IN PLATTSMOUTH FORTY YEARS AGO.

Mr. Lewis Calkins brings us an apple which measures twelve and one quarter inches in circumference, and is the very perfection of a rosy red one.

Brother Dovey has gone to Cincinnati, and will take in St. Louis, too. Somebody on the street says Dovey will be the contingent candidate at Cincinnati.

We are informed that in spite of some bad luck there are wheat fields in the county that will go over twenty bushels to the acre. Mr. Jones, in Liberty, has a field that will go over twenty bushels. Mr. Frere has one that will go twenty-five bushels.

The last seen of Bob Windham (so says Chapman) he was trying to bare-foot around the Main Exposition building at Philadelphia, and bound to see her through. Bob says his expenses there are slight, except for postage writing home to the girls.

We are pleased to see Dr. John Black out again, and understand he feels almost well. We should be sorry to lose the doctor before we all know whether Hayes or Tilden is to win. If fate decides for Tilden we want to help the doctor build a huge bonfire, believing that the will of the gods must be obeyed, decide they for Sammy or Rutherford.

The Louisville and Glendale Sunday schools had a joint picnic last Saturday. The Glendale delegation, numbering about seventy, rode over to Louisville, where they formed in procession and were met by the Louisville school and brass band and escorted to the place of holding the picnic. Upon reaching the grounds, the schools united in singing some of their choruses and glees, and the effect was very fine. After singing, the swings were in constant demand until dinner was spread, and such a dinner. We wish they would hold a picnic every week. After dinner Rev. Cyrus Alton addressed the schools in a few very appropriate remarks, and then the scholars enjoyed themselves the balance of the day according to their fancy.

MRS. A. H. BROOKS IMPROVING.

Mrs. A. H. Brooks, mother of City Superintendent W. G. Brooks, who has been quite ill at the home of her son in this city for the past few days, is reported as showing improvement and is now on the highway, apparently, to recovery. Mrs. Brooks has just returned from a visit at Detroit and the trip proved very fatiguing to her, and for the last few days she has been very ill. Her sons, residing in this state and Kansas, were at her bedside since Sunday, but her improved condition has allowed them to return home.

HIGH SCHOOL ALUMNI NOTICE.

In order to avoid confusion and to promote a more orderly arrangement of entertainment, those alumni who have undertaken to get in touch with the various members of their classes, will be asked to create a sentiment among their classmates that will terminate in some sort of temporary organization for arranging for a picnic dinner on "Home Coming" day. Each class will be asked to organize for this purpose.

COMMISSIONERS ARE NAMED FOR UNITED STATES

Secretary Lane, Judge George Gray and John R. Mott to Meet Mexicans.

SESSION TO BE HELD SOON

Washington, D. C., Aug. 23.—Franklin K. Lane, secretary of the interior; Judge George Gray of Wilmington, Del., and Dr. John R. Mott of New York will compose the American members of the joint commission to settle differences between the United States and Mexico, Secretary Lansing announced last night.

The arrangements for the meeting will be made at once by Secretary Lansing and Ambassador Arrendondo.

All the commissioners have accepted. Secretary Lane, who will head the trio, was the first selected. Associate Justice Brandeis was next chosen, but decided after a conference with Chief Justice White his duties would not permit him to serve.

Members of Hague Court. Judge Gray is a retired federal circuit judge and a former United States senator. Since 1900 he has been a member of the international permanent court of arbitration of The Hague convention.

Dr. Mott is general secretary of the international committee of the Young Men's Christian association. He declined the post of minister to China, tendered by the president.

The Mexican commissioners are: Luis Cabrera, minister of finance; Ygnacio Bonillas and Albert Pani, engineers.

The withdrawal of troops is likely to be the first question taken up, to which the commission is expected to agree. Plans to prevent border raids will then come up.

CATHOLICS RE- SENT ATTACK ON MR. WILSON

Say Undue Publicity Was Given Opinions of Officer of One Society.

TO MEET IN KANSAS CITY NEXT

New York, Aug. 23.—Delegates of the American Federation of Catholic Societies, in convention here today, were resentful of the publicity given attacks made upon President Wilson and his administration in meetings of the federation.

Too much stress has been laid upon the meetings of the German Catholic organizations, delegates said. It was stated that the German organizations, which criticized the administration foreign policy, represent but one-fifth of the total membership.

After telling a mass meeting that there were 16,000,000 Catholics in the United States, which meant 3,000,000 voters, who could wield a tremendous influence, James F. Zipf of St. Louis, president of the Verein, said:

"I do not contend now for a religious party. We are too big for partisanship, but our influence should be cast where it best will serve the holy principles for which we stand."

A burst of applause followed.

Re-Elect Officers.

Bishop Joseph Schrembs of Toledo, chairman of the federation committee on resolutions, said today that the resolutions concerning Mexico represented no backdown from the anti-Wilson stand taken by National Secretary Matre in his report to the convention Monday.

Kansas City was chosen as convention city for 1917.

Joseph Brennan of Boston was the only officer who failed of re-election. The rest of the board, headed by John Whalen of New York as president, were re-elected.
