

CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. Peter Eveland Married Fifty Years Tuesday, October 10, 1914.

From Saturday's Daily. Fifty years have fled by, fifty years of happiness, the happiest that man and woman can live—fifty years of faithfulness—fifty years of wedded life. And so on Tuesday, October 10, 1914, Mr. and Mrs. Peter Eveland celebrated their golden wedding day at their home near Murdock.

It was a great day and this couple who have encountered the journey of life with its joys and sorrows were surrounded by their children, grandchildren and friends and neighbors. It was a day to be remembered, a day of reminiscence; back to childhood's happy days, back to the days fifty years ago when this grand couple took the marriage vows. It was music to hear, it was living it again.

More than one hundred relatives and friends were present. After a photograph of the group had been taken a most sumptuous dinner was served from one until three o'clock. The guests were then invited to listen to a short program given by members of the family and a few well chosen words by their pastor, Rev. Harris of the Methodist church of Murdock. Mr. Eveland responded in a manner which touched the hearts of the many friends gathered to wish them well on the remainder of their journey.

They were the recipients of many beautiful gifts in gold and silver.

Mr. Eveland and Miss Sarah Mattle were married at Wilton Junction, Ia., on Oct. 10, 1864. In 1867 they moved to Cass county where they now live. Six daughters were born to them, five of whom are married and with their husbands and children were present at the anniversary. They are: Mrs. Frank Gustin, of Elmwood; Mrs. Fred Bockelman, of Murdock; Mrs. R. A. Kuehn and Mrs. J. H. Schwin, of Big Springs; Mrs. H. Newton Lang, of Welton Junction, Ia. and Miss Nora Eveland. Other relatives and friends from a distance were: a brother, Mr. H. A. Eveland and wife and three daughters, Mrs. A. D. Dickey, Mr. and Mrs. Heffelfinger and Mr. and Mrs. Roy Shearer of Janica, Ia., and Mrs. Joe Eveland, of Hobson, Mont.; a sister Mrs. Ward and daughter Florence, and Mr. and Mrs. Carrol Treat, of Doniphan, Neb.; a sister Mrs. Wellman, husband and daughter, Mrs. Garrett and Ellery Wellman, of Geneva; Mr. and Mrs. Martha King of Murdock, a granddaughter Mrs. Mere Gustin Eveland, and husband and Mrs. G. H. Eveland, Maimville, O., arrived Monday night. Judge and Mrs. Beeson, Mr. and Mrs. Isabel, of Plattsmouth; Mr. and Mrs. Orton and Mr. and Mrs. Turner Zink, of Weeping Water; Mr. and Mrs. Kirkpatrick, of Nehawka; and Mrs. J. A. Thomas, of Lincoln. Mr. Eveland is a veteran of the civil war, having enlisted in the 18th Iowa regiment when he was sixteen years of age. He served three years until the close of the war, coming west when this country was a part of the great American desert, and his estimable wife have passed through all of the joys and hardships incident to pioneer life and have been permitted to see the country grow and develop and to know that they have done their share in the upbuilding, and are enjoying the fruits of their well directed efforts, surrounded by friends and their children and grandchildren. An unusual incident of the anniversary was the attendance of four other married couples who had celebrated their golden weddings in the past year, three of them in the Eveland family. There were also seven present who had attended the marriage of Mr. and Mrs. Eveland fifty years ago.—Elmwood Leader-Echo.

COTTON FROM TEXAS.

From Saturday's Daily. The firm of C. E. Wescott's Sons have on exhibition at their store a large box of the cotton plants sent from Texas by Mrs. F. R. Gobelman, who is visiting in that state, and the ripened cotton is certainly a pleasing sight, and especially in the north, where it is not often seen in the shape it comes from the fields. Cotton, which was selling at a very low figure a year ago, is now bringing a good price and the supply is hardly able to meet the demand.

EDWIN ZIMMERER DECLINES CANDIDACY FOR OFFICE

From Friday's Daily. Edwin Zimmerer was nominated by the republicans as a candidate for representative in the Eighth legislative district, against L. G. Todd of Cass county, democratic nominee. He was then called to the front, Mexican border, with the Fifth regiment. The republican county central committee met at Syracuse and attempted to declare his office vacant and nominate some one in his stead, but his friends would not stand for it and besides the law would not permit. However some of the republicans of the so-called leader kind, kept pounding at the matter, and finally, it is said that Mr. Zimmerer has become weary of this constant nagging and has sent his resignation to the secretary of state. The republican committee of the two counties may meet now and jointly nominate some one in his place and it is said it may be M. T. Harrison of Dunbar, who was decided upon before, by the Otoe county republicans when they tried to push Zimmerer off in the first instance.—Nebraska City News.

ETHEL FERRIS OF NEAR MURRAY INJURED BY FALLING ON GLASS

From Friday's Daily. This morning Ethel Ferris, a young girl residing in the vicinity of Murray was brought to this city suffering from a very severe laceration of the wrist of her right arm which was caused by falling on several pieces of a broken glass jar at her home. The little girl had been down in the cave to secure a jar of canner fruit and as she came up the steps leading from the cave her foot slipped and she fell, the jar striking the steps and breaking and the broken glass inflicting a very severe wound, severing several of the tendons of the wrist and causing a profuse flow of blood. The little girl was hurried to this city where she was taken to the office of Drs. Livingston where the injured wrist was dressed and the patient made as easy as possible although suffering very much from the painful injury as well as the loss of blood. The accident is one that is very serious and will lay the little one up for some time before she can have the use of the wrist and it is really fortunate that it was not worse as the broken glass could easily have cut the wrist entirely off.

MR. AND MRS. C. A. RAWLS ENTERTAIN AT A KENSINGTON

From Friday's Daily. The beautiful home of Mr. and Mrs. C. A. Rawls on Pearl street was the scene of a most delightful gathering yesterday when Mrs. Rawls entertained some forty of her friends at a Kensington which was very enjoyable to everyone fortunate enough to be present to enjoy the delightful hospitality afforded them. The rooms of the home were very prettily arranged with decorations of ferns and cut flowers, pink roses being used in profusion in carrying out the color scheme of pink which was used throughout the house, and also featured in the refreshments. The luncheon was served at daintily arranged tables, where each place was marked by beautiful pink rose buds, and here the ladies enjoyed the dainty three-course treat prepared for them, and in the serving the hostess was assisted by Mesdames F. L. Cummins, J. W. Holmes and R. G. Rawls. A number of the ladies to enjoy the beauties of the ideal fall afternoon gathered on the spacious porch, which had been very prettily arranged with palms, ferns and potted plants, and here, passed the time delightfully in their sewing and visiting, while the fresh, bracing Nebraska afternoon added very much to the delight of the ladies. The afternoon was spent by the ladies in their sewing and a most pleasing time in the enjoyment of the hospitality of the Rawls' home.

WARNING SIGNS TO GUARD AGAINST FAST DRIVING OF MACHINES

From Friday's Daily. It has been well suggested by several of the citizens residing in the vicinity of the high school and Central school buildings that warning signs be placed within the immediate vicinity of the school buildings to warn the automobilists in regard to the rate of speed to be observed while driving along there. It is necessary, especially during the months when school is in session, for the auto drivers to exercise care in driving near the schools as there is hardly any time of day when the school children are not going or coming from school, and to drive at a high rate of speed in the immediate vicinity is quite dangerous, especially to the little children who are passing by and who of course do not exercise the care and watchfulness of the older students. A sign placed at Main and Eighth streets and one at Eleventh and Main streets to warn the auto drivers to proceed more slowly might have the effect of lessening the danger, and certainly would do no harm. There is no one who would willingly cause a serious accident to any of the children, but there is no telling when one might occur through some thoughtless child playing along the road and failing to see or hear a car coming, and if the machine was running slow it might be stopped in time to prevent a serious accident.

THE FAREWELL TO REV. AND MRS. T. A. TRUSCOTT AT SCHUYLER

From Friday's Daily. The Schuyler Messenger, in speaking of the departure of Rev. T. A. Truscott and family from that city gives an account of the farewell tendered by the members of the congregation to their popular pastor, and says as follows: "On Monday evening a public reception was given at the Methodist church as a farewell to Rev. and Mrs. T. A. Truscott and daughter, Miss Irene. The evening was spent in visiting and a number of outdoor games were played by the young folk, after which all assembled in the church where Rev. Truscott was presented with a beautiful oak chair. This was given him by the members of his Sunday school class. Then the ladies' bible class presented Mrs. Truscott with a hand embroidered, linen luncheon cloth edged with filet lace and which had insertion to match going through the center. Miss Irene was presented with a beautiful pearl ring and a silver spoon which were given her by the members of the church as a token of appreciation for her services as organist. They were then asked to step into the league room where light refreshments were served."

KEITH NEVILLE DEMOCRATIC CANDIDATE FOR GOVERNOR COMING

From Friday's Daily. This city will have the opportunity during the coming two weeks of having in our midst, Keith Neville, democratic candidate for governor and the voters and citizens in general should take the opportunity afforded them of meeting this bright, keen young business man, who is a candidate for governor. Mr. Neville has been the object of attacks from all manner of whitewashed religious reformers whose past would hardly bear exposure to the sunlight, and the voters certainly should meet him and realize the manner of man that these people have been attacking with base and underhanded methods. A cleaner man was never a candidate for office in the state and he has nothing to regret in the frank and manly campaign he has made for office and stands on his qualifications for the position—not on misrepresentation of his opponents such as has characterized the opposition to Mr. Neville.

CLINT BILLINGS IS KILLED IN RAILROAD ACCIDENT

From Saturday's Daily. A message was received in this city yesterday afternoon announcing that Clint Billings, a young man formerly residing in this city during his early boyhood, had met his death at Buffalo, N. Y., by being crushed to death beneath a Lake Shore and Michigan Southern train. The message did not give any of the particulars of the accident. The young man was the son of Mr. and Mrs. George Billings, for many years residents of this city but for several years the family have resided in the west.

PETERS & RICHARDS GET CONTRACT FOR IOWA STATE BUILDING

From Friday's Daily. The firm of Peters & Richards of this city, one of the largest contracting firms in this section of the state, yesterday closed and signed a contract with the State of Iowa for the erection of a new building at the Glenwood institute for the feeble minded. The new building is to be a custodian's building where the supplies for the institute are to be kept and it is estimated that it will cost \$15,000, right at the commencement and that the state proposed to add to the building until it shall have reached the cost of \$65,000 and be one of the finest in the institute. Messrs. Peters & Richards completed a fine new building that was held as one of the best pieces of work placed in Glenwood and which was finished in a most workmanship like manner and since that time they have also completed the large concrete barn at the institute costing in the neighborhood of \$15,000. From this fact it would seem that this enterprising firm certainly has delivered the goods in the Iowa city and that the State of Iowa appreciates their work, which under the state inspection must be right up to the minute in every detail. The work on the new structure will begin as soon as possible and be rushed to completion.

RECORD BREAKER FOR TRADE AT STORE OF BESTOR & SWATEK

From Friday's Daily. This week has been a record breaker at the store of Bestor & Swatek in this city, during which time they have been conducting a demonstration of the celebrated Copper Clad ranges for which they are the local agents. The store has been visited by a very large number of interested patrons and they have been given a clear insight into the many points of advantage possessed by this range over others. Mr. Charles Campbell of St. Louis, representing the Copper Clad range manufacturers, is on the job in handling the demonstration and giving the prospective purchasers an opportunity of seeing what they are purchasing and the different features that make this stove one superior to others in the way of saving of fuel and better service, as is claimed for the range by its manufacturers. It is claimed for this range that the copper lining prevents rusting out, which is the greatest fault of many stoves, as well as the use of malleable iron in the manufacture of the stove, that allows great heat to be secured without warping or injury to the stove. The fuel saving feature of the stove as well as the extra features of patent oven doors and the contact reservoir are the points that attract one to the Copper Clad range and have made the demonstrations of more than usual interest to the purchasers. With each stove sold there will be a fine set of aluminum cooking utensils given and these add greatly to the splendid stove and gives the purchaser a gift that will be much appreciated. Those who have not looked over the Copper Clad range should call at the Bestor & Swatek store at once.

CREAM, 34c, at Dawson's store, Plattsmouth. 9-19-d&wtf

MR. A. S. WILL RETURNS FROM MEXICO CITY

He Reports His Trip Very Pleasant Considering the Condition of Affairs in That Country.

A. S. Will, who has been in Mexico City for some time looking after business interests in the troubled republic of the south, has returned home and reports that the conditions there are not showing signs of improvement in the interior, although the bandit raids on the border have ceased. Mr. Will reports that the money of the provisional government is worth very little and that for \$1 in American money a person can secure 38 pesos, the Mexican standard paper money. The government there requires that all taxes and fees paid to the government be in silver or gold, and then the paper money is forced on the people. The railroad ticket of Mr. Will from Mexico City to the border cost him \$390 pesos and the sleeping car ticket 200 more pesos, but in the good coin of Uncle Sam it was considerably less, figuring at a rate of thirty-eight to one. The food prices in the Mexican capital are such as to make a hotel proprietor smile with glee. At the American club in Mexico City, a dish of ham and eggs is quoted on the bill of fare at 14 pesos; coffee, 1.25 pesos a cup; fish, 7 pesos; spring chicken, 10 pesos. The same conditions prevail in all lines of trade and add to the unrest and troubles of the government in trying to establish order. On the trains robberies are very common and to show any real money is an invitation to be robbed or murdered. Along the railroad at several points there were bleaching skeletons hanging from the telephone poles and trees, which were former Villa bandits, who were hung by the defacto government, and a set-to between the government troops and the bandits were everyday occurrences, and it was not safe to get away from the points controlled by the government. While in Mexico City Mr. Will, arising one morning, was unable to secure any water to wash, and on inquiry found that the water works had been shut off at their pumping station some fifteen miles in the mountains outside of the city, where a pitched battle had been indulged in by the government troops and the bandits. What the final outcome of the struggle in that country will be it is hard to surmise, but it is certainly mighty unhealthy at present for the stranger or native who is fortunate enough to have any money or valuables, as he will get them taken by some of the numerous bandits.

DEATH OF MRS. B. J. REYNOLDS AT PACIFIC JUNCTION

Yesterday morning at 10:25 at her home in Pacific Junction, Mrs. B. J. Reynolds passed away after an illness of a short time. Mrs. Reynolds was taken with scarlet fever a little over a week ago and her condition became quite serious from the malady and the patient continued to grow worse until her death yesterday. Mrs. Reynolds was well known in this city where she has been a frequent visitor and for several years prior to her marriage to Mr. Reynolds was a resident of Pacific Junction and where she was universally loved and respected by a large circle of friends. Mr. and Mrs. Ed Reynolds of Havelock and Mr. and Mrs. Lester Barkus of this city departed this morning for Pacific Junction, to attend the last sad rites. Mr. Reynolds will receive the deepest sympathy of the community where he has for so long been a resident and his loss will be shared by those who had the pleasure of knowing this estimable lady.

Dr. B. F. Brendel, accompanied by his nephew and niece, Mr. and Mrs. E. Harvey of Zionsville, Ind., came up this afternoon from Murray and journeyed to Omaha to spend a few hours in that city.

RED POLLED CATTLE SHIPPED FROM THE LUKE WILES FARM

This afternoon Luke L. Wiles, the breeder of the celebrated Red Polled cattle in this locality, shipped three of his fine young animals to Belmont, Neb., where they will be placed in the herd of W. J. DeWitt, one of the best known stockmen in Nebraska. The animals are all fine young stock and consist of two heifers and a young bull, taken from the best in the Wiles herd and certainly are as fine as any could be procured in any part of the state. Mr. Wiles has made a specialty of raising this variety of stock and the herd he has is recognized as one of the best in this section of the west.

THE MAN TO SUPPORT FOR REPRESENTATIVE

L. G. Todd, Democratic Candidate.

A CASS COUNTY PRODUCT. L. G. Todd, the subject of our sketch, is a product of Nebraska and of Cass county, where he has spent his lifetime and is well acquainted with the needs of the community he desires to represent in the legislature as float representative from the Seventh district, composed of Cass and Otoe counties. Mr. Todd, while comparatively a young man, has been engaged in the farming line almost all of his life and his training and general abilities are such as to make him a valuable representative of this great agricultural empire of the west. Coming from one of the pioneer families of Nebraska, who had such an important part in the development of this section of the state, Mr. Todd has the rugged traits of character that go to make up a man of the people and one who cannot be swayed from his convictions of right. He is fitted in every way to serve the district with honor and credit to the good people of Cass county. A man who will be found on the side of the people all the time. Mr. Todd, in addition to his farming interests, is at present the president of the Bank of Union and keenly alive to the business interests of his district.

SPEAKING ON STREET THIS EVENING AT EIGHT O'CLOCK

This evening at 8 o'clock at the stand on Fifth street, Dr. Clarence True Wilson of Chicago, the celebrated temperance orator and the secretary of the temperance board of the Methodist church for the United States, will address the people of Plattsmouth on the prohibition question and present the arguments in favor of the proposition. Dr. Wilson is one of the most widely known temperance orators in the country and his appearance here as a part of his tour of the state will give everyone an opportunity of hearing one of the most forceful arguments for the prohibition cause that will be given during the campaign. Whether a person agrees with the cause Dr. Wilson represents or not, his speech is one that will be very interesting. The meeting will be under the auspices of the Cass County Dry Federation.

AUTOMOBILE TURNS OVER.

Quite an automobile accident occurred Saturday evening east of Murray when an automobile driven by Henry Rice, turned over in a ditch near the farm of Mrs. McDonald and the driver lay imprisoned under the car for sometime until help arrived on the scene and extricated the injured man from his position beneath the machine. Mortunately Mr. Rice was not seriously injured but the car was badly damaged and will require considerable work to repair it.

VERY DIFFICULT CASE IS FILED IN DISTRICT COURT

The Sovereign Camp, Woodmen of the World, Desires to Determine Who Are the Beneficiaries to Policy.

A suit has been filed in the district court by the Sovereign Camp Woodmen of the World against Eliza Beverage, Samuel T. Beverage, May Hawksworth, Ethel Beverage, Mathilda Snyder and Geo. W. Snyder. In their petition the plaintiff states that on June 4, 1894, a beneficiary certificate in the sum of \$2,000 was issued by the Woodman of the World to George W. Beverage, a member of Evergreen camp No. 70. In the original certificate issued the beneficiaries named were John T. Beverage, Samuel T. Beverage, May Beverage and Ethel Beverage. On September 7, 1907, Mr. Beverage had the beneficiaries of the policy changed to Ethel Beverage and Mathilda Snyder, named as daughter and niece of the owner of the certificate. In February, 1916, under the seventy-year-old age disability clause of the policy Mr. Beverage made application to the Sovereign Camp for 10 per cent of the amount of the policy and in March \$200 was paid to him leaving the value of the policy at \$1,800. The death of Mr. Beverage occurred in July, 1916, and since that time the plaintiff has been unable to settle the claim on the policy, owing to the claims of several of the defendants as to whom the policy should be paid. It is alleged by several of the defendants that Mrs. M. Snyder is not a blood relative of Mr. Beverage and under the policy is not entitled to receive a part of the beneficiary certificate. George W. Snider, a nephew, by blood, is a party to the suit as holding an assignment for a half of the policy.

The Sovereign Camp of the Woodmen of the World asks that the defendants be required to file answer and show their claim for the receiving of the amount of the certificate and that the court nominate a suitable person to whom the Woodmen of the World can pay the sum of \$1,800 due on the policy, to await the final ruling on the rights in the matter and that the order may be discharged on payment of the sum of \$1,800 from all connection with the case. Mr. Beverage, for several years prior to his death made his home with the Snyder family on their farm near this city where he was cared for.

A YOUNG GERMAN COUPLE MARRIED IN OTOE COUNTY

Yesterday at the home of Mr. and Mrs. Henry Hauschild, a few miles southwest of Avoca, occurred the marriage of their daughter, Miss Clara, to Mr. Harry Stubendick, a son of one of the prominent families of that locality. The wedding was one of the largest that has been celebrated in that section of Cass or Otoe counties and there was present to enjoy the wedding and reception some 400 guests. The marriage lines were read by Rev. Leuck, pastor of the German church near the home and was most beautiful and impressive. Following the wedding a general good time was enjoyed in the feast prepared for the occasion as well as in the pleasures of the dance, the music for which was furnished by members of the Burlington band of this city, who were taken to Avoca in automobiles, and assisted in making the event a most delightful one to everyone. Both of the young people are well and favorably known to a vast number of friends in both Otoe and Cass counties, and they will extend to the newly weds their heartiest best wishes for a long and happy married life and one free from care and sorrow. The young people will reside on a farm near Avoca in Otoe county.

Mrs. Frank Downing of Lincoln came in this afternoon to enjoy a short visit with friends and relatives in this city.
