Why We Are Opposing A Government Armor Plant

To the People:

Some people say that the very fact that the Bethlehem Steel Company is so aggressively fighting the proposal to build a Government armor plant is conclusive proof that the Company is seeking to assure for itself the "vast profits" derived from private manufacture.

The fact is that armor making is the least profitable feature of steel manufacture.

The reason we oppose a Government plant is very simple. It is this:

Even though there is but little profit in the making of armor, we have invested over \$7,000,000 in our armor plant;

That plant is useless for any other purpose; if a Government plant is built the usefulness of our plant is destroyed.

It would be good business for us to make armor for the Government at any price over and above the actual shop cost, RATHER THAN SACRIFICE OUR ENTIRE INVESTMENT.

We do not seek to save big profits; our purpose is very frankly to save our armor plant—itsself built solely for the use of the Government—from going to the scrap heap.

To do that, we are prepared to agree for any period to any terms of manufacture which the Federal Trade Commission shall say absolutely protects the Government of the United States.

MURDOCK.
(Special Correspondence.)

Miss Grace Gustin is attending commencement at Elmwood this week.

Mr. August Panska is having a well dug on his Murdock property.

Rev. A. H. Schwab has been suffering from a very painful infected boil.

Miss Anna Thiele is visiting her sister in Elmwood and attending commencement.

Mrs. Jones of Stratton is visiting her daughters, Mrs. H. V. McDonald and Mrs. H. A. Tool.

Misses Ruth and Gladys Sorick gave a high school party Saturday evening. Games were played and refreshments served. The guests departed at a late hour.

Mrs. Cooper of Des Moines, representing the Midland Lyceum bureau, was in town this week and placed a strong entertainment course of four numbers for next winter.

Local eighth grade graduating exercises were held at the Evangelical church Tuesday evening, May 23. Rev. Schwab had been engaged to speak, but his illness prevented, and the committee was fortunate in securing Dr. J. A. Beattie of Lincoln, who delivered an able address upon the subject of "Six Important Factors in Education." Several pleasing numbers of music were rendered. The graduates were: Edna Miller, Anna Scheel, Adela Peters, Opal Hite, Mania Eichof, August Wendt, Willie Lau, Albert Rieckmann, Edith Bouton, Martha and Hulda Leutschens and Clara Oehlkring.

On May 5 the Murdock high school baseball team played a return game at Grand Prairie. Cunningham, the teacher, took a picked team from the vicinity and stood them against the visiting team. The Murdock team struggled under obstacles throughout the game and the final score was 6 to 5, in favor of Grand Prairie. Monday, May 22, Grand Prairie had a

picnic in remembrance of the closing time of school. They invited the Murdock high school to be present and enjoy the ice cream and another game of baseball, to which they heartily responded. In fact, they had another new player, which greatly aided them in winning. The game was largely attended and it was interesting from beginning to end. Many class yells were exchanged on the grounds. The little folks under the fifth grade at Grand Prairie were smart little yell masters for the home team. The score stood 13 to 4 in Grand Prairie's favor for the second time. After the game the high school pupils were entertained at ice cream, which was a fine refreshment for the defeated high school team. We wish the Grand Prairie team much success this year in playing ball.

YOU WOULD BE PROUD

to have people say of you, "he raises the best hogs in the county." That's what they say of A. J. Swingle, of Leonardville, Kansas, who says in his Thoroughbred Poland China Catalogue that Standard Hog Regulator has made it possible for him to top the Riley County Circuit for three years with the highest average sale price and highest price for a single gilt, and yet he did not believe in hog preparations until his brother got him to try STANDARD. Feed STANDARD HOG REGULATOR to your hogs and you can do as well as he and hundreds of others are doing. It is nature's way, that's why it is bound to pay.
