

Mr. Voter

"Bootlegging" in Colorado has been REDUCED since prohibition. Government licenses have been cut from 2500 to 103 since January according to the Internal Revenue collector of Colorado.

The whole state of Kansas has only 89 government licenses—less than one-half the number Omaha has over and above the regular number of saloon licenses.

Wet Nebraska has 825 saloons, and 2200 government licenses while Kansas, with prohibition, has only 89 and dry Colorado only 103. In Omaha alone, there are 601 government licenses and 354 saloons.

Talk about "blind pigs" and prohibition! Wet Omaha has twice as many "blind pigs" as both Kansas and Colorado put together.

FURTHERMORE, Nebraska booze has put 75 per cent of the 350 prisoners in the Nebraska penitentiary.

Everyone knows that science, that railroads, that big business of every description has denounced booze as its worst enemy.

The saloon has been responsible for more than one-half the crime in Nebraska for the last year. Eight automobile accidents out of ten are caused by whisky.

Two divorces out of every three in Nebraska are traceable to the saloons.

In Nebraska 75 per cent of crime, 40 per cent of the feeble-mindedness, 40 per cent of the pauperism and 25 per cent of the insanity is the direct effect of the saloon.

The Nebraska saloon has not one excuse for existence.

OVERCOME BY GAS AND IN SERIOUS CONDITION FOR A TIME

Yesterday afternoon shortly before 5 o'clock Dell Hudson, one of the Nebraska Lighting company employes, who was in charge of the work of connecting up the gas main on lower Main street in order to supply service to the new apartment house, was overcome by gas, and for several minutes he was in a serious condition. The trench in which he was working was filled with the flood of gas after the tap was made, and before Mr. Hudson could get out he was overcome by the fumes of the gas and it was necessary for those who were engaged in digging the trench to carry the unfortunate man to the Plattsmouth hotel, where he was staying. Medical aid was called at once and the unfortunate man given treatment. For several minutes his case seemed quite serious but he was soon brought to consciousness and this morning was able to be up and around, although he is still suffering from a headache as the result of his experience with the gas.

TO ERECT NEW GARAGE.

R. L. Probst of Mynard has secured the Ford agency at Union and will at once get busy with the sale of these machines that have earned the name of the universal car. Mr. Probst will erect a garage building on the west of the Missouri Pacific right-of-way in Union, and will then be in position to handle the business for that territory. Mr. Probst and one of his sons will be at Union to attend to the business of the agency and see that the people of that locality are given the best service possible. The new building that Mr. Probst expects to erect will be made fire proof by the use of pressed steel.

FARMERS ARE STAYING HOME.

The last few days has not brought many of the farmers into this city, as the bad weather and the fact that most of them are busy shucking corn and gathering in the crop of the great Nebraska staple, and the yield has been such as to please the farmers with the result of their year's work. The rains that have visited this locality have also proven of benefit to the farming and the wheat crop.

THE L. A. MEISINGER HOME

IS A HAPPY ONE TODAY

The home of Mr. and Mrs. L. A. Meisinger west of this city is one of the happiest homes in the country due to the fact that early Wednesday morning there arrived at their home a bright little daughter who will make her home with them in the future. The little one and mother are progressing nicely and Louis and the two little brothers are mighty proud over the little daughter and sister that has come to be a part of the family circle and as this is the first little girl in the family she is the object of a great deal of admiration from all the relatives.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.
