Says He Likes the Mitchell.

For the past two years George Stoehr, residing south of Cedar Creek, has been in the market for an automobile, and he has carefully looked the field over and had a great many cars demonstrated to him during that time, but none seems to win favor with him like the Mitchell car, and during the past few days he purchased one through the agency of John Gauer, who has been selling a large number of these cars this summer and fall. The Mitchell is no doubt one of the good ones, and Mr. Stoehr has made no mistake in his selection. He is also just completing a fine new garage on his farm, 12x18, with a concrete floor, and constructed in every way right to the minute. Mr. Stoehr not only believes in buying a good car, but wants a good place to house it. He is one of the prosperous farmers of this locality and the best is none too good for him.

**AN AMUSING EXPERIENCE
OF PLATTSMOUTH BOY**

From Tuesday's Daily.

A rather amusing story is related of the experiences of a Plattsmouth young man in Omaha a few days ago. It seems that he was walking from the Burlington station north, in the direction of the Union Station, and in front of him was a lady with several small children and a great excess of baggage. One of the little boys was carrying a heavy suitcase, and the young man from Plattsmouth offered to take the case and carry it, thinking that they were going over to the Union Station, and he failed to see the glances of suspicion that were given him by the lady. As they passed the Union Station the young man started on inside, and immediately the excitement broke fourth as the lady let out several cries for the police, and drew a large crowd before it dawned on the Plattsmouth young man that he was viewed as a suitcase lifter, and it required several minutes before the mixup could be settled, when the lady proceeded on her way to the Pullman hotel, where she was headed for, while the young man with the recollection of his escape from a ride in the patrol wagon came on home. He says "never again" will he help anyone.

**Finally Relieved by the Old Reliable
Theford's Black-Draught.**

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Theford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed."

**THOUANDS GO TO OMAHA
TO THE BIG PARADE**

The electrical parade in Omaha last evening drew a very large crowd from this city to the metropolis and made this city quite in evidence in the attendance. The afternoon Burlington and Missouri Pacific trains carried a large number of the passengers, and the special over the Burlington last evening took the few remaining residents to the big feature of the Ak-Sar-Ben. The special train of seven coaches was loaded to the very capacity of the train, platforms were crowded, as well as standing room being taken in the coaches. The crowd by train was in the neighborhood of 1,500 persons, and in returning this number was swelled by others who had spent the day in the metropolis and waited for the parade. On No. 10, the passenger reaching here at 1:40, a special coach was attached for the benefit of the Plattsmouth delegation who had remained until late in the metropolis.

FOR SALE—NEBRASKA FARMS.

**SOUTHWESTERN NEBRASKA.
DUNDY COUNTY STILL IN THE LEAD.**

The Pringle ranch produced wheat that yielded as much as 62 bushels per acre, one field of 20 acres averaging over 50 bushels.

TWO FOOLS MET.

Last fall we offered to sell a quarter section having 110 acres in wheat for \$2,500. The wheat was marketed last week and brought \$4,400.50.

We are offering a few farms that are excellent values and prospects and will double in price in less than one year—note the following:

480 acres, well improved, 300 acres of good plow land, ample supply of water; ideal farm for cattle and grain; price \$12,000. This place is worth much more.

840 acres, 200 deeded and 640 school land, good improvements, plenty of good farm land; price, including assignment of lease, \$5,500. Splendid for the man with small capital.

600 acres, small set of improvements, close to town, 160 acres bottom land; ideal for alfalfa or grain; 440 acres upland, of which 240 is splendid for wheat and corn; all fenced and a money maker; price \$12,000. You can't beat it for mixed farming.

1,680 acres, the best big ranch in the county for the money, one good crop would pay for it, 1,200 acres fine black soil, balance good grazing, splendid for grain and cattle; price \$20,000 until September 1; fair set of improvements; good locality.

A few smaller tracts at \$10 to \$25 per acre and worth the money.

Mr. Renter, if you have a few head of stock it will pay you to investigate and learn what others have done. Good terms to a real farmer.

Information free, but better let us show you the land. Now is the time to get action, as the heavy rains have put ground in fine shape for fall seeding.
