

Murray Department

Prepared in the interest of the People of Murray and Surrounding Vicinity Especially for the Journal Readers

If you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

BUILD UP YOUR BANK ACCOUNT.

Four per cent interest on time deposits. Our deposits are protected by the State Guaranty Law.

MURRAY STATE BANK

Will Oliver and wife were Platts-mouth visitors last Saturday.

Mrs. G. S. Ray was visiting with friends in Murray Friday.

L. F. Fitch and wife were guests of Lee Faris and family last Sunday.

Wm. Nickels was looking after business matters in Plattsmouth Tuesday.

George Parks was looking after business matters in Weeping Water Monday of this week.

Mrs. Mary Wiley drove to Plattsmouth Monday to meet Mrs. Parks and son, who were returning home from Omaha.

Mrs. John Hendricks entertained the K. N. K. last Thursday at a quilting. A large crowd attended and one quilt was completed.

Mrs. Walter Sans, who is recovering from a severe case of poisoning, was able to visit at the home of her parents Tuesday.

M. C. Baker will arrive in Murray Thursday of this week for a few weeks with his son, A. L. Baker, and daughter, Miss Ophelia.

F. N. Copenhagen went to Syracuse, Nebraska, last Saturday morning, where she will attend the commencement exercises, and the graduation of a grandson at that place.

Mr. and Mrs. George Park went to Omaha Saturday, where Carl, their little son, was operated upon for adenoids, also having the tonsils removed. He returned home Monday, and the little fellow is improving very nicely at this time.

Mrs. George Wagner went to Omaha Wednesday where she had an operation performed on four children, Miss Tressa, Grace, Marie and Albert, all of whom had their tonsils removed. They are all getting along nicely and were brought home Thursday.

Mr. and Mrs. W. H. Puls were visiting in Omaha Thursday.

Minford & Creamer shipped a car of stock to South Omaha Monday.

Joe Mrasen and son "Bill" from near Plattsmouth, were Murray visitors Wednesday of this week.

Mrs. James Hatchett, who has been very ill for the past few weeks, is reported some better at this time.

Alf. Gansemeyer was numbered with the sick Wednesday of this week.

Mrs. D. C. Rhoden and Mrs. Alf. Gansemeyer were Plattsmouth visitors Tuesday afternoon.

Edith Taney, who for the past few months has been looking after the telephone switchboard in Weeping Water, was home over last Sunday visiting with her parents, Mr. and Mrs. Wm. LaRue.

Bert Root departed Monday for the home of his father at Big Springs, Neb., where he will make some repairs on his father's residence caused by fire a few weeks ago. A portion of the house was burned, and will require several days of Mr. Root's time to replace.

A. L. Baker was a Plattsmouth visitor Monday evening of this week.

Mrs. Jack McNatt, who has been very ill for the past few months, remains in about the same condition as last reported. She does not seem to regain her strength as rapidly as the relatives and friends would like to see.

Dr. G. H. Gilmore, whom we reported as returning home last Thursday evening, was either delayed in the journey or we were a trifle premature in reporting his arrival, as he will return home on Thursday of this week. We were only one week off at that, that is our fault or the doctor's. We have not seen him yet, so we do not know where the delay was caused.

Mrs. E. R. Queen was visiting friends and looking after business in Plattsmouth last Saturday.

Mrs. L. D. Hiatt was visiting with her parents in Plattsmouth a few days the latter part of last week.

Mrs. George Ray very pleasantly entertained the Social Workers and Flower Club last Wednesday afternoon. A large crowd was in attendance, and a very enjoyable time was had by all present. Mrs. Ray served a dainty and delicious dinner, much to the pleasure of the occasion.

Mr. and Mrs. Wm. Rice and daughter Miss Esther were Plattsmouth visitors Tuesday, driving up for a few hours visit with county seat friends. I. M. Davis and daughters Misses Marie and Leone were visiting and trading with county seat friends for a few hours Tuesday, driving up from their home west of Murray.

Ted Barrows and W. G. Boedecker went to Omaha Wednesday, where they remained for the day, looking after some matters of business.

John Kinser came down form Plattsmouth Wednesday morning and started the work of plastering the new residence of W. H. Puls, which is now very rapidly nearing completion.

Messers Willard Kraeger, Atho Gregory, Fred, Jess, Earl and Dan Terryberry, Albert Philpot, John McCrary, Rudolph Heil, Virgil Uriash, Otto and Herman Wohlfarth, Norman Engelkemeier, John Emil and Will Parkening, John West, Fred, Walter, and Herman Engelkemeier. Mr. and Mrs. Philip Schafer and Mr. and Mrs. A. H. Engelkemeier.

Mr. and Mrs. Walter Sans and family, from east of Murray, were guests at the home of Mr. and Mrs. Ted Barrows in Murray last Sunday. This is the first time that Mrs. Sans has been able to leave home since the serious illness from poisoning a few weeks ago. She is still very weak from the effects of the illness, but is gaining strength very rapidly at this time.

There will be a moving picture show given in the Puls & Gansemeyer hall in Murray on next Saturday evening, given by Mr. Robb and Mr. Kniss. They will give a good program, and this first entertainment is given as a trial for the future. Should the patronage be sufficient to warrant these picture entertainments will be given at regular intervals in the future.

Louie Puls sold Fred Hild a fine new Velie Six automobile this week. It was one of those fine small type sixes that are such a favorite with all the auto driver at this time, and is a mighty fine car. Mr. Puls is also driving a new one of the same type, having purchased it during the past week. Mr. Puls will make a live agent for the Velie people in this locality. He sold his old Marion to Ben Noll.

While loading out his fine cattle here last Monday evening, one steer got away from Lee Brown, and up to the present time has not been heard from. One fat steer at \$9.75 per hundred is pretty valuable property these days, that no one is very anxious to part with in this manner. He will no doubt turn up within a very few days having strayed to the herd of some feeder near by and has not yet been noticed.

The Murray schools will close on Friday of this week, with a big picnic in the timber. This celebration is given for the children and all who wish to attend. This occasion will mark the closing of one of the most successful school years in the history of the Murray Schools. The teachers have done excellent work and the students have given their time and attention to the studies during the entire year. This is all that can make any school a success.

Dr. J. F. Brendel and Herman Richter went up to Omaha Tuesday and visited at the hospital with the three sons of Mr. Richter. The little fellows are getting along very nicely at this time. They are all lined up in one bed, and over their heads will be found the placards announcing the names of each one as they lay side by side. This is the only way in which the attending nurses have been able to distinguish one from the other, they look so much alike, and are so nearly the same size. First comes Joseph Francis, then Chas. Alfonso and Herman Ernest. The little fellows are the pride as well as the admiration and curiosity of all in and around the hospital as well as all visitors. Dr. Allison has been called on for a report from the operation from Chicago, and as near as has been possible to learn there has never been a case of this kind on record in all surgical history.

If any of the readers of the Journal know of any social event or items of interest in this vicinity, and will mail same to this office, it will appear under this heading. We want all news-items—EDITOR

SOME OF THE FINEST CATTLE OF THE PRESENT SEASON

A. F. Boedecker, residing near Nebraska, shipped a carload of cattle from this station on Monday of this week that were among the toppers of the season in South Omaha. The following is taken from the South Omaha Stockman-Journal in regard to them:

A. F. Boedecker of Nebraska, is raising cattle on his high priced land for feeding purposes. A car load which he brought in today averaged 1,478 pounds and sold at \$9.75 after being on feed for five months. They were out of his own high grade Short-horn cows and were allowed to run with their mother until six months old. They were roughed through the winter and run on pasture the second summer. On December 12 they went to market, being given alfalfa hay up to April 1, after which they were given shelled corn. At the time they were placed in the feed yards they weighed 1000 pounds so they made a gain of 478 pounds. It will be noted that Mr. Boedecker holds his cattle longer than a good many farmers who are raising their own feeding stock preferring to turn out heavy beef instead of baby beef. The cattle he marketed today were coming three-year-olds.

BECAME VERY SICK FROM THE STING OF A BEE

Miss Pauline Oldham was very ill for a few hours Wednesday morning, by positioning from the sting of a bee. She was looking after work of the caring for the various lines of stock on the place when one of these busy little fellows took a sudden dislike to her and proceeded to make the fight as is usually waged by the busy bee, and while Miss Pauline was only stung the one time, the poison from the stinger seemed to be carried to most all portions of her body in a very short time, and for several hours she was very sick from the effects of same. There have been cases of this sort that have resulted quite serious. Medical attention was called immediately and upon scattering the poison relief came to her soon thereafter.

A LUCKY PRIZE WINNER.

Master Leslie L. Baxter has proven himself to be one of the lucky prize winners in the Calumet Baking Powder Co. baby naming contest, and this week he received from that company \$25.00 in gold, this amount being one-half of the amount offered for the first accepted name for the chubby little chap with the big, round eyes, being featured in the Calumet Baking Powder advertising campaign. The company state that they received over two thousand answers to the advertising matter, and the other half of the \$50.00 prize went to a young lady way down in Louisville, Kentucky. The young man is to be congratulated upon his success in the campaign, he has already received the five brand new \$5 gold pieces.

PULLMAN HANGS UP NEW RECORD IN RUN OVER ALLEGHENIES

The high cost of gasoline has no terrors for the man who owns a Pullman. The T. G. Northwall company, local representatives of the Pullman car, has just received an interesting account of a grueling test made by G. C. Eichelberger of Pittsburgh, and his associates, who drove nine Pullmans from York, Pa., to the smoky city, a distance of 220 miles, averaging 19.2 miles per gallon of brand-new cars.

Here's Eichelberger's own story of how his Pullmans defied the Alleghenies and put to rout the gasoline bugaboos.

"Leaving the factory with nine cars at 4 o'clock p. m., we drove to Gettysburg, went over the battlefield, and then to Chambersburg. Stopping there over night, we left Sunday morning, driving through to Pittsburgh, covering approximately 170 miles without a particle of trouble to any car. In fact a high-priced car could not have given better service."

"We crossed six mountains on the trip and anyone who knows the road will tell you that the balance of it is hard on gasoline, but all our cars came through with good average, the cloverleaf roadster making 19.02 miles per gallon and the touring cars from 17 to 18—Omaha World-Herald.

The Pullman cars are handled in Murray by George Nickels, who will be more than pleased to demonstrate the many good points of this car to you at any time.
