DEATH OF MRS. F. E. CALDWELL

A Member of One of the Best Known Families in Nebraska, and of Royal Blood.

In the death of Mrs. F. E. Caldwell at Papillion yesterday there passed away a lady in whose veins the blood of the royal family of Portugal flowed and who for a number of years resided in Cass county and is numbered among the early settlers of near Rock Bluffs where so many of the pioneer residents of the state first settled. When living in Cass county Mrs. Caldwell was the wife of Joseph D. Patterson, one of the members of this prominent family that has had such a part in the making of the county. After the death of Mr. Patterson following the removal of the family to Sarpy county, she was married to F. E. Caldwell one of the prominent men of that community and for the past forty years they have made their home in Papillion until three years ago when she removed to St. Cloud, Florida, but as death drew near Mrs. Caldwell came "home" to Papillion to spend her last days and made her home with her daughter, Mrs. F. E. Nickerson, wife of County Attorney Nickerson of Sarpy county. She leaves to mourn her death the husband, and six children, Mrs. John Speedie, Benson; H. D. Patterson, county surveyor, Sarpy county; W. E. Patterson, Lincoln; Mrs. E. S. Nickerson, Papillion; Mrs. E. G. Fase and Mrs. W. I. Barber, Kissimmie, Florida.

Mrs. Caldwell came to Nebraska in 1869 with her first husband and located at Rock Bluffs. Her life was one that reads like a romance and covers a story of a family of royal descent which found a home on the American continent. Her family spans the gap between the Portuguese throne and a plain Nebraska farm. De Marinda was the family name and there is today a Duke of the Marindas in Portugal. In a former time one of his name set on the throne of that country and this member of the family was a kinsman of Mrs. Caldwell.

A brother of this king plotted, was discovered and banished to the Portuguese colony of Brazil. He settled in the state of Parana. After his death the family continued to live on the great plantation.

The head of the Marinda family in that country when Mr. Patterson came to Brazil was De Marinda Gierson, an American physician who had settled in South America and through marriage become the owner of the great plantation. It was on a plantation next to that the De Marinda family that Mr. Patterson and his wife settled and shortly afterwards the first Mrs. Patterson died and two years later Patterson was united in marriage to Maria De Marinda, then 17 years of age, this wedding occurring in 1868. In 1869, the desire for the home grew on Mr. Patterson and he came north and located at Rock Bluffs where the family resided until removing to Sarpy county.

This lady was a relative by marriage of the Patterson family of this county and is well known to a great many of the earlier residents. She was 65 years of age at the time of her death.

ATTENTION, FARMERS

Harvest will soon be here. We have just received two mixed cars of binders and twine. Will throw in cover and binder whip with each binder. We can also furnish a limited number of Champion and Plano binders at prices as low as \$120. These binders are new, good paint and in original packages. We will set them up and warrant them to do the work.

The Deering standard and pure manilla twine is fresh, new stock, and contains from 5 to 10 per cent oil.

JOHN F. GORDER, Plattsmouth, 6-24-tfd&w

SIGNS OF DANGER

That Should Be Heeded by Platts-mouth People.

There's serious danger in neglecting any weakness of the kidneys. The warning that nature gives should not be overlooked. If troubled by too frequent passage of the kidney secretions; burning or scalding; if the secretions are highly colored and contain sediment when left standing—if you have backaches, too, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy. Deaths from kidney disease have increased in the United States alone, 72 per cent in the last 20 years. The risk is great—you can't afford to delay. Platts-mouth people recommend Doan's Kidney Pills. Can you ask for better proof of merit than the statement of this Plattsmouth resident?

Mrs. J. M. Hiber, 1403 Vine St., Plattsmouth, says: "Once in awhile I get a dull ache across my kidneys, but a few doses of Doan's Kidney Pills soon overcomes this trouble. I couldn't recommend a better medicine for backache and kidney complaint."

Price 50c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hiber had. Foster-Milburn Co., Props., Buffalo, N. Y.

If a Man

was to do the family washing, would he do it by hand? Not over twice before he would go and buy a machine, and maybe a power washer or an electric.

This weather is too hot for women to drudge over a tub. Come in and let us show you an easier way.

BESTOR & SWATEK

"DAMAGED GOODS" AT THE AIR DOME

The plot of "Damaged Goods" the remarkable film play just released for showing here carries a story that unhappily is repeated in the secret history of many a young man of the day.

Despite its dark passages it is cleanly portrayed on the screen and interest is maintained evenly through the seven reels.

This picture is to be seen at the Gem Theater and the Air Dome for two days.

It is a Mutual special feature made by the American Film Co.

The story of the play centers about the role of George Dupont, which is taken by Richard Bennett, the famous actor who pronounced the play on the speaking stage with such sensational success.

George Dupont, a young man of excellent home training and of honest ambitions has a jolly evening with the boys. He is engaged to be married and this is a final fling and farewell to the days of bachelorhood. He drinks too much and with a boon companion he visits two women of the kind whom G. W. Shaw tried to chaperon on the stage in "Mrs. Warren's Profession." It is not long before he discovers that the "indiscretion" has brought a horrible punishment upon him. Driven to despair by the thought that his very flesh is corrupted and

his very blood is tainted he seeks a cure. His situation is rendered all the more pitiable by the fact that he is engaged to be married to a recent young woman.

A long delay in the wedding is bound to est tongues wagging, and like the rest of us the poor fellow is in mortal dread of what "people" will say about him. He buries his secret from all, but he cannot hide it from himself. He is on the point of doing away with himself when he is rescued by the girl who had contaminated him. The girl tells of her own salvation from mental and bodily ruin through the ministrations of a highly skilled and noble-hearted physician. She urges her victim to consult this same doctor.

The doctor examines the young man and tells him that it will take at least two years to regain his health. He adds the significant warning: "If you marry before that time you will be a criminal." In the meantime his mother, his bride and all his relatives and friends ply him with questions as to the delay of the marriage. He evades as well as he can and follows the advice of his doctor until he reads the "ad" of a quack who promises to cure all victims of blood poisoning in three months' time. He visits the quack, whose suave manner assures him, and despite his better knowledge and the promptings of his conscience he marries. The rest can indeed be told much better in the pictures than in words.

This remarkable picture will be shown at the Gem for matinees on Wednesday and Thursday afternoon and at the Air Dome on Wednesday and Thursday evening. It is approved by the press, pulpit and the medical profession as one of the greatest pictures of all time.

THE STORK VISITS LOCALITIES AND DROPS SOMETHING PRETTY

The stork has paid a visit to the home of Mr. and Mrs. E. J. Tucey, near Glenwood, and yesterday there arrived at their home a fine little daughter who was received with the greatest of pleasure by the proud parents as well as the little sister, who will have a playmate. Grandpa J. W. Seivers is feeling well pleased over the addition to his descendants and his smile is of the variety that will not wear off.

W. S. Wetenkamp and wife of near

Mynard are also feeling well pleased over the addition to their family of a winsome little daughter who made her advent into the world yesterday afternoon and both the mother and little one are doing nicely. Will is feeling mighty proud over his new found happiness and Grandpa Charles Warner is also mighty well pleased over the advent of the new Miss Wetenkamp.

SOME FINE BERRIES

The Alexander Nurseries of this city have turned out some splendid specimens of raspberries in the past few weeks and both in the black and red varieties they are hard to beat. Mr. Alexander brought one box of his new berry, the "Alexander," to the Journal office and this fruit which is of his own raising is certainly hard to beat.

A FINE LITTLE DAUGHTER

Henry A. Guthman and wife of Murdock are rejoicing over the advent of a bright little daughter who came to their little home on June 30, and it is needless to say that the event has brought great pleasure to the proud parents. The many friends of this estimable couple will be pleased to learn of the great happiness that has been visited upon them and extend to the little lady their best wishes for her future hapiness.

QUITE SEVERELY BURNED

AT THE SHOPS SATURDAY

Ralph Lair, who is employed in the Burlington boiler shop, is wearing his head in a bandage as a result of an accident that befell him Saturday while at work. The young man was standing near where some of the employees were engaged in extinguishing the fire in a fire box under a boiler when suddenly the fire puffed out and caught Ralph along the left side of the face and the left forearm burning them quite badly and a part of his hair was badly singed by the fire. The young man will spend a few days on an enforced vacation as a result of the accident.

TO HAVE EYES TREATED

J. W. Johnson departed this morning for Omaha where he will enter the Methodist hospital there to undergo an operation on his eyes which have been giving him a great deal of trouble of late and for which it is thought it will be necessary to perform an operation. Mrs. Johnson accompanied her husband and will remain there for a time until Mr. Johnson is able to be around again. It is to be hoped that the operation proves successful.

Lou F. Langhorst, the rustling chairman of the democratic county central committee, came over this morning from his home to visit for a few hours in the county seat and complete arrangements for the county convention at Weeping Water, Tuesday, July 18.

Adam Stoehr of near Cedar Creek motored in yesterday and took in the base ball game at the Red Sox park.

Damaged Goods!

THE GREAT TRAGEDY OF SIN'S CONSEQUENCE

IN SEVEN AWE INSPIRING ACTS

A Remarkable Picture Version of the Sensational Problem Play that Has Startled the Entire World!

Dramatic!—Tragic!—Uplifting!—Beautiful Scenes!—Impressive Climaxes!

FOR TWO DAYS ONLY—WEDNESDAY AND THURSDAY, JULY 12th and 13th—TWICE DAILY—Matinee 2:15 & Night 8:15

RICHARD BENNETT IN "DAMAGED GOODS" A MUTUAL SPECIAL FEATURE IN SEVEN ACTS MADE BY AMERICAN

The Critics Say:—"Damaged Goods" upset the country two years ago and became the greatest stage sensation the nation has ever seen. The motion picture version of "Damaged Goods" is even more remarkable than the speaking stage play. It tells more of the strange inner mysteries of the plot than was possible on the stage. The same actors who presented this play in its history making run on the speaking stage will be seen in the pictures. The story is told on the screen with the force it demands and yet with the delicacy necessary. "Damaged Goods" was shown at the Broadway Theatre, New York, recently and on that occasion 2,000 doctors, lawyers, social workers, men and women, youths and girls amongst them saw the picture and sat through it in spell bound silence. Then as the closing subtitle flashed on the screen the audience broke into applause that lasted five thundering minutes.

NOTE—"Damaged Goods" will not interest children and they will not be admitted only when accompanied by parents.
