Prepared in the Interest of the People of Murray and Surrounding Vicinity Especially for the Journal Readers

If any of the readers of the Journal know of any social event or item of interest in this vicinity, and will mail same to this office, it will appear under this heading. We want all news items.—EDITOR

THERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with \$20,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

IF YOU HAVEN'T A BANK ACCOUNT DECIDE TO OPEN ONE TODAY.

Four per cent interest on time deposits.

Our deposits are protected by the State Guaranty Law.

The Ladies Aid Society met at the home of Mrs. Lloyd Gopen Wednesday afternoon. We were informed that there were near 100 members and visitors present, and the meeting was a most pleasant one for all. They were treated to delicious refreshments and considerable work was done by the society.

At the United Presbyterian church in Murray, there will be the usual services next Sabbath. Sabbath School at 10:00 a. m.; preaching service at 11:00 a. m. Subject, "Does It Pay to be a Christian?" Preaching in the evening at 8:00 o'clock. Subject, "The Commands of Jesus." All are welcome at all services.

Jake Hild, who was in Murray on Wednesday, assisting J. R. C. Gregory in hauling hogs here for shipment, had one of his horses pretty badly cut on the wire at the stock yards. The animal was tied to the fence near the yards, and in pawing around the fore right foot was caught in the wire, and one of arteries severed.

J. R. C. Gregory shipped his hogs from this station to South Omaha on Wednesday of this week. They were hauled by neighbors from his farm home south of Cedar Creek. Mr. Gregory went to South Omaha Wednesday and was on the market Thursday morning at the time they were sold. They were a good bunch of hogs, and of course he expected to meet with a good market.

Mrs. Gertie Beckner and little son, Stephen Merrill are visiting this week at the home of her sister at Louisville. Mrs. Beckner has just finished her course of photo-play writing, and a number of companies have assured her that her work is first-class in every respect. If Mrs. Beckner's health will permit she will go on with her class at Nebraska City in connection with her work.

Celebrates Twelfth Birthday.

Mrs. John Hendricks entertained a crowd of little folks very pleasantly on Monday afternoon, in honor of Verne's twelfth birthday. The afternoon was spent in playing games, after which the hostess assisted by Mrs. Wilson, served a dainty luncheon of ice cream, cake, ice tea and candy. Those present were: Marie Hitchison, Marie Sullivan, Mabel Sullivan, Georgia Hull, May Wilson, Nita Wilson, Rose Reed, Helen Reed, Mary Park, Willa Park, Alice Nickels, Perry Nickels, Jean Nickels, Earl Smith, Oscar Campbell, Forest Schrader, Newton Sullivan, Eldon Hull, Ben Hull, Vern Hendricks, Mrs. Wilson and Mr. and Mrs. John Hendricks.

Dr. Gilmore Re-Elected.

The annual school meeting was held on Monday evening, and there being but one vacancy to fill, it did not require long to make the selection of a director, the term of Dr. G. H. Gilmore expiring. His excellent work on the board during his past term, the many things that have been done by this board, it did not take them long to realize that there was but one thing to do and that was to re-elect the doctor, and it did not require any political wire pulling either. Such other business as should come before the meeting was looked after.

Home Talent Play.

The home talent play given for the benefit of the Library Association at Murray, will be given Saturday evening, June 24th at the Puls & Gansemer hall. Those taking part have devoted considerable time in getting the play ready and it should be well patronized. Mr. L. D. Hiatt, who is directing the play needs no introduction to the people of Murray and surrounding country, as to his ability along this line. The program will appear in the next issue of the Journal. Tickets will be on sale in a few days.

There's an Economical Solution to "The Range Problem"

"BUILD IT OF MALLEABLE—

BUILD IT WITH RIVETS"

Perhaps you never thought of the selecting of a kitchen range as a "Problem."

But it is a Problem, and the proper solution of it will make a big difference in your every day living expenses.

If the first cost of a range was its only cost it wouldn't be so important. But the cost of operation—fuel and repairs—is the big item.

You can choose now between a \$40.00 and a \$60.00 range, but after it gets into your kitchen its beyond your power to say whether you will burn 15 pounds of coal per day or 40. Remember, no range is going to show up its bad tricks when new, when you are still able to take it back where you brought it and complain.

All ranges are tight when new but the way they are made tight determines how long they will stay tight. MONARCH Ranges are made tight by riveting the unbreakable malleable iron castings to the Triple Walls—a joint that stays tight forever.

So it is quite a Problem after all and the way to solve it is to study the construction of each range you look at and select only one that is built to stay tight. In other words, select a MONARCH Range.
