With the aid of Henry Thierolf he has been endeavoring to break the broncho of the plains during the past few days, with excellent results. The new possession of Mr. Heebner came from Murray and was formerly owned by Col. Jenkins. Henry says he can now run down to Murray every few minutes if he so desires, as he is positive that the car will keep the straight and narrow path back to the old home.

BRINGS HIS NEW CAR HOME

Walter Schneider and A. O. Ault drove to Omaha Monday, where Mr. Ault received the car that he drew in the Omaha News contest last fall. It seems as though the Hudson cars have been very hard to get during the past few months, especially the model that was offered in the News contest, and even at this late date they were unable to secure this model, and rather than keep Mr. Ault out of his well earned prize any longer the News Co. tendered him one of the fine Hudson Super Six cars, one of the finest on the market, and he returned home with it Monday evening. Mr. Ault was well paid for waiting as well as for the time he put in winning this handsome prize.

A FINE NEW RESIDENCE TO BE BUILT OF WHITE PINE

Mr. J. L. Carnicle, of South Bend, is going to erect a new residence on his fine farm in that locality. This is a bit of news not much out of the ordinary, for many people are going to build a new home this summer, but how many of them are going to use the famous old White Pine lumber for both outside and inside work? Perhaps not as many as would do so if they knew the value of this lumber as does Mr. Carnicle. This is the lumber that has stood the test of time for hundreds of years, and many of these old structures are standing today in the east, with all exposed surfaces in an excellent state of preservation. The material for this new structure was bought and loaded from the yards of the Cedar Creek Lumber Co., where all the material for this complete job was purchased, including the concrete blocks for the foundation, and all hardware and paint as well.

J. E. McGinness, the old time carpenter and contractor of South Bend, will do the work of construction, assisted by his son, which will be a full guarantee to Mr. Carnicle that the work of construction will be number one, the same as the material used in the building. The lumber and material was loaded at Cedar Creek Monday, and the car was full to the roof.

Mr. Carnicle expects to build a residence that will be as near modern in every particular as is possible on the farm, commencing at the foundation, it will be of solid mixed concrete up to the surface of the ground, and from here to the base of the sills concrete blocks will be brought into service, from here the White Pine lumber will commence in its work, and will be carried to the completion of the structure.

We did not learn the exact size of this new modern farm home, but do know that it will be amply large for all future requirements of the owner for from the class of material he is using he will never be compelled to erect another for himself nor his grandchildren if they so choose to remain on the old Carnicle homestead, for years to come.

Mr. Carnicle is one of the prosperous and progressive farmers of South Bend, one that has been a resident of Cass county for a great many years he has no doubt labored hard for the share of the world's goods that he has acquired, and a man of this sort is always entitled to the best, and he most generally gets it too, not only in his farm and home, but his entire surroundings as well, and the Journal wishes to congratulate him upon the fact that ere the wintry winds and snow falls upon us once more he will be comfortably settled in one of the finest homes in Cass county.

OLD LADY FEELING FINE

After Taking Four Bottles Of **Cardui, The Woman's Tonic.**

Cobden, Ill.—“Having used Cardui, the woman's tonic, in my family, for a number of years,” writes Mrs. Kate Metz, of this town, “and always with such good results, I feel it my duty to write you about it, so that you may publish my letter.

My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache.

She read of how much Cardui had helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine.

My mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything.

We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui. Try Cardui.
