WARNINGS FROM MEXICO SEEMS CONFIRMED

But the Administration Is Not Worrying About Trevino's Threat.

Washington, June 17.—Confirmation of General Trevino's warning that any movement of American troops in Mexico except toward the border would be treated by the Carranza commanders as a hostile act reached the war department late today. Secretary Baker declined to comment or to make public General Trevino's message or the reply of General Pershing refusing to recognize authority of the Carranza general over the American expedition.

While it was apparent that General Pershing's reply would be backed up by officials here, it was not indicated what further action the Washington government might take. Secretary Baker took the text of General Trevino's ultimatum to the White House and conferred there with the President.

After his conference with President Wilson, Secretary Baker said he had ordered no additional troops to the border and that General Pershing had asked for no re-inforcements. "I look for no immediate trouble

there," said the secretary. "That situation seems to be not imminent." Neither State nor War Department officials seemed greatly agitated over General Trevino's ultimatum. Secretary Lansing said the policy of the administration was unchanged.

The reply to the Carranza note demanding recall of the American forces will leave by special messenger Monday for Mexico City unless developments upset present plans. Should the reply refusing to withdraw General Pershing's expedition go by messenger it will not be delivered for ten days of two weeks. Its text would not be made public until it had reached its destination in any event.

Several army transports are being held in readiness for use as refugee ships should the need arise. Whether any actually have been ordered to Mexican waters officials would not say. The navy transport Hancock will go to Vera Cruz, however, as soon as she lands her marine passengers in Santo Domingo. She should reach Vera Cruz in a few days.

Official advices have indicated that the recent border raids have created great excitement in the American colony in Mexico City. Many Americans are said to be preparing to leave. There are approximately one thousand Americans in the Mexican capital, and about eighteen hundred in and around Tampico. As a measure of precaution the destroyer ship Panther and several destroyers have been ordered to Key West, ready for a quick dash to the relief of Americans along the coast. It is understood also that other navy craft are being prepared for emergency use, although plans are carefully guarded.

A message today from Major Gray of the Fourteenth Cavalry gave further details of the fight at San Ignacio between his troops and bandits. All of the bandits are believed to have been Carranza soldiers at one time or another, he said, although it was hard to say how many still were enrolled as such. A lieutenant blouse was found; papers on the bodies of Mexicans bore the stamp of the Carranza army and Maj. Cruz Ruiz, believed to be a Carranza officer, was captured.

Major Gray picked up a number of rifles and ten bombs, left behind by the attackers. He also noted that ammunition used by his assailants included soft nosed bullets.

IT REALLY LOOKS NOW LIKE A CONFLICT IN MEXICO

President Wilson Calls on the Entire National Guard to Meet South Border Situation.

Washington, D. C., June 18.—President Wilson has called out the militia of every state for service on the Mexican border.

In announcing the president's decision today, Secretary Baker said the militia would be sent to the border wherever and as fully as General Funston determines to be needed.

Secretary Baker issued the following statement:

"In view of the disturbed conditions on the Mexican border and in order to assure complete protection for all Americans the president has called out substantially all the state militia and will send them to the border wherever and as fully as General Funston determines them to be needed for the purpose stated.

"If all are not needed an effort will be made to relieve those on duty there from time to time so as to distribute the duty.

"This call for militia is wholly unrelated to General Pershing's expedition, except as may be necessary to pursue bandits who attempt outrages on American soil.

Mobilization at Home Station.
"The militia are being called out so as to leave some troops in the several states. They will be mobilized at their home stations, where necessary recruiting can be done."

Brigadier General Mills, chief of the division of militia affairs, estimated the minimum militia force to be called out to be 145,000 men.

STATE MILITIA TO BE IN READINESS FOR THE BATTLE

President Wilson's Call for the Nebraska National Guard Will Not Find It Unprepared.

NEBRASKA IS EVER READY TO DEFEND "OLD GLORY"

Washington, D. C., June 18.—Secretary of War Baker, under the direction of President Wilson, today sent a message to Governor Morehead of Nebraska, ordering mobilization of the Nebraska National guard for probable service on the Mexican border. Nebraska is called upon to furnish two regiments of infantry, one company of signal corps and one field hospital.

The troops will be mobilized at Lincoln under command of Adjutant General Phil Hall.

The telegram sent to Governor Morehead was identical with that sent to the governors of the other states in the general call for militia.

The speed with which the troops are mobilized will depend on the state officials at Lincoln.

It is probable that after mobilization the militia will be in camp for some time.

Reports on all organizations will be sent to Washington, and those most fit will be sent south.

Troops will be entrained on order of Major General Funston. As a result it is probable that few states will be called upon to send their entire strength to the border, only the most fit organizations being called into the active service at first.

State Militia Is Prepared.

Lincoln, Neb., June 18.—President Wilson's call for the Nebraska national guard will not find it unprepared.

General Phil Hall and his military board, consisting of Colonels George Eberly of Stanton, Herbert Paul, of St. Paul, Captain Jess, of Fremont, and Major Walden, of Beatrice, have been expecting this for months past, and during that time have been getting ready in the event that Mexican affairs came to a crisis.

Tonight, for the first time, General Hall announced the total number of men he could put forth in the field upon notice of ten days or two weeks.

RETURNS FROM HOSPITAL

Mrs. E. G. Shallenberger returned home last evening from Omaha, where she has been for some time past at the Emmanuel hospital, recovering from an operation, and her many friends will be pleased to learn that she is getting along nicely, and while, of course, still weak, she is showing improvement and in her own home will regain her strength and health. Mr. Shallenberger was in Omaha yesterday and accompanied his wife and children back home.

DISTRICT COURT SESSION WAS HELD HERE TODAY

District Judge James T. Begley came down this morning to open up the regular June term of the district court and the calling of the docket. New Perfection Fireless COOKING OIL STOVE

combines a four-burner stove, fireless cooker, oven, cabinet and warming shelf into one compact yet roomy complete cooking device.

A popular priced cabinet style stove. Two burners under the oven section. Just one burner is sufficient for all oven purposes. The extra burner is a convenience when it is desirable to preheat the oven quickly. Open grate in bottom of oven makes it possible to use oven burners for grate surface cooking by opening oven door and removing racks. On wash day, for example, the boiler can be heated on the two outside burners while the oven burners may be used to cook your mid-day meal.
