

THE COST OF LIVING IS TO CLIMB HIGHER

Coming Winter Will See Unprecedented Prices, Comparison Brings Out.

Chicago, Sept. 21.—The cost of living this winter will reach an unprecedented scale and will affect every person, no matter what object may be purchased, according to a table of comparative prices compiled here. Merchants and producers are virtually unanimous in a forecast of further increases in prices which have already advanced alarmingly within the last year.

Food prices, it is said, vary according to quality and quantity, but it is the small purchaser at retail who must pay most. Wholesalers say canneries throughout the country have informed them that fall and winter deliveries will be only one-third normal, while the last vegetable crop is said to be only half the quantity expected.

Canned fruits will be 30 per cent higher and canned vegetables are expected by wholesalers to increase 20 per cent in price.

Paper bags in which the housewife carries her market purchases have increased in cost from 95 cents in wholesale lots to \$1.50. This advance is typical of all paper products. Cotton goods have advanced between 25 and 35 per cent. Woolens have kept pace with cottons.

The best lines of women's shoes for fall and winter will cost twice as much as the same articles last year, dealers assert.

Even collars, that two-for-a-quarter staple which men have known for generations, will be a thing of the past. Collars now have advanced to 15 cents each, and the laundries which have for years laundered collars for two and a half cents, have announced that three cents each will be the future cost.

Cigar jobbers raised their prices this week to between \$4 and \$5 a thousand to the dealer.

From Friday's Daily.

On Tuesday morning, October 10th, Vice President of the United States Thomas Riley Marshall of Indiana, will be in Plattsmouth to address the people on the questions of the day. This is the first opportunity in a great many years that the city has been honored with one of the two chief officers of the nation paying a visit to the city, and the occasion should be taken advantage of by the citizens of the county to hear their distinguished vice president. Mr. Marshall is one of the big men of the nation and one who has an able grasp on the public questions of the day that are interesting the citizens from one coast to the other. The stay of the vice president here will not be long, as he leaves from here for Nebraska City, and closes his Nebraska trip at Falls City on Tuesday evening. Let every one who can be in Plattsmouth on this occasion to greet the distinguished visitor, and the city should honor their guest by a very large attendance to hear him speak. With good weather there should be a very large number of the farmers present to hear the public questions discussed by Mr. Marshall.

AN OLD RESIDENT VISITS HIS FORMER HOME

From Friday's Daily.

This morning J. C. Coleman of American Falls, Idaho, arrived in the city for a short visit with his many old friends for a few days. Mr. Coleman is on his way east for a visit with his son, Arch, at Chicago and from there he will go to New York to spend a short time with his daughter and family in that city. Mr. Coleman moved from here seven years ago and has not been in the city since three years ago and then only for a few hours. He was greatly surprised at the changes that have taken place in the old town and the advancement that has been made in all lines of improvement since his removal and certainly enjoys the opportunity of witnessing the success that has been given the town. Mr. Coleman is much pleased with his home in the west and is looking hale and hearty as though the climate of the mountain state was greatly agreeing with him. He expects to leave Monday for the east.

WASHINGTON AVENUE PAVING IS NOT PROGRESSING RAPIDLY

From Friday's Daily.

The work on the Washington avenue paving has not been progressing as well as had been hoped for owing to the fact that the Monarch Engineering company, of Falls City, the contractors, have been held back by the delay in securing material for the work. Both the shipments of cement for the preliminary concrete work have been very slow, and does not arrive in time to keep the work rushing as had been desired. The curb lines are being placed in position and everything made ready so that the preparation of the concrete base for the paving can be pushed through as soon as the material can be secured in large enough shipments to bring the work forward. The brick for the paving will be here the first of the week and placed on the ground, all ready to start in on the work of laying them. When completed the paving is going to present a fine appearance and will be a great assistance to the property owners in that section of the city in advancing the value of the property as it will add 100 per cent to the land located along that thoroughfare, and property heretofore hard to dispose of will enjoy a boost from the public improvements made along the avenue. When, with the material all on hand, the work will be rushed to completion in a very short time.

IS FINED \$20 FOR "MOOCHING" AND NOW PLACED IN JAIL

From Friday's Daily.

This morning Charles Carraher, a gentleman residing at Union, was brought before Judge M. Archer to answer to the charge of "mooching" from various parties in the city. It would seem from the evidence brought forth at the hearing that Carraher has been in the habit when coming here of acquiring quite a good deal of his funds by "touches" on those whom he came in contact with, and last evening the matter was brought to the attention of Chief of Police Barclay, with the result that the "mooching" was suddenly halted and the offender removed to the city jail to rest until the opening of court. After hearing the facts in the case and the plea of guilty entered by the prisoner, Judge Archer decided that it would cost Mr. Carraher the sum of \$20 and costs to square up the matter and secure his release from the toils of the law. Mr. Carraher was not able to liquidate the sum, but thought that his relatives would be able to reach here by this evening to secure his release, and he was remanded to the custody of Chief Barclay. If the fine is not paid it is the decision of the court that the fine and costs be worked out on the streets of the city.

JOHN BAUER HAS EXPERIENCED A VERY SUCCESSFUL SEASON

From Friday's Daily.

John Bauer, the local agent of the Overland and Willys-Knight automobiles, has enjoyed a very successful season in disposing of these two fine makes of autos, and their popularity with the public is constantly growing. The well satisfied purchasers is the best demonstration of the worth of the Willys-Knight and Overland cars. Since July 1, 1916, Mr. Bauer has disposed of the following cars: P. H. Meisinger, J. C. Meisinger, Nelson Berger, model 86, seven passenger cars; E. S. Fries, Henry J. Meisinger, C. C. Parmele, William Jean, Fred Ahrens, D. Munn, D. Switzer, Willys-Knights, model 85, four passenger cars; Julius A. Pitz, Joseph J. Johnson, model 75; Joe Peters, Homer Shradler, Frank Lillie, Theodore Amick, A. G. Mast, Ed Rummell. Five of these cars were sold through Vilas Sheldon of Nehawka. This is a fine showing and one that certainly speaks mightily well of the line of automobiles handled by Mr. Bauer.

BYRON A. ROOT, OF MURRAY, TAKES TO HIMSELF A WIFE

From Friday's Daily.

From the World-Herald of this morning we learn of a very happy wedding in the metropolis yesterday, in which our old friend, Byron A. Root of Murray, is the groom, and Mrs. Cadance M. Davis of Cincinnati, O., is the bride. The wedding took place at the parlors of the Merchants hotel and the ceremony was performed by the Rev. Charles E. Cobbe of the First Christian church. This wedding unites two very estimable people, who years ago, in their native home in Michigan, were schoolmates and children together, and have in the twilight of their lives met to enjoy the remaining years of life's journey together. Both the bride and groom have been married before, the wife of Mr. Root having died thirteen years ago, while the husband of the bride passed away about twelve years ago.

Mr. Root has for a great many years been engaged in the drug business in Murray and is universally respected and esteemed by those who have known him all these years. The bride is a most charming lady and comes west to make her home in our neighboring town, and the many friends of the contracting parties will extend to them their best wishes for a long and happy wedded life.

MRS. MIKE MAUZY RECOVERING NICELY FROM HER INJURIES

From Friday's Daily.

Reports from Hastings state that Mrs. Mike Mauzy, who is at a hospital in that city recovering from her injuries received in an automobile accident a few days ago, is feeling as well as possible under the circumstances and that constant care and attention is giving her much relief. As soon as the condition of the patient will permit she will be brought to Omaha and placed in a hospital there for treatment and care. Mr. Mauzy and son, Robert, are at the bedside of the wife and mother assisting in her care. Mrs. T. B. Brown, who also was in the accident, is getting along nicely and her sprained ankle as well as two fractured ribs are showing improvement and, it is thought, will permit of her soon returning to her home at Los Angeles in company with Mr. and Mrs. Morgan Waybright, who are at Hastings for a short visit. The many friends here will be pleased to learn of the improved condition of Mrs. Mauzy and Mrs. Brown and trust that they may soon be on the highway to complete recovery from their injuries.

Don C. Rhoden of Murray was in the city for a few hours today, motoring up to attend to a few business matters.

THE FEDERAL AND STATE GAME LAWS' OPEN SEASON

The much discussed and revised game law covering the shooting of water fowl covered by the federal law on the subject, has again been revised and, according to the latest dope from the game warden on the subject, the fall shooting of water fowl in this zone has been extended one month and runs from September 16th to December 31. The spring shooting has been done away with and the season will remain closed after the last of December until the commencement of the season next September. This is a matter in which the hunters all over Nebraska are greatly interested and they will prepare to take the full opportunity of the ruling just made in regard to the extension of the season. Already there has been a great deal of hunting in the western part of the state, in the sand hills, and the ducks seem to be very plentiful this year in that locality.

ANTI-PROHIBITION SPEAKING ON THE STREET LAST NIGHT

From Friday's Daily.

Last evening Hon. Carl Minkley of Milwaukee, a member of the Wisconsin general assembly, held an open air meeting at the corner of Fifth and Main streets in the interests of the socialists, and also, against the proposed prohibition amendment that is being submitted to the voters of Nebraska this year. Mr. Minkley is a very pleasing speaker and possesses a great deal of ability as an orator. He pointed out in his remarks the fact that prohibition did not relieve the country or state of the social evils which flourish unchecked by the suppression of the liquor traffic, and also took the right to have a glass of beer from the man and gave it to a few. The speaker also touched on the questions of his party that would tend to aid in the suppression of social evils and the maintaining of a higher standard of morals would be made possible by the enactment of laws of the working man with a set hour for work and a wage that would be sufficient to allow every family to exist in comfort and not as the conditions under the present system, when so many were forced to exist as best they might. There was quite a number present to hear the address and a great deal of interest seemed manifested by those who heard the speaker. Mr. Minkley is speaking through this section of Nebraska.

DEATH OF MR. FREY, A FORMER RESIDENT, OF CASS COUNTY

The body was taken to Avoca where the funeral services were held yesterday afternoon and were attended by a large number from this city as well as in Eight Mile Grove where the deceased had been reared to manhood and made his home for a number of years. The death of Mr. Frey will be regretted very much by the many old friends in this county and the sorrowing relatives will receive the deepest sympathy of the community in their loss. Meyers of Cedar Creek is also left to mourn his death.

L. H. Heil and wife motored in Saturday to spend a few hours looking after some trading with the merchants.

UNION VISITED AGAIN BY BAD, BOLD BURGLARS

They Visit Several of the Stores and Make a Haul of Merchandise.

From Saturday's Daily.

Several strangers had been noticed in town the fore part of last week, but as there are so many trains a day through here nothing was thought about it until Saturday night or Sunday morning.

Bruce Wolfe and Len Austin had been attending a dance in Plattsmouth Saturday night, and were driving home, and reached Union about 3 o'clock, and when they made the turn down by the Hotel Union they noticed a couple of fellows going toward the elevator with bundles, and one of the boys asked them where they were going, and got the reply to follow and find out. The boys turned the team around and started for W. B. Banning and when they did this, one of the robbers dropped his load and started to run back toward Frans' store. When the boys with the team reached the corner by Frans' store they noticed two more fellows standing near the rear of the store. They got Banning up and then got Roe Frans on the job. The stores were tried and the town was looked over, but no trace of the robbers could be found.

At the Frans store about \$35 worth of jewelry was taken and some \$60 worth of merchandise has so far been recovered; some of it was taken from the Frans store, some from the store of C. F. Morton and the balance from the store of A. L. Becker.

The sheriff was notified, as was also the sheriff of Otoe county, but up to this time no trace of the robbers has been secured.

Isn't it about time we had a night policeman put on the job?—Ledger.

TOM ISNER WILL BUILD TWO RESIDENCES NEAR MURRAY

From Saturday's Daily.

Tom Isner of this city the carpenter and contractor, has just closed the arrangements for the erection of two new residences near Murray which will be very good additions to that locality. The first house to be erected will be that of A. D. Rhoden on which the work will be commenced Monday morning and rushed to completion. This house will be 28x40 in size and made in the latest and most up-to-date manner possible. This place is located a mile west of Murray and Mr. Rhoden will have a fine home when it is completed and ready for his use. The second house will be erected by John McNatt on his farm east of Murray and will be 26x36 in size. The new home of Mr. McNatt is to be made strictly modern and with a view of comfort and accommodation and will be one of the pleasant homes in that locality and one that Mr. McNatt and family can enjoy in comfort. These two houses will occupy the greater part of the fall season for Mr. Isner and not allow of his having any time to rest as he will have both houses done by the opening of winter and ready for occupancy by the families. These improvements certainly will add to the farms of Mr. Rhoden and Mr. McNatt and give them homes that will be most pleasant and comfortable in every way.

JOHN MCNURLIN RECEIVES A SEVERE FRACTURE OF WRIST

From Saturday's Daily.

John McNurlin is wearing his right arm in a sling as a result of a severe fracture of the right wrist, sustained last evening while he was cranking up his automobile. Mr. McNurlin had just returned from Avoca, where he was in attendance at the funeral of Mr. Jacob Frey, an old friend of the family who died at the Clarkson hospital in Omaha Thursday night, and who was buried at Avoca yesterday, and after coming down town for some supplies Mr. McNurlin started to crank up his car, with the result that it kicked and he received a badly fractured wrist. Not thinking it had been more than sprained Mr. McNurlin proceeded to crank up with his left hand, and getting the car started, drove home and placed the auto in the garage. On entering the house Mr. McNurlin was suffering a great deal of pain, and on examination of the injured wrist by Mrs. McNurlin it was found that it was broken, and medical assistance was at once summoned to set the injured wrist. John has suffered considerable pain from the injured arm and will be without use of this member for some time at least.

From Saturday's Daily.

George F. West, of Portland, Me., president of the company owning the Plattsmouth Water Co., is in the city looking over the plant and the general business affairs of the company. Mr. West has given the city a splendid plant here since assuming the ownership and there is no city in the state that can boast of better service or purer water than that which the city of Plattsmouth has. Mr. West will be here for a few days looking over the affairs of the company.

RED SOX WIN AN ELEVEN INNING BASE BALL GAME

Very Exciting Contest, Resulting in a Score of 1 to 0, in Favor of Home Team.

One of the best base ball games of the season was staged yesterday afternoon at the Red Sox park when the Red Sox were the victors in an eleven inning contest, by the score of 1 to 0 over the Eagle team. The game was one filled with much good playing, and the pitchers, Stevens for the Sox and Rudolph and Skinner for the visitors, did good work. Stevens, who is the star of the Nebraska City team, was on the mound for the locals and was steady and reliable all through the contest and settled the hash of twelve of the visitors by strikeouts, and several at very critical times. His support was excellent and only one hobble, by Coady at second, occurred during the game. Crabtree, of the visitors, robbed Beal of a fine hit in the sixth when he raced back to the fence and nailed a high fly that looked good for a two-sacker and meant as many scores. The game was decided in the eleventh inning when Mason hit to the left garden for a safety and scored McGrath, who was on second and who beat the ball in for the one and winning run of the excellent contest. The Red Sox were unfortunate in scoring as they had nine of their crew die on the bases, while the Eagle team had only two on the sacks. With both teams going their best the eleventh inning was the life-saver. Herold opened with a hot one to E. Trumble at short, but was retired on the throw to A. Trumble at the first station. McGrath followed with another drive to E. Trumble that was juggled and the runner was safe on first, and was later able to pilfer second base. Bill Mason was the life-saver of the day for the locals when he was able to connect with one of the slants of Skinner which he drove to the left garden, allowing Mac to race in from second and score the badly needed run. The Eagle team is a fast bunch of young ball players and certainly gave the fans their money's worth in the thrilling and exciting game, and it was a toss up as to whom the victory was to go until Mason was able to break the ice at a critical time with his poke. The box score of the game follows:
