Bowel Complaints in India.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

WHITE PINE

—the genuine old-fashioned structural wood that has stood the test of time wherever used. It does not sag, twist, warp, shrink, swell or rot, even after centuries of exposure, to the full brunt of the weather. It takes paint perfectly too.

You'll like to work with White Pine.

The soft, yielding grain saves time and effort and doesn't dull your tools. You can buy cheaper woods but none of equal economy, length of service considered.

NEBRASKA TROOPS ORDERED TO BORDER IMMEDIATELY

First Battalion and Fremont Signal Corps to Be Hurried South.

OFFICERS MUSTER MEN

THROUGHOUT THE NIGHT

War Department Wires General Hall That the Situation Now Is Very Grave.

Lincoln, Neb., June 25.—Adjutant General Hall tonight received orders from the war department to rush all troops to the border at once.

The Fremont signal corps and the first battalion of the Fourth regiment will entrain tomorrow.

The first battalion is composed of Omaha companies, with a total of about 300 men. It is commanded by Major Elsassner of Omaha.

The field hospital corps, under command of Major Spearman of Lincoln, will entrain tomorrow.

More hurry-up orders were received by General Hall just before midnight.

The war department asks him to rush the muster of men and to report at the earliest moment the number of men he can have ready for duty within twenty-four hours.

General Hall wired General Funston and the war department at once that the Fremont signal corps and the first battalion of the Fourth regiment, under Major Elsassner, could leave tomorrow.

It is expected that both of those units will be ordered to entrain not later than tomorrow night.

All orders received tonight from the war department indicated that the situation is grave, and that the need of the guardsmen is more pressing than it was forty-eight hours ago.

General Hall announced at midnight that the mustering officers would continue their work throughout the night.

Most of the members of the Fourth regiment will be in the federal service, therefore, before morning.

Orders received by General Hall at 6 o'clock tonight renewed the belief of Nebraska guardsmen that they would soon be sent to the border.

The message is from General Barry of the central department and reads in part as follows:

"Grave necessity for additional troops on border. Various requests are being made to delay movement of state organizations until the larger tactical units are organized at state camps.

"Organization of these units will be perfected on border.

"Meanwhile secretary of war requests previous order that organizations move as soon as each is ready regardless of additional recruits which will follow organization to border."

Announcement was made today that Major A. D. Falconer of Omaha, chief of commissary, had been promoted to commissary general with the rank of colonel.

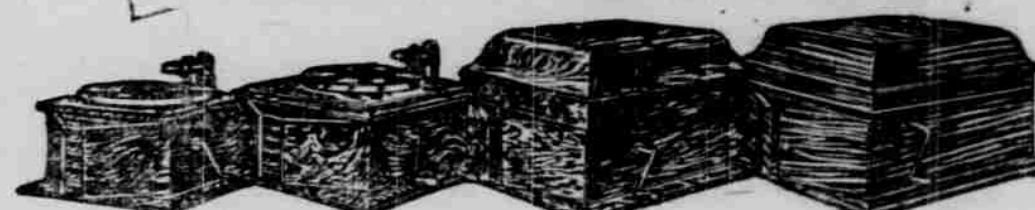

General Hall, as chief disbursing officer for the federal government, received word that unlimited funds are at his disposal for the preparing and moving of the troops. Majors Arthur Haysel and J. M. Barkner of the state office are to be mustered in to aid him in preparing to move the men.

Dovey, south on Chicago avenue, and was just preparing to make the turn into Lincoln avenue at the "horn," his machine collided with the car belonging to B. F. Wiles, driven by Harley Wiles. The Wiles car struck the rear of the Dovey machine in such a manner as to badly bend the fender on the left side and damaging the left wheel in quite a serious manner, and it will require considerable work to have the machine repaired. The Wiles car was not badly damaged, although bearing some signs of the collision. Fortunately the occupants of the cars were not injured.

THE WHEAT CROP IN CASS COUNTY IS LOOKING FINE

Mr. and Mrs. J. H. McMaken and daughter, Miss Gladys, and son, Joe, were out through the county yesterday, enjoying a pleasant automobile tour of the different towns, driving first to Manly and Weeping Water, and then to Murdock and Greenwood, where they enjoyed a few hours' visit with Mrs. Jordan, a sister of Mrs. McMaken, and partook of a fine luncheon.
