See us before you buy.

A VERY PLEASANT BIRTHDAY AT THE PATTERSON HOME

The country home of Mr. and Mrs. Fred Patterson, south of this city, was the scene of a very pleasant birthday surprise on Sunday, May 14th. This happy occasion was in honor of Mrs. Patterson's 56th birthday anniversary. Those who participated in this most enjoyable affair were Messrs. and Mesdames W. A. Baker, W. P. Byers, Mrs. S. D. Fitchhorn, Mrs. Mary Burnett, Miss Rosa Baker, Miss Ellie Patterson, Helen and Mary Ellen Charles Patterson, John Thomas and Byers, Iver and Elmer Fitchhorn, Fred, Cleo, Jesse and Willie Baker, Charles Patterson, John Thomas and Mr. and Mrs. Fred Patterson. It was a most complete surprise to Mrs. Patterson, but she soon recovered and soon proceeded to entertain her guests in her usual hospitable manner. The merry company came with well filled baskets and at the noon hour the table was spread with everything good to eat and to which all did ample justice. The day was most delightfully spent in playing various games and social conversation. At a late hour in the afternoon, the guests departed for home wishing Mrs. Patterson many more such happy birthdays as this.

Conrad Holmberg and family of Lincoln, who were here in attendance at the funeral of the late Mrs. C. M. Holmberg, returned home yesterday afternoon. Misses Hulda and Thyra Holmberg of Lincoln, who were here in attendance at the funeral of the late Mrs. C. M. Holmberg, returned home yesterday afternoon. MOTHER'S DAY PROPERLY OBSERVED AT METHODIST CHURCH

Yesterday was observed at the Methodist church as Mother's day, and the spirit of love and admiration of mother was made the keynote of the services in the different Sunday school classes as well as at the morning worship hour. The choir at the morning service gave a special anthem which introduced verses of the dear old sacred hymns which has so often been heard from the lips of the mothers in the years gone by, and these songs brought many tears to the eyes of the members of the congregation as memory brought back the scenes of other days. Preceding the sermon, Mrs. William Baird gave a short reading, "Mother" which was given in a very pleasing manner and was a beautiful and tender tribute to motherhood. The pastor, Rev. Drulliner took as his subject, "Motherhood," which was a very eloquent and pleasing sermon and expressed in beautiful language the love that a mother holds upon those nearest to her; of the faith and love that she lavishes upon her family and of the struggle that is made to make the lives of those near her more like the life of the Master. There was a large number present at the service which was very enjoyable throughout.

A Symbol of Health.

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

Pasture For Cattle.

Good pasture for cattle and horses, plenty of grass and water. Reasonable terms. Call A. C. Bartlett, telephone No. 3113.

Whooping Cough.

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Blandon Springs, Alabama, writes: "Our baby had whooping cough as bad as any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.
