

A DEN OF WOLVES UNearthed ON THE EGENBERGER FARM

From Friday's Daily.
Yesterday afternoon a den of wolves was unearthed on the Egenberger farm, south of this city, by M. G. Stava, Lee Fickler and Clarence Price, who were working near there, when they suddenly came on the hangout of the wolves, and in a few minutes had four of the young ones captive. The wolves were of pretty good size and the gentlemen are quite pleased with their capture as it will probably result in ridding that locality of a nuisance of the worst kind. So far the old wolves have not been captured, but every effort will be made to land them and rid the community of the prowling of the animals around the farms in that locality, where they did a great deal of mischief in the last few months. Only a few days ago one of the animals visited the farm of Mr. Stava and carried away a full-grown chicken, and they had become so bold as to come right up in the farm yard in broad daylight, so that the finding of their den is pleasing in the extreme to the residents along the river bluffs.

DEATH OF FORMER PLATTSMOUTH LADY AT YORK HOSPITAL

From Friday's Daily.
A message was received here last evening announcing the death at the hospital in York, Neb., of Mrs. Harry Windsor, formerly Miss Star Everett of this city, which occurred there yesterday. Mrs. Windsor, since her marriage, had made her home at Waco, Neb., and for some time had been in poor health, culminating in an operation for gall stones at the York hospital. The condition of Mrs. Windsor was such as to make her recovery doubtful, and she was unable to withstand the shock of the operation. She leaves a husband and one little child, 3 years old, to mourn her death.
While here Mrs. Windsor made her home with her sister, Mrs. Lyle, and family, while Mr. Lyle was here as cashier at the Burlington station, and Mrs. Windsor was for a time employed as one of the operators in the telephone office.
The friends of the family will regret greatly to learn of the death of this estimable lady, and extend to the bereaved family their deepest sympathy in their hour of grief.

KENSINGTON CLUB ENTERTAINED AT THE RICHARDSON HOME

From Saturday's Daily.
Last evening the Kensington club of Mynard, an organization of the young ladies of that locality, were entertained in a very pleasant manner at the handsome home of Mr. and Mrs. W. T. Richardson as the guests of Miss Pheme Richardson. The ladies in the afternoon enjoyed a pleasant time picnicking and in their fancy work until the shades of evening falling they were joined by a number of their young gentlemen friends to assist in their pleasures of the occasion. For several hours the Richardson home rang with laughter and pleasure as the young people enjoyed the event in visiting as well as with several very beautiful musical numbers which the talented members of the party offered. At a suitable hour dainty and delicious refreshments were served that added greatly to the pleasure of the occasion and were soon disposed of by the jolly party. Those in attendance were: Misses Rachel, Jennie and Helen Livingston, Pheme Richardson, Nellie Wiles, Florence and Emma Richardson, Mattie Gapsen, Mary Wetenkamp, Loretta and Vera Propst, Edith Gapsen, Elsie Gapsen, Lillian Bajack, Bonita Porter and Miss Snyder; Messrs. Bryan Snyder, Maldon Brown, George Snyder, John Livingston, Myron Wiles, Arthur Wetenkamp, Elbert Wiles, Elmer Wetenkamp, Guy Wiles, Robert Walling, Howard Wiles, Will Richardson, Dwight Propst and Mr. and Mrs. W. T. Richardson.

Stomach Troubles and Constipation.
"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years' drug store service," writes S. H. Murphy, druggist, Wellsburg, N. Y. Obtainable everywhere.

CASS COUNTY CAULIFLOWER IS BEING SHIPPED TO OMAHA

From Saturday's Daily.
Our friend, Henry Kaufmann, the gardener, residing south of this city, has this week shipped to the Omaha market sixty dozen fine cauliflowers which he raised on his farm and which are as fine specimens of this vegetable as can be found anywhere. Mr. Kaufmann has beaten the Omaha market gardeners with his products, both in earliness as well as in quality, and the demand has been very great on him for a supply of this vegetable. When it comes to gardening they have to go some to get ahead of Henry, as he has the earliest and best vegetables on the market.

GEORGE C. REED, OF WEEPING WATER TO SPEAK HERE SUNDAY

From Friday's Daily.
Mr. George C. Reed of Weeping Water, who is to address the meeting of the Christian Endeavor society on Sunday evening, at 7:30, at the Presbyterian church, is a most interesting speaker. Being a missionary at Morocco, he will bring the customs and life of the people living there very clearly to us. His word pictures need no stereopticon to add vividness for he is able to give us in a pleasing way exact word portraits of this strange land. There will be no admission charged, but an offering will be taken to defray his expenses in coming to us.

THE WORK ON NEW PLATTSMOUTH RESIDENCES PROGRESSING

From Friday's Daily.
The carpenter work on the new residences of E. C. Hill and W. A. Swatek on West Main street has been started and will soon have the residences well on the way to completion and make a vast improvement in that section of the city. The Hill home is being built under the direction of A. B. Smith and his workmen, while the Swatek residence is being put up by Frank Konfrst, who has had the erection of quite a number of homes in this city. Both of these new houses will be strictly modern and assist in making that portion of the city even more attractive than before.

J. R. RUMMERFIELD INVENTS AN AUTOMOBILE DIRECTOR

From Friday's Daily.
J. R. Rummerfield of this city has joined the field of inventors by his perfection of a course indicator for the auto driver which seems to fill a long-felt want. This little device consists of an arrow which is placed on the front of the dash of an automobile and by pressing a button on the door the arrow points in the way the driver of the automobile intends to turn, and, being visible from the back, permits the driver of a machine following to learn just what way the machine intends to turn, saving time as well as the danger of accidents and collisions. Mr. Rummerfield has perfected the device and intends to have a number of them made at once as soon as he receives his patent and installed on automobiles here, that a practical working may be secured from the device. If it proves as successful as hoped for it certainly looks as though "Bud" has secured something good that will find a ready sale.

IN HONOR OF AGED COUPLE

About forty children, grandchildren and great grandchildren of Mr. and Mrs. Moses Hiatt of Murray honored them with a visit Sunday at the home of their daughter, Mrs. A. M. Cole, in the east part of town, where the aged couple had been visiting the last three weeks and who left for their home at Murray Tuesday.
Among those present were their sons, Charles Hiatt and wife of Plattsburgh, Demitte Hiatt and wife of Murray; their granddaughter, Mrs. Alfred Dean and husband of Murdock; grandson, C. M. Cole, wife and family; grandson, Floyd Cole, wife and family.
Mr. and Mrs. Moses Hiatt are among the oldest settlers of Cass county and remarkably spry for their advanced age.—Weeping Water Republican.

A PARTY HERE FROM THE OIL REGIONS NEAR UNION YESTERDAY

From Saturday's Daily.
An automobile party of oil prospectors and others from Union were in the city yesterday afternoon for a few hours and the party was under the charge of Attorney C. L. Graves, as guide, and they spent a short time here looking after a few matters in regard to the oil well work near Union. In the party were Lon Deitrich, the owner of the well drilling outfit, as well as "Curley" Robinson and Dick Dickson, two of the expert drillers, who have been engaged in the work at that place. Ellis LaRue and George Stites, the liveryman, accompanied the party to this city.

The work on the oil well has been prosecuted until a depth of 700 feet was reached, when some of the well boring apparatus was covered up in the well and made it necessary to replace it with other machinery, and this has delayed the advancement of the work quite a great deal, but seems to have been overcome, and the operations will be resumed in a very short time. The residents of Union and vicinity are very optimistic as to the possibilities of striking oil in the drilling operations, which are being carried out near the Missouri river, five miles east of that place. It is to be hoped that the ambitions of the Union people can find a realization in a great flowing oil or gas well, adding to the great natural wealth of this county.

SAFETY FIRST

When riding on a country road, Near a crossing at a grade, You hear a distant whistle blow And know why the sound is made.

All who hear the warning given Must expect to find An engine coming down the line And a train of cars behind.

Can't the engineer stop it? Why, yes, after a while, But it takes a little distance, Say, 'bout half a mile.

Don't give your car more gasoline, Or whip up your "old hoss," And take a chance of getting hit, To beat the train across.

For if it ever hits you, Well—I've only this to say: "There'll be joy in heaven," Or, "There'll be the devil to pay." —T. W. Gladhill.

LAFE NELSON HAS FORTY ACRES OF CORN WASHED OUT

From Saturday's Daily.
Lafe Nelson, one of the farmers residing several miles south of this city, was a sufferer from the heavy rain of last Wednesday night, having some forty acres of his corn washed out and making it necessary to replant the field. The rain in that section was very hard and on the rolling land washed a great deal, making it a task for the farmers to replant their corn. West, in and near Eight Mile Grove, the rain reached over a large area, and in this section most of the farmers suffered a great deal from the storm. This was undoubtedly the heaviest storm of the season throughout this portion of the state, and from Olee county comes stories of losses sustained in the storm in different parts of that county.

THROWN FROM MOTORCYCLE AND RECEIVES INJURIES

From Saturday's Daily.
Last Sunday morning Guy Frisbee, while riding his motorcycle, happened with a rather serious accident when near the Al Weichel place in the north part of town. The device controlling the gas did not seem to be working properly and in attempting to turn it off he turned it on, lost control and tried to jump from the machine, with the result that he had his shoulder bone broken and the flesh on one of his arms badly torn. He was immediately picked up and brought to town, where he received the attentions of a physician. At the present time he is getting along as well as injuries of his nature will permit.—Elmwood Leader-Echo.

John Urish and wife and Philip Schafer and wife from southwest of Mynard were among the visitors in Plattsburgh Saturday for a few hours, visiting with their friends in the county seat and looking after same trading with the merchants.

IN PLATTSMOUTH FORTY YEARS AGO

Sam Hall of Elmwood precinct is in town. Courting, you know. General John R. Clark is down from Lincoln; left for home yesterday. Mrs. Marshall has returned from the east, and Captain and the parrot are both happy.
An older brother of Mr. Samuel Hinkle, with his wife, have been visiting Plattsburgh.
City Treasurer James Patterson returned home the other day from Cleveland, looking fine and healthy.
We are glad to chronicle the recovery of Mrs. Bird, Mrs. Latham's mother, from a lingering attack of fever.
Mr. Elam Parmele has moved from the house owned by Julius Peppenberg, and Mrs. Parmele has gone to Iowa on a visit.
Mr. J. G. Oldham killed eighteen rattlesnakes in one hole the other day, one old one and seventeen young ones. It's a good thing, for at this rate of increase next year there might have been 250 of them.
We were very sorry to learn that Joseph Lloyd, who was hurt so severely under the cars some time ago, unfortunately slipped and injured his leg over again. Dr. Livingston says the injury is not a breakage hardly, but still will keep Mr. Lloyd in his bed again for several days.

Oliver C. Dovey, son of E. G. Dovey, Esq., and who has faithfully attended to business at the store for some time, has left us and gone to Tabor, Ia., to attend school there, and will stay long enough to take a regular course. We are glad to hear this news of Oliver, and think both he and his father show good judgment in so doing.

The rush and crowd continues at the foot of Main street. Four or five passenger trains a day and a constant procession of freight cars truly make things lively in Plattsburgh. If we could only induce the B. & M. in Iowa to continue their business on this side we feel that they would profit in the long run by so doing, and it would be a great convenience to us.

TENNIS SHARKE GETTING READY FOR THE SEASON

From Saturday's Daily.
The tennis "sharks" of the city are getting busy for another season of pleasure in this splendid sport and already several matches are in prospect for the Chicago avenue courts, which the Plattsburgh Tennis club has in such fine shape, and if the weather stays good for a few days it will be ideal for the sport. Rev. F. M. Drulliner and Rev. H. G. McClusky, who are sure tennis bugs, are both ready for the summer sport and in the best of form, while the other players are getting ready for the coming fray. The past two years has seen an increasing interest in the game that has made possible the maintenance of a first class court, something that was long needed. There is no sport more beneficial to the physical and mental man than tennis.

DEATH OF MRS. VENA LEE

From Saturday's Daily.
The death of Mrs. Vena Lee occurred Monday evening, May 29, at the Immanuel hospital in Omaha, following an operation for an enlarged kidney, and also a tumorous growth from which she had suffered for several months. Mrs. Lee lived in this vicinity all her lifetime and was well known and highly respected.
She leaves a son, Victor Lee, and a brother, Edward Ingram, besides a number of relatives, and a large number of friends to mourn her loss. She was 43 years 11 months and 24 days old. The funeral occurred on Thursday afternoon at the Christian church, conducted by Rev. F. E. Miller, pastor of the Free Methodist church, with interment at Glendale cemetery.—Louisville Courier.

Attorney C. S. Aldrich of Elmwood was in the city today, looking after some litigation in the county court.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CROWLEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

No. 194 (local freight)..... 9:20 a.m.
North-Bound Trains.
No. 105 6:31 a.m.
No. 103 3:59 p.m.
No. 107 7:48 p.m.
No. 193 (local freight)..... 2:39 p.m.

P. E. RUFFNER IN SERIOUS CONDITION AND GOES TO HOSPITAL

From Saturday's Daily.
The friends of Mr. P. E. Ruffner, one of the oldest residents and democratic candidate for county assessor, will regret greatly to learn of his serious condition, as a result of which he was taken to Omaha yesterday afternoon at 4:15 to undergo an X-ray examination as to the condition of his jaw. Mr. Ruffner had been suffering from toothache for several days, and Tuesday had one of the teeth pulled in the hopes of relieving the pain he was suffering, but shortly after the extraction of the tooth his condition became much worse and for the past few days he has not been able to open his mouth or take food, the ailment resembling somewhat that of lockjaw. It was decided that the best way would be to have an X-ray examination made to determine the cause of the trouble and, if possible, give the patient some relief. It is to be hoped that the examination will discover the cause of the affliction and that it will be possible to relieve our old friend from his suffering.

THE BUICK WILL BRING OUT A LOW PRICED FOUR THIS MONTH

From Saturday's Daily.
The Buick Motor company of Flint, Mich., which last year confined itself entirely to the manufacture of six-cylinder cars, is going to bring out a low priced four-cylinder car some time in June.
The Buick car will probably sell for about \$625. According to the advance information obtained, it will have a wheel base of about 106 inches. The four-cylinder engine, with overhead valves, will develop thirty-five horsepower.
The car is to be put out in two different models, a two-passenger roadster and a five-passenger touring car. This Buick model, though smaller, will have the same attractive lines of the larger cars, and will be provided with all of the modern equipment found on those cars.
With the big Buick factory back of it, dealers in this car in this territory predict a big sale for the new popular priced model.

MARE STRAYED
Strayed, roan mare; has full white face and white mane and tail. Finder call D. C. Rhoden at his expense and receive reward for return of mare.

SUDDEN DEATH OF DR. A. C. WELCH AT WEEPING WATER

From Saturday's Daily.
Yesterday afternoon shortly before 4 o'clock Dr. A. C. Welch, one of the best known physicians in Cass county, died suddenly at the home of Ray Wiles, three miles north of Weeping Water, where he had been called in consultation with Dr. Reed of Weeping Water and Dr. T. P. Livingston of this city.
Dr. Welch had not been in the best of health for the past few weeks and yesterday when he was called to the Wiles home his wife urged him to remain at his home and rest as he was feeling too badly, but the doctor heeded the call of duty and departed for the Wiles home, where he arrived about 3:30, and in company with the other physicians made an examination of the patient, Mrs. Wiles, who was in a very serious condition. While engaged in the examination Dr. Welch was taken suddenly very ill and it was necessary to remove him to an adjoining room, where he could secure more fresh air, and every effort made to revive him, but in a few minutes he was unconscious and within fifteen minutes of the time he was taken, sick the doctor was lifeless, having been stricken with cerebral hemorrhage, and it was impossible to give him relief. Dr. Welch suffered three distinct seizures before death came to his relief.
Dr. Welch came to Weeping Water seven years ago, succeeding Dr. E. T.

Rickard, who was killed in an automobile accident, and during his residence had built up a very large practice in Weeping Water and vicinity, which had occupied his time almost continuously, and the strain of the strenuous work had greatly undermined his health. He was 62 years of age at the time of his death and leaves to mourn his death the widow, one son, Dr. M. G. Welch, who has recently located at Louisville; two daughters, Mrs. Fred Miller, of Lincoln, and Mrs. Gordon Towle, of Hartwell, Neb.

A VERY HAPPY EVENT

From Saturday's Daily.
Last evening there arrived at the home of Mr. and Mrs. Arthur Hull a bouncing baby boy who will make his home with them in the future and is a present that has brought great delight to the happy parents. The little son is the first child in the family and a source of much admiration from the delighted parents. Grandpa J. C. York is bearing his new honors proudly and already has plans for taking the young man into the republican ranks.
Forethought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

The Connecting Link!

To some young fellows it's a puzzle to combine style with sensible economy. But there's a way to do it, and an easy one.

Clothcraft Clothes are what might be called the connecting link. They are stylish, well made, good fitting and guaranteed to give satisfactory wear. As for the price well, \$10 to 20 certainly offers a chance for economy.

Society Brand and Kuppenheimer Clothes
\$20 to \$30

Pick your straw hat now while size and stock is complete. In Panamas we are showing as neat a line of moderately priced hats as can be seen anywhere. We also have a big variety of the newest shapes and straws at prices that are right.
