

Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.

Was It a Joke?

Last Friday afternoon relatives of Frank Greer of Acme, Alberta, Canada, were delighted when they saw a good-looking young chap riding along home in the wagon with his cousin, John Foreman. Noel Foreman and Alvin Cashner gave him the hearty hand-clasp in town, and when the boys reached the Foreman home Uncle George was at the barn and, upon being informed of the possible identity of the well-dressed stranger, was glad indeed to see him. And Frank (?) talked freely of his brothers and sisters in Canada and said the general condition of crops was excellent. In the meantime Lee Prouty rushed over in his auto to see his cousin Frank, and Fred Prouty's folks called on the phone to talk to him. By that time John, who was bursting with laughter on the other side of the team he was trying to unhitch, unconcernedly let the joke get the better of him, and the tell-tale look on Bo's face gave it away. Disgusted, Uncle George vended his way to the house, where he called to his wife, "Cornelia, there is no joke about it, no joke at all," but she was in Lincoln. They say John is laughing yet about his new-found friend, whom he allowed to ride into town with him, and then decided to joke his folks.

John Lynch and wife were visiting their uncle, Jim Foreman, Wednesday. Mrs. Jim Foreman 2d accompanied them and will visit several days.

Miss Van Gordon, who is said to possess a magnificent voice and to be one of the most beautiful women on the operatic stage, will take part in every program of the day.

ENJOYING LIFE.

Life is altogether too short to be worried away. You want to enjoy it when at work, when at the table, when at rest. But you cannot get the best out of life if your digestive apparatus is not working smoothly and your stomach reminds you continually that something is wrong, that it cannot supply your body with the needed amount of energy and strength; will not allow you to sit down to the table with a good appetite; will spoil your rest by making you feel uncomfortable. But there is no need of your suffering this way, when a dependable remedy is offered to you. Take Triner's American Elixir of Bitter Wine for some time regularly according to directions and you will soon feel again like a new being. Your daily duties will no more be a burden to you—but a pleasure; you will enjoy your meals and you will feel comfortable when resting. At drug stores. Price \$1.00. Jos. Triner, Manufacturer, 1332-1339 S. Ashland Ave., Chicago, Ill.

Pains in small of the back, in joints, in muscles, etc., will soon disappear when you apply Triner's Liniment. At drug stores, 25c and 50c; by mail, 35c and 60c.

RETURNS FROM GRAND LODGE

This afternoon Frank Neumann and August Bakow returned home from Columbus, Neb., where they have been as delegates to the grand lodge of the Sons of Herman, which has just closed its session there. The boys were able to secure the next grand lodge meeting for Plattsmouth in 1918, and Mr. Neumann was selected as the grand outer guard by the grand lodge. The two delegates put in some good licks at the meeting and their efforts were crowned with success.

ALLMANN SHOW PLEASING.

The Allmann show last evening drew the largest house so far during the stay of the company here and one of the best plays yet shown was given by the excellent stock company. The title of the play was "The Net," and every one of the company did splendid work in their respective roles. The vaudeville was, as usual, one of the most entertaining features of the evening, and the clever members of the company in their songs and dances pleased everyone.

TROOPS RESCUE RAIDERS' CAPTIVE

Glenn Springs Merchant Found By United States Troops 125 Miles In Mexico.

Marathon, Tex., May 18.—United States soldiers have rescued J. Deemer, American storekeeper captured by Mexican raiders on Glenn Springs, and Boquillas, Tex., according to a man named Terry, who arrived yesterday morning.

He said the soldiers entered a village 125 miles in Mexico and the bandits rushed out, leaving Deemer and a captive negro named Monroe Payne. Payne and Deemer are being brought back to the United States, Terry said.

Relief at Washington. Washington, D. C., May 18.—Genuine relief over the Mexican situation was evident in administration circles yesterday. The principal cause was the assurance conveyed to President Wilson and his cabinet through Secretary Baker that the Carranza government now is convinced the United States has no intention of intervening in Mexican politics and that consequently resentment against the punitive expedition is rapidly decreasing.

General Scott, chief of staff of the army, brought this word to Secretary Baker from his conference at El Paso with General Obregon, war minister for the Carranza government.

Report Confirmed. San Antonio, Tex., May 18.—The rescue by the American soldiers of J. Deemer and the negro cook, Monroe Payne, carried off as prisoners by the bandits that raided Glenn Springs and Boquillas, was reported to General Funston today.

Colonel Frederick W. Sibley, commander of the expedition sent to Mexico at Boquillas to capture the Glenn Springs raiders, is about forty miles south of the border, according to information sent to headquarters yesterday by officers of the signal corps working along the line of communication. Major General Funston has not received a direct report from Colonel Sibley since the latter took up the bandit chase in Mexico.

Three companies of coast artillery were sent from here to Del Rio yesterday for distribution along the main line of the Southern Pacific to guard bridges and garrison towns. The four remaining companies will take up similar duty as soon as rolling stock has been provided for their transportation.

BRYAN NOT GOING TO SIT IN THE CONVENTION

Corrects "Deliberate and Malicious Misrepresentations of Corporation Papers."

Lincoln, Neb., May 18.—William J. Bryan is not going to the democratic national convention as an alternate from Nebraska nor as a delegate from any other state, according to an announcement made yesterday.

Neither is Charles W. Bryan, defeated candidate for the democratic gubernatorial nomination in Nebraska, planning to run independently or as the candidate of another party. Mr. Bryan's statement, which was made, he explained, "to correct the deliberate and malicious misrepresentations of corporation-controlled papers," says:

"William J. Bryan has never had any thought of going to the democratic national convention as an alternate from Nebraska or as a delegate from any other state, and Charles W. Bryan has had no thought of running for governor without the democratic nomination.

C. W. Bryan received the people's independent nomination for the place by a vote of 203 to 133 for Neville.

GERMAN PAPERS REPLY TO GREY

Foreign Secretary's Remarks on the War Brings Sharp Answers.

Berlin, May 18.—(By Wireless to Sayville.)—German newspapers discuss at length the statements attributed to the British foreign secretary, Sir Edward Grey, in the recent interview in which he took up the origin and object of the war," says the Overseas News agency. "The newspapers agree that Sir Edward merely repeated statements which already had been refuted by Chancellor von Bethmann-Hollweg, who in his speech of August 19, 1915, discussed Premier Asquith's utterances on the same topics. The premier then stated that Germany had made impossible an understanding with Great Britain in the negotiations before the war by asking Great Britain to pledge her absolute neutrality in the event Germany became engaged in war.

"The chancellor pointed out, however, that Germany had asked assurances of Great Britain's neutrality in case war should be forced upon Germany, which is quite a different thing inasmuch as it excluded the possibility

that Great Britain would be forced to remain neutral if Germany should entertain intentions of aggressive action.

"The newspapers refute the declaration of the British foreign secretary that England had no intention of acting aggressively toward Germany by quoting secret reports of Belgian diplomats which show the manner in which British diplomacy had aimed for years to isolate Germany and expose her to the attack of a coalition.

"Sir Edward Grey's remarks in regard to the restoration of Belgium are answered by pointing out that Chancellor von Bethmann-Hollweg in his latest speech indicated that Germany favors a really neutral and really independent Belgium, a state which is willing to collaborate with Germany as with other countries.

"Sir Edward disregards well established factors, the newspapers say, and therefore his utterances are hardly likely to promote the cause of peace, although he does not use the high-sounding phrase that Germany ought to be crushed, which previously has usually been given as Great Britain's object in the war."

Can You Afford Any but a Titan Kerosene Engine?

AT present average prices for kerosene and gasoline, Titan kerosene engines save their owners about 1.1c per horse power per hour over gasoline engines.

Figure it this way. On an 8-horse engine the saving is 8.8c. an hour, 88c. in a 10-hour day, \$88 in 100 days of work. Say that is all your engine does in a year.

It would cost you \$88 more than you need to pay, to run an 8-horse gasoline engine one year. That is more than a third of the price of the engine. Can you afford to throw away \$88 a year? Can you afford even to think of buying a gasoline engine, when you can get a Titan that uses kerosene? See the Titan dealer and talk this over. He has some interesting figures to show you.
