WHAT ABOUT A BARBAGUE DURING THE FALL FESTIVAL

The committees which are looking after the arrangements for the fall festival in this city are getting busy in formulating the plans for the great event and in every case the indications are for the most successful event of its kind ever held in the city. Those who have friends residing at distant points are getting in touch with them and advertising the good news that Plattsmouth is extending a welcome to its former residents to be here on this week of festivities and pleasure. The committee will see that the proper kind of entertainment is provided for the visitors and it will be divided so that everyone can have the time of their lives in attending some of the form of amusement that will be provided for them by the citizens of Plattsmouth.

It has been suggested that a barbecue be held on one day that could be used as one of the means of entertainment for the older people and around this pleasant event there could be a recital of the old times in this part of the world when they were young. This is a feature that should be worked up if possible and would be one that everyone could enjoy and appreciate to the fullest extent. The interest of the public continues to grow with each day and as the time for holding the festival draws nearer and everyone should do their part in making it a success that will be long remembered.

DESTRUCTION OF NEHAWKA LIGHT PLANT BY FIRE

The residents of Nehawka have been suffering for the past week from a lack of electric current for light and power as the result of the destruction of the plant by fire last Wednesday, and the parties who have been using current for power or illuminating purposes are decidedly up against it. E. M. Pollard, the owner of the plant, is preparing to erect another plant of greater size that will be found to fill in better shape the needs of the consumers. When it comes to enterprise and push Nehawka ranks with the leading towns of the county, and with the bunch of live wires among the business men they secure pretty much what they start out after, and with usual Nehawka spirit Mr. Pollard is getting busy to get his electric power plant back in service for the accommodation of the consumers. The fire in the plant is supposed to have originated from lightning.

MRS. GOCHENOUR OPERATED ON

Mrs. Harry Gochenour, who was taken to Omaha yesterday for treatment at the Presbyterian hospital, was operated on as soon as possible after her arrival at the hospital, and at last reports was resting as easily as could be expected and her family and friends are very hopeful for her recovery, as the operation seems to have been quite successful. Her many friends here will anxiously await word from her bedside as to her condition, hopeful that she may continue to improve.

PLATTSMOUTH NO PLACT FOR DUSKY SONS OF THE SOUTH

Plattsmouth does not offer a very hospitable reception to the dusky-shouldered sons of Africa, and the town is given a very wide berth by the traveling colored population as a rule. One of the ebony-hued gentlemen drifted in this morning, but had not been here but a short time until Officer Alvin Jones, who is acting as chief of police during the absence of Chief Barclay, descended upon him and whispered that he had better be on his way elsewhere, and accordingly the colored man started northward for Omaha, where there is a more cordial reception given the members of his race. The experiences of the residents here with the negroes in the past has not created a very tender feeling toward any of their race, and they are not allowed to remain here very long.

AUTO POLO PLAYERS PASS THROUGH THE CITY THIS MORNING

This morning a company of auto polo players with their cars passed through this city, en route to Nebraska City, where they will exhibit for the next three days. There is seven persons in the company, which is under the direction of the J. W. Marcelles Theatrical agency of Sioux City. For their three days at Nebraska City the auto polo aggregation state they receive \$750 and will put on several of their exhibitions of this game each day.

Auto polo furnishes a rather exciting sport and was shown here last year at the baseball park. The cars used in the game are stripped down Fords and certainly furnish some excitement for a few minutes.
