## CEDAR CREEK POST- OFFICE IS ROBBED

From Tuesday's Daily.

Early this morning in the neighborhood of 1 o'clock the village of Cedar Creek was visited by robbers who had as their object, the U. S. postoffice in that village and which they looted to the extent of \$325 in money and stamps and made good their escape. The robbers secured entrance to the building which is used as a postoffice and which is occupied by a general store. The burglars broke the glass in the door of the building and reached in to turn the spring lock and thereby gained their entrance to the store. The safe was blown and it is stated that two charges were used, judging from the explosions and the contents consisting of \$200 in stamps and \$125 in currency were secured by the parties committing the crime. As soon as the robbery was discovered by the residents of the village, Sheriff C. D. Quinton was notified and hastened to the scene of the robbery but there was no trace as to the robbers and they had apparently made their escape from that neighborhood. The authorities in the neighboring towns were notified to be on the outlook for the robbers and all steps possible were taken to secure their capture, but so far no trace has been found of them. A. O. Ault of the firm of Wolf and Ault, is the postmaster.

## STURM ENDORSED BY EX-GOVERNOR GEORGE SHELTON

Sheldon Puts Up the Case of Andrew F. Sturm.

Wayside, Miss., Oct. 26.—I desire through your paper to urge my friends in Cass and Otoe counties to work and vote for Andrew Sturm for state senator. I am moved to make this appeal not because he supported me loyally and enthusiastically, but more particularly because he stands for the people's welfare and or civic righteousness. Andrew Sturm is conscientious, industrious and efficient. He is an unselfish public spirited citizen. He will fulfill his position and platform pledges. He is deserving of and should receive the vote of all those regardless of party affiliations who desire honesty and square dealings in politics.

## NEW YORK STATE FOR DEMOCRATS

Evening Post Says Murphy Has  
Placed the Majority at  
150,000.

New York, Nov. 1.—The Evening Post, which until recently supported Hughes, declared last night that the democratic organization is confident of a sweeping victory in New York state. "The prediction that New York will go democratic by 150,000 was attributed to good authority today to Charles F. Murphy, leader of Tammany hall," says the Post. "Mr. Murphy, it was asserted, confidently expects New York will be carried by President Wilson and the rest of the democratic ticket. So, in fact, do all the other democratic leaders, but unlike Mr. Murphy, they have made no secret of it.

"Down in Fourteenth street it is different. All efforts to get a prediction from Mr. Murphy in the present campaign have been unsuccessful. Mr. Murphy does not predict—out loud. He has not done so since the year Bird Coler swept Greater New York for governor and then suffered defeat by a handful of votes when the belated upstate returns came in.

"Tammany's annual pre-election canvass of the city will begin today but when the reports are all in, only the leader and a few of his confidants will know how matters stand. However, the canvass is looked upon in Fourteenth street as a mere formality, in view of Mr. Murphy's private sources of information. The prediction of New York by 150,000 is accepted by Tammany men as quite as reliable as any prognostication based on figures submitted by the district leaders.

### Republicans See Defeat?

"According to Edwin S. Harris, democratic state chairman, who is slightly more talkative than Mr. Murphy, the republican leaders themselves privately concede the state to Wilson.

"The republicans are trying to fool the public," said Mr. Harris today. "The fact is that republican leaders privately concede that Wilson is sure to carry New York state. Only Saturday prominent republicans told me that they couldn't save Hughes, and they are working for him as hard as they can. I have the same information from republican leaders in all parts of the state and the information is absolutely reliable.

"The people who think that the betting odds should favor Whitman are absolutely fooled. Whitman hasn't a chance of getting 70,000 plurality up the state, and the Whitman leaders know it. They are trying to keep their courage up by believing that they can change enough votes on election day to pull them through. There isn't a county up the state that hasn't scores of republicans who will vote against Whitman. The straight democratic vote will be 100,000 greater than it has been for years. The republican leaders are trying to bluff the public.

### McCombs Confident.

"William F. McCombs, democratic candidate for senator, also believes it is all over but the shouting. Mr. McCombs has returned from an upstate speech making tour with a firm conviction of victory and a bad case of tonsillitis. Unless the latter improves, he may not be able to carry out his speaking plans in this city but nothing can shake off the former.

"The state will go democratic by 100,000," declared Mr. McCombs today. "I am not giving out red fire; I am basing my prediction on the tremendous impetus for Wilson which was everywhere in evidence up state. This was particularly so in rockribbed republican strongholds. Throughout the state there is a strong desire on the part of the people to maintain things as they are and to take no chances with peace and prosperity.

"Mr. McCombs was asked whether he preferred to be running some one else's campaign or his own.

"I've been playing the role of prima donna for several weeks," he replied, "and I think I'd rather be the prompter in the wings."

JOHN A. MAGUIRE  
Democratic Nominee  
for Congress

## LABOR LEADERS ENDORSE MAGUIRE

"President Wilson should be re-elected but not merely that; HE SHOULD HAVE A SENATE AND THE HOUSE OF REPRESENTATIVES made up of men of his own political faith to help him carry out the great work outlined.

"While I was a member of the House of Representatives I enjoyed a very close and intimate acquaintance with John A. Maguire, democratic candidate for Congress and I know he is in full sympathy with the great purposes and ideals of the President. I recall that he ALWAYS voted in favor of the WAGE EARNERS and I am very glad of this opportunity to endorse him and to commend him to the people here as a man who has always been classed as a warm FRIEND OF LABOR."

W. B. WILSON, Secretary of Labor.

"The legislative record of Hon. John A. Maguire in the 61st, 62nd and 63rd Congresses discloses the fact that he voted in favor of the interests of Labor on practically every occasion. It was with deep regret that we learned Mr. Maguire was not returned to the 54th Congress."

SAMUEL GOMPERS, President American Federation of Labor.

### John A. Maguire, a Friend of Labor

Mr. Maguire has always taken the side of labor when he was in Congress and supported all legislation for the improvement of hours and conditions of laboring men and women whether employed by the Government or in private employment.

Among some of the measures which he supported are the following:

1. Anti-Injunction Law which prohibits the abuse of a writ of injunction against labor unions and agricultural associations.
2. Jury trial in all cases of contempt where labor was involved.
3. Children's Bureau safeguarding the employment of children.
4. All eight hour laws in government work and in private work where government contracts were concerned.
5. Law establishing Department of Labor over which Secretary Wilson now presides as the first Secretary of Labor in the Cabinet.
6. Industrial Commission which investigated the inhuman conditions of labor in the Colorado minning regions and the entire relationship of labor and capital.
7. The phosphorus match law which protects the lives and health of the laboring men.
8. Industrial Arbitration and Mediation Law for the settlement of disputes between employer and employee.
9. Seaman's law which prohibits involuntary servitude.
10. Safety at Sea law protecting the lives of passengers and employees.
11. Employers Liability laws and Workmen's Compensation law which provides a commission to adjust compensation for injuries without court expenses.
12. Bureau of Labor Safety in the Department of Labor.
13. Safety appliances required on railroads and all interstate trains.
14. Child Labor law which prohibits shipment in inter-state commerce of goods manufactured by child labor.
15. Limiting the hours of labor for women in the District of Columbia.
16. The Clayton Anti-trust law which recognizes labor not as a product of commerce but as a social and industrial relationship.

Mr. Maguire also indorses the successful efforts of President Wilson and the democratic congress in preventing a nation-wide strike and he enthusiastically endorses the eight hour Adamson law. He is in full sympathy with the president's plan to make this law effective. He is pleased to point to the fact that during the past year labor has received increases in wages amounting to more than three hundred million dollars.

Mr. Hughes condemns the eight hour law as a "gold brick" and "hold-up" legislation. If elected with a Republican Congress, Mr. Hughes will insist upon a repeal of this law. The party of President Wilson has proved by deeds its friendship for labor. President Wilson wants those elected to Congress who are in sympathy with his policies.

The Wall Street-Hughes crowd are making desperate efforts to elect the Republican candidates for Congress with the purpose of blocking President Wilson and his progressive policies. If you are for President Wilson don't tie his hands by electing the Republican candidate to Congress. The record shows that John A. Maguire was always on the side of labor when the issue was up and he is the loyal friend and supporter of President Wilson.

"I plead with you to elect John A. Maguire to Congress from this district. He is in full sympathy with President Wilson and stands for all Wilson stands for. I know Maguire and I know how faithful he was in Congress to the public service and how he supported the president and assisted in congress in the great constructive measures and policies for the first two years of the Wilson administration. Better beat President Wilson than put him in the hands of his enemies in congress."—VICE PRESIDENT MARSHALL, at Falls City, October 13, 1916.

## VOTE FOR WILSON AND MAGUIRE

## IT IS NOT HOW MUCH WE EAT BUT HOW MUCH IS DIGESTED THAT MAKES HEALTHY BODIES

The stomach, as well as other parts of the body, must have times of rest or its energies are soon exhausted, its work impaired, and dyspepsia is the result.

The truth is that the nutrition for our bodies does not depend upon the amount eaten, but upon the amount digested. People more frequently eat too much rather than too little and still weakness comes.

Whenever the system is attacked by stomach ills it is shown in many ways—common among them being headaches, backaches, indigestion, cramps or colicky pains, dizziness, blurred vision, gas, bloating and misery after meals.

Finally strength fails, the nerves

become irritated and the kidneys and liver do not discharge the waste matter.

Tanlac, through its influence upon the stomach, causes the food to digest, its healthy nourishment to be sent throughout every nook and corner of the body, consequently, it gets at the bottom of disease.

Men and women who need better digestion, more strength and healthy, restful sleep, may learn of Tanlac at the Mauzy Drug Company at Plattsmouth.

Tanlac may also be obtained in Springfield, at H. Fiegenbaum's store, and in Weeping Water at the Meier Drug Co.

The ghost of the evening had visited the members of the party and retired to the upper rooms of the home where ghost met ghost, and we are informed that two of the young ladies have not yet fully recovered from their fright.

## OLD LADY FEELING FINE

After Taking Four Bottles Of  
Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter.

My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled with a great deal with cramping spells, and for days at a time, she would have a severe headache.

She read of how much Cardui has helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine.

Mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything.

We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui.

Try Cardui.
