The high school literary society held its weekly meeting on Friday evening and gave a rousing entertainment. Prof. Drummond had his speakers out in full force, from five years old and upwards. The professor had offered a copy of Burns' poetical works to the pupil giving the best recitation. The judges, Dr. R. R. Livingston, Prof. U. W. Wise, and Mrs. Wise, Mrs. J. W. Marshall, and Rev. Mr. Baird, retired for consultation at the close, and called in Hon. Geo. S. Smith to assist them in making their decision. After a careful consideration of the relative ability displayed by the pupils they decided that Miss Lily Pollock should have the prize, which was given her in a very neat presentation speech, by Hon. Geo. S. Smith, who was in one of his happy moods. Several other pupils showed marked ability, and it was with great difficulty—to use the expression of Dr. Livingston—that the judges could decide. Professor Drummond was in his element. We think he has struck the right chord in introducing the literary society meetings, and judge others are with us from the large and enthusiastic attendance, the house was filled to its utmost capacity. The exercises were enlivened by several pieces of music.

Capt. Wiles has caught forty bushels of grasshoppers this season. In two trenches he caught seven bushels, from a timothy patch nine, and on wheat five bushels in two days. We think his machine the most practicable and feasible of any we have heard of. Had all the Captain's neighbors done as well no damage would have occurred to crops anywhere about him.

A letter from Mr. Emery Hull to his father, states that he was accidentally shot on the 23rd of August, near the Big Horn mountains. Mr. Hull was standing on the off side of the front wheel, holding it while the help held the hind wheel, and threw his rifle carelessly across the load; horses rested. A comrade came up to the hammer caught on a dry goods box and was discharged, the ball taking effect in Mr. Hull's groin. The ball remained in his person, he was taken back to Fort Reno, and at the writing of the letter lay there, waiting for a surgeon to cut it out.

They do some old fashioned staging from Sidney to Cheyenne yet; and the driver becomes one of the great folks of the road. Mr. Alex Schlegel speaks of two drivers—characters in their way—Geo. Chapman who drives from Deadwood twelve miles this side of Rapid City, and McClellan who drives from there to Buffalo City as two of the best drivers on the route. We well remember when the driver was gladly looked forward to, as an old friend, and we counted the stages by the drivers we knew on the old long lines across the west years ago. Mr. Schlegel came home sick and the two persons above mentioned did everything they could to make his journey bearable.

Yesterday afternoon while Mrs. John Cory was engaged in canning some tomatoes she met with a very painful accident that resulted in her right hand being burned in a very severe manner. A glass jar had just been filled with the scalding hot tomatoes and as Mrs. Cory was handling it the jar burst and the scalding tomatoes struck her hand burning it quite badly.

BACKACHE IS DISCOURAGING But Not So Bad If You Know How to Reach the Cause. Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Plattsmouth people recommend Doan's Kidney Pills. Read this case:

Mrs. Adam Kurtz, 818 Avenue C, Plattsmouth, says: "I was suffering intensely from my back and kidneys and couldn't stoop or stand erect. When I was on my feet, there was a dull, nagging ache through the small of my back which robbed me of my energy. My sight became affected and dark spots appeared before my eyes. Doan's Kidney Pills, procured from the Crescent Pharmacy, relieved me of all these troubles in a short time." (Statement given April 19, 1912).

On February 23, 1916, Mrs. Kurtz said: "I couldn't recommend anything equal to Doan's Kidney Pills for kidney trouble. Whenever I need a kidney medicine, I take Doan's Kidney Pills for they always do me good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kurtz has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Liver Trouble. "I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used a half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

DR. E. W. COOK SICK. For the past few days Dr. E. W. Cook has been under the weather while he has been suffering from a small boil in the right nostril, and this morning it was found necessary to have the offending boil cut out. The doctor is experiencing some relief from the painful experience.

Mrs. George B. Mann and little son, Robert, departed this morning for Kearney, Neb., where they will enjoy a visit there with Mrs. Nichols, mother of Mrs. Mann and with other relatives and friends.

Remarkable Success of Talented Physicians in the Treatment of Chronic Diseases

Offer Services Free of Charge.

The United Doctors Specialist, licensed by the State of Nebraska for the treatment of all diseases, including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect. The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle. Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call. Deafness often has been cured in sixty days. According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases. No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you. Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing. Remember, this free offer is for this visit only. Married ladies come with their husbands and minors with their parents. Laboratories, Milwaukee, Wisconsin. Just the Thing for Diarrhea. "About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.
