The patient is getting along nicely and will soon recover from the injury.

## OMAHA POLICE ARE AFTER STOLEN AUTOMOBILES

From Wednesday's Daily. The activities among automobile thieves in Omaha in the past few weeks seems from all reports to have resulted in at least one and possibly two Plattsburgh people being stung on the purchasing of cars that were stolen. Two of the members of the Omaha police department were here today ferreting out as many of the cars as possible and seem to have located two, and have several more in prospect. It seems to have been the habit of the parties in Omaha to dispose of their cars in nearby towns by selling them to innocent purchasers and getting away with the money. The Omaha officers will endeavor to discover just how many of the machines have been disposed of in this city and vicinity.
