**DO YOU SUFFER FROM THE CHANGE OF SEASON?**

After the extraordinary hot weather of this year the cool season is now coming, and a great many people suffer from this sudden change. They feel weak, their appetite is poor, they get tired quickly and easily; one is, as the saying goes, not himself. Also constipation usually appears accompanied by other troubles. For such a condition Triner's American Elixir of Bitter Wine is a real blessing.

How does it help? It cleans out the intestines as thoroughly as possible, refreshes and strengthens the body, improves appetite, removes the uneasiness of mind and relieves the constipation with all its sequelae.

After a quiet and undisturbed sleep you will get up in the morning full of energy. Price \$1.00, at drug stores. Should your druggist not have Triner's American Elixir of Bitter Wine on hand, write directly to the manufacturer, but don't accept any cheap imitation, because cheap means poor quality.

For rheumatism, which also usually does not fail to respond to the change of season; for neuralgia, various accidents, swellings, sprains, etc., Triner's Liniment is the best remedy. It is used only externally. At Panama Exposition, 1916, the highest prize, Grand Prix, was awarded to Triner's Liniment. Price 25 and 50c at drug stores; by mail, 35c and 60c. Joseph Triner, Manufacturing Chemist, 1333-1339 S. Ashland Ave., Chicago, Ill.

## GERMAN ATTACK ON ENEMY'S LINE FUTILE AND DEAR

Teutons Storm French Positions From Morning Till Dark in Attempt to Regain Lost Ground.

## THEIR DEAD COVERING FIELD

Roumanians Apparently Meet With Serious Reverse in Transylvania.

London, Sept. 20.—In an effort to retrieve lost territory, the Germans Wednesday made violent counter attacks against the French over a three-mile front in the region of the Priez farm and Bouchavesnes, north of the Somme.

Teutons threw attack after attack along the line from 9 o'clock in the morning until dark, and at the end of the day the French were everywhere holding their positions, according to Paris, and the battlefield at points was covered with German dead.

Germans penetrated part of Bouchavesnes, but the French met them with the bayonet and dislodged them. Four assaults at the Priez farm were repulsed by the French.

**Russians Repulsed.**

On the British front inclement weather still holds opposing sides to artillery duels. In Russia and Galicia, both Berlin and Vienna report the repulse of heavy Russian attacks in the Lutsk sector of Volhynia and southeast of Lemberg in Galicia.

Local successes for Russians in the Carpathians are conceded by the Teutonic allies, who say, however, that on the whole, the Russian attacks in this region were repulsed.

In Transylvania, Roumanians apparently have met with a serious reverse in the region of Hatzeg, where they have been driven back to the Transylvania Alps, and the town of Petroseny and the Szarduk Pass, recaptured from them. In Dobruja the tide of battle is fluctuating. Sofia reports successes for the arms of the Bulgars at certain points, while Bucharest claims victory for the Roumanians near Enigea.

**Bulgars Evacuate Town.**

The western end of the Macedonian front is still the scene of violent combats. The Bulgarians, according to Athens, have hastily evacuated Viglita, at the extreme end of the line and fallen back upon Svedsa for a stand in previously prepared entrenchments, which if captured, would necessitate the evacuation of Monastir, Serbia.

Berlin reports that the Germans,

**No Change on Carso Front.**

Aside from bombardments and isolated infantry attacks, the situation remains unchanged on the Carso front of the Austro-Italian theater, where the Italians are trying to reach Trieste.

Constantinople records successes for the Ottoman forces over the Russian and British, respectively, in Persia and along the Tigris.
