IN POLICE COURT TODAY.

This morning in police court John O'Keeffe, who stated his residence as Louisville was present before Judge M. Archer to answer to the charge of being in a state of intoxication and for this offense received a fine of \$2 and costs amounting to \$5. Sandy Andrews was also among those calling upon the Judge and received a package labeled \$5 and costs, for being in a state of intoxication Saturday evening.

DEATH OF LITTLE CHILD.

Yesterday morning the 4-month-old babe of Mr. and Mrs. A. H. Schindlbower, residing in the south part of the city, passed away after an illness of a short duration. The funeral services of the little one was held this morning from the late home and the interment was in Oak Hill cemetery. The family have recently moved to this city from St. Louis and in their misfortune will have the deepest sympathy of the entire community.

OBJECT GREATLY TO HAVING THEIR PICTURES TAKEN

The County Attorney and Chief of Police Called by Telephone to Quiet the Threatened Trouble.

There was considerable excitement out on the Louisville road west of this city, yesterday afternoon, when a party of travelers in a prairie schooner became involved with a number of automobile tourists. County Attorney A. G. Cole was called by telephone to the scene of action, and in company with Chief of Police Barclay motored out to where the trouble was reported, near the Propst farm. On the arrival of the authorities a striking scene was presented to them. A delapidated covered wagon drawn by two cows was standing along side the roadway, and attached to the wagon was a rickety old trailer which had evidently seen far better days. In charge of the outfit was an aged lady and her son, who also was quite well along in years, and they gave the story of the trouble in their own peculiar way. It seems the covered wagon and its occupants, who gave their home as Seneca, Kan., had arrived in this locality yesterday morning and stopped for the day near the Propst place. A number of persons came along in the afternoon in automobiles and attempted to take a few snapshots of the wagon and its unusual motive power. This was objected to quite strongly by the woman and her son and they began to get out their artillery, a rusty o.c. gun, at one time to drive off the photographers, and had succeeded in throwing a scare into a number of the party.

On the arrival of the county attorney and the chief they proceeded to tell them that they had permission from Governor Morehead to travel through the state, and furthermore, if they were annoyed further by parties desiring to take pictures of their outfit, they intended to take the matter up with President Wilson, who, from their story, they were certainly strong with. The lady informed the county attorney that the president would protect them at all costs and have a United States marshal to see that they were not bothered, and as they had such assurance as this it was clear that they must be all right. The affair was really amusing as the story was told in real earnest, and the two travelers certainly did not propose to stop to deal with any of the local officials, but were going right to the chief executive of the nation. The travelers came on toward this city after their interview with the county attorney, and camped for the night near the residence of Luke Wiles, and departed this morning for Omaha. The two cows that were pulling the wagon and its trailer were well broke and did as good service as horses as far as getting along, and reminded one of the stories of early pioneer days in this portion of the west.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE DISTRICT OF NEBRASKA.

Lincoln division.
In the matter of Oliver M. Ward, bankrupt.
In the matter of Oliver M. Ward, Bankrupt.
Case No. 344, in bankruptcy.
To the creditors of the above bankrupt of Elmwood, in the County of Cass, the district aforesaid, a bankrupt:

Notice is hereby given that on the 16th day of August, A. D. 1916, the said bankrupt was duly adjudicated and that the first meeting of his creditors will be held in the court room of the Federal Building in Lincoln, on the 12th day of September, A. D. 1916, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, examine the bankrupt, appoint a trustee, and transact such other business as may properly come before such meeting.
Dated August 16, 1916.

The World's Most Powerful Low Priced Car

31 1/2 H.P.

ANNOUNCING THE NEW SERIES

\$635 75 B Overland \$635

f.o.b. Toledo

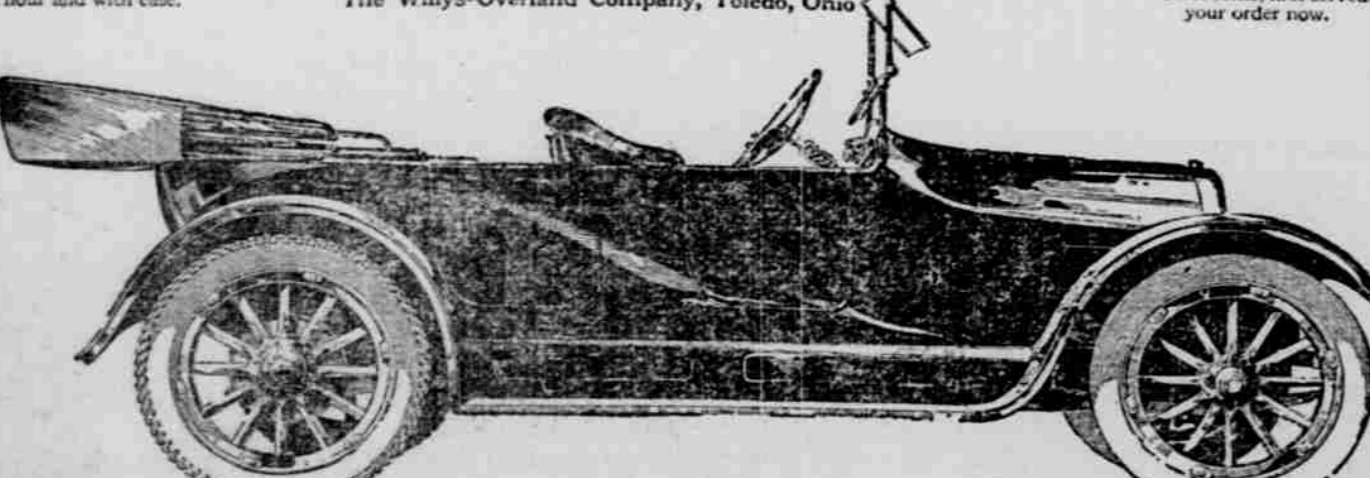

This newest Overland is the world's most powerful low-priced car.
It has a 31 1/2 horsepower in-line motor that is a perfect marvel for speed, power and endurance.
By increasing the bore of the motor from 2 1/2 to 2 5/8 we are able to offer a power plant which at 1900 R.P.M. develops full 31 1/2 horsepower.
Tests under every condition in all parts of the country demonstrate that it easily develops better than fifty miles per hour on the road.
Speed of course varies under different conditions, but in practically every instance it has been getting fifty miles an hour and with ease.

We have scores of telegrams showing that eighteen to twenty-five miles per gallon of gasoline is not unusual.
The performance of this car is almost beyond belief.
Take any other low-priced car on the market. Put it against this new Overland. Compare them for sheer speed, for abundance of power, for riding comfort and economy, and you'll find this car will back anything that can be said about it.
That's a strong statement, but a fact nevertheless.
Try it yourself and see. Here are more important facts.
It has four-inch tires which are more than generous for a car of this size.
Not only has it a large and roomy body, but it has an attractive, up-to-date streamline body.
It has the latest and most improved system of ignition.
It has the cantilever springs—the easiest riding springs in the world.
What's more, it's complete. Not a thing to buy. You get the finest Auto-Lite electric starting and lighting system, magnetic speedometer, one-man top, demountable rims and practically every accessory found on the highest priced cars.
From a driving standpoint, the new car is ideal. It's light, easy to handle and anyone can drive it.
Take one look and be convinced.

And mark these words—the car is destined to be regarded and referred to as one of the really great achievements of the great automobile industry.
Yet it only goes to prove how big production can cut cost and save you money.
First come, first served. Place your order now.

- 4 cylinder in-line motor 2 5/8" bore x 5" stroke
- 104-inch wheelbase
- 4-inch tires
- Cantilever rear springs
- Streamline body
- Electric starter
- Electric lights
- Magnetic speedometer
- Complete equipment
- 5-passenger touring \$635
- Roadster \$620

JOHN BAUER
The Willys-Overland Company, Toledo, Ohio

Within two weeks we will also be able to show you the new large Four at \$795 f. o. b. Toledo. This Four is an enlarged and refined Model 83, of which 100,000 were sold last year, and the new light Six at \$925, which are also startling values. The Willys-Overland Company are producing 1,000 cars a day at the present and in spite of this enormous production are unable to keep up with orders.
