

**CASS COUNTY DRY FEDERATION—**

**"Booster Day"**

**Thursday, November 2nd,**

all of the eleven speaking teams of the Cass County Dry Federation, with fifty or more cars, will start from Eagle, Nebraska, at 8:30 a. m., for a speaking tour of Cass County, ending at Plattsmouth, with a mammoth mass meeting at the corner of 8th and Main Streets. Principal speaker

**Senator DeLong, of Colorado,**

one of the most brilliant speakers before the public. We expect a meeting of 2,000 people.

**C. A. RAWLS,**  
Chairman County Dry Federation.

**THE STORK VISITS THE  
GEO. KAFFENBERGER HOME**

Yesterday morning the country home of Mr. and Mrs. George Kaffenberger, west of this city, received a visit from the stork and they are rejoicing over the advent of a fine little daughter. Both the mother and little one are going nicely and the arrival of the little one has been the source of a great deal of pleasure not only to the happy parents, but to the grandparents of the little lady, and the relatives of the Kaffenberger and Tschirren families feel highly elated over the happy occasion. The many friends of the family will extend their congratulations and best wishes for the future welfare of the little lady.

Dr. J. F. Brendel of Murray was in the city today for a few hours looking after some matters of business and calling on his friends.

**BURLINGTON INSTALLS TRAINS.**

The Burlington today started a new through express service from Chicago to Lincoln and return on special trains Nos. 29 and 30, which was made necessary by the large amount of business between these two points. The new trains are all express cars and, going west, come through this city at 10:18 a. m., and returning east, at 7:35 p. m. The volume of the express business over the Burlington has grown so great that the regular service is not able to handle the shipments, and these two additional trains will care for the business from the two points.

**ADVENT OF FINE BOY.**

Last night the home of Mr. and Mrs. Earl Ringer in this city was made happy by the arrival there of a fine new son and heir and the occasion has been a most happy one to the delighted parents. The mother and little son are both progressing nicely and the friends are extending their heartiest congratulations.

**PROBING FREIGHT  
CAR SITUATION**

Washington, Oct. 29.—While shipments of all classes of freight are piling up in most of the important producing centers of the country, and shippers calling frantically for relief, the Interstate Commerce commission has begun an inquiry into the situation. The task is complicated by the fact that the railroads blame the shippers themselves for a large part of the difficulty.

Railroads in all parts of the country were called on Saturday by the commission for complete details of conditions on their lines.

Southern shippers and carriers will be heard next Friday and Saturday in Louisville, Ky., by representatives of the commission. The shippers have declared the roads culpable in conducting a large movement of freight to the seaboard for export, when water transportation is limited, and then permitting their cars to be used for storage purposes, while awaiting vessels.

Passing the blame back to the shippers, the railroads, say their impatience to "catch the market" before present high prices break, has resulted in an unusually large movement, especially in grain, at an unseasonal time of year. Crops, it is explained, have been shoved into the market much earlier than ever before and the railroads have been caught unprepared.

**HIKERS HAVE BIG TIME AT  
PATTERSON HOME IN MURRAY**

The "Hikers" club on Saturday enjoyed a most delightful time at the beautiful home of Mr. and Mrs. Jack Patterson in Union, and the ladies from this city who journeyed down for the delightful occasion felt amply repaid for their trip in the royal hospitality afforded them. The time was spent most delightfully at cards and the hours passed very rapidly in the fascinations of bridge. A very dainty four-course luncheon was served at an appropriate hour, that added very much to the pleasures of the day. The ladies enjoyed several hours that they had not really expected to at the Patterson home, due to the lateness of their train, and this allowed them to visit with their friends until evening and was much enjoyed. Those who were in attendance at the pleasant event were: Mesdames John W. Chapman, R. C. Rawls, Nelson Jean, George O. Dovey, Lynn Minor, Misses Margaret Donelan, Ione Dovey and Vesta Douglass.

**RETURNS ESCAPED INMATE  
OF FEEBLE MINDED INSTITUTE**

E. L. Cook, steward of the institute for the feeble minded at Glenwood was in the city last evening to look for one of the inmates from the institution who had escaped from that place Saturday. He discovered the young man, named Bailey, had been taken up by the police Saturday evening when he was wandering around on the streets and was kept at the jail for safe keeping until this morning when Mr. Cook took him back to Glenwood. The young man was perfectly willing to return to the institution from which he had made his getaway, having apparently enjoyed his outing sufficiently.

**HON. JOHN MATTES HONORED.**

For some time there has been an effort made to regulate the introduction of bills in the legislature and to see that unnecessary bills were not offered, simply for the purpose of one fathering the bill, getting a little cheap notoriety. This matter has been discussed for some time, but no definite action taken. Governor Morehead has taken the matter in charge and appointed committees to meet and agree upon certain rules and regulations concerning the introduction of bills in the legislature. The object is to secure a concrete and harmonious statute that will have a bearing upon future legislation. Hon. John Mattes has been appointed as one of the committee representing the senate.—Nebraska City News.

**For a Muddy Complexion.**

Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take outdoor exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere.

A want ad will bring what you want.

Office supplies at the Journal office.

**A GOOD RECORD ON CORN  
SHUCKING FOR CASS COUNTY**

From Saturday's Daily.

One of the best records in the corn shucking line this year that has come to our attention was made yesterday at the farm of R. W. Long, near Myrard, and Ben Land is the gentleman who did the work. Mr. Land started in yesterday morning, and in five hours shucked seventy-eight bushels, which was going some, and in the afternoon up to 4 o'clock, the young man shucked forty-three bushels more, making a total of 121 bushels for the day's work. This is a fine record and there are few in the county who can beat it, and we would be glad to hear from others of the fast corn shuckers as to their work in the fields.

**THE K. S. TURNER GIRLS  
HAVE PLEASANT EVENT**

The K. S. Turner girls last evening entertained at a Halloween frolic at the K. S. hall and the occasion was one of the greatest pleasure for all attending and the time passed most enjoyably by the large crowd of young people who were in attendance. The girls had the hall decorated in keeping with the Halloween season and to the hungry one a delightful feast was offered and this part of the program was most thoroughly enjoyed by everyone. The young people spent several hours in a most pleasing manner in the fascinations of the dance and this was indulged in by a large crowd until the time for departing homeward. The young ladies proved most pleasing entertainers and the frolic was one that will be pleasantly remembered by everyone taking part.

**How Catarrh is Contracted.**

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

A want ad in the Journal will bring results.

**Scientific Stockings for  
Women and Children**

Assure  
**Longest Wear  
Absolute Comfort  
Stylish Appearance**

Because:

Reinforced with Cadet Linen.  
Made of intertwined yarns.  
Elastically knit—no binding.  
Dyed with Non-Acid Cadet process.  
Cannot burn feet.  
Faultless Materials.

Every Pair Guaranteed.

**Original Quality**  
25c and more per pair.

**H. M. SOENNICHSEN,**  
Call Phones 53 and 54.  
We like to serve.

**BOX SOCIAL AT THE  
KENOSHIA SCHOOL**

The pupils of the Kenoshia school, south of this city held a most delightful Halloween program and box social at the school house Friday evening, which was very successful, both in a financial and social manner. The school room, which had been very appropriately decorated for the occasion by the pupils and their teacher, Miss Edna Morrison of this city, was filled to its utmost capacity with parents and friends. At 8 o'clock the pupils rendered a most excellent Halloween program, which was most highly appreciated by the large number in attendance. After the program the handsome boxes were sold at auction. After the sale of the boxes delicious luncheons were spread in the school room and the many good things to eat were soon disposed of. During the evening a lively contest was held as to which was the most popular young lady and Miss Virgie Campbell captured the largest number of votes and was awarded the box of candy, while Mr. Joseph Campbell carried off the largest number of votes for the ugliest man and was presented with a necktie. The pupils and their teacher realized a neat sum from the sale of the boxes and the contests, which will be used for the purchase of supplies for the school.

**GARRANZA SAYS U.  
S. IS AIDING VILLA**

Mexico City, Oct. 29.—"Villistas are active in the state of Chihuahua because they have secured in the United States facilities for aiding and fomenting the movement," Carranza charged in a statement issued here tonight.

The first chief charges also that several newspapers in the United States have waged a campaign against Mexico.

"They have given publicity to false reports and described the situation as very grave. These papers asserted that recently rebel forces have won victories over the constitutionalist forces in the states of Colima, Mexico, Oaxaca and Chiapas. These reports are absolutely false.

"Constitutionalist forces lately defeated forces of Felix Diaz, who fled out of Chiapas and took refuge in Guatemala. Xapata forces have been made to withdraw to the mountains of Morelos and all cities and communities are under complete control of the government.

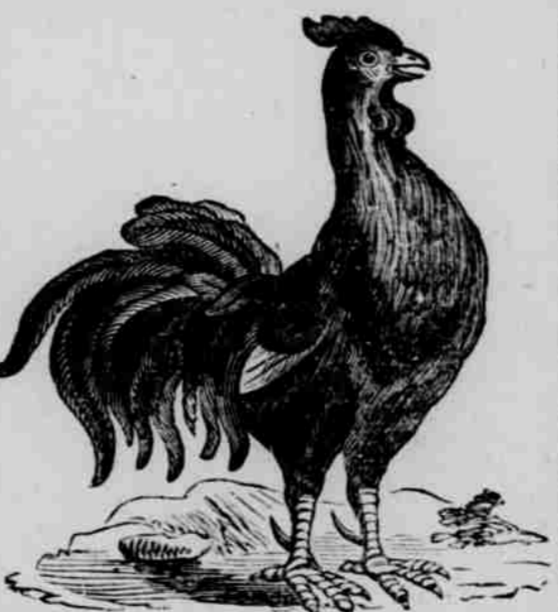

"The only movement showing signs of activity are the Villistas in the state of Chihuahua. This activity is due to the fact that the enemies of the constitutionalist government have secured in the United States facilities for aiding and fomenting the movement. However, the government continues work in suppressing this uprising."

Carranza denied the rumor that there is significance in the fact that his family is now in the United States, declaring they would return to Mexico City in a few days. He denied also reports of famine in Mexico.

"There is no lack of food of any kind throughout Mexico," he said.

Fancy stationery in different varieties at the Journal office. Come and see us when you want stationery.

**Poultry Wanted**
