VILLISTAS SLAY AMERICAN AND BURN CHILDREN

Four Other Yankees Seen Under Guard of Bandits Who Take Jiminez and Do Wholesale Murder.

El Paso, Tex., Nov. 19.—An unidentified American was killed when a Villa band took Jiminez, and four Americans were seen under a guard of bandits at Parral during Villa's occupation of that town, according to reports believed by federal agents to be authentic, brought to the border by refugees.

Refugees further state that the district between Parral and Jiminez has been the scene of the killing by Villa's followers of more than 200 Chinese.

Body is Burned. The American killed at Jiminez was described as about 60 years old and known to be from Torreon on his way to Chihuahua City. He was murdered, said the refugees, in the Jiminez hotel, and his body lay for some time in front of the building, when after being robbed of clothing and valuables it was placed on a bonfire.

The same refugees who claim to have been witnesses of the outrages also say that two Mexican women who had married Chinese and their five half-caste children were found and thrown alive into the fire and cremated in sight of the crowd. The bodies of seven murdered Chinese, according to the same authority, were seen in the streets of the town.

Gypsies Robbed and Slain. Two Mexicans who escaped from Parral affirm that they saw four Americans there under a Villa guard. They said these men had lived in the town, adding that they heard the Americans working at the Alvarado mines got away. Another report brought to the border was to the effect that the bodies of thirty-five gypsies of both sexes were seen on the roadside near Parral, murdered and robbed by Villa bandits. The gypsies were believed to be of Syrian origin.

Sparens Japs and Germans. All foreigners that Villa has caught, except Japanese and Germans, have been put to death, the reports agree, and even the Germans are said to have suffered at least in the instance of Theodore Hoemuller of Parral. Various reports of Hoemuller's death have been received here during the last week.

The Chinese are called the heaviest sufferers. The fact that none are to be seen in the district in which they formerly did a large mercantile business is taken by the refugees as proof that all, numbering over 200, met the fate of the Chinese caught at Parral and Jiminez.

Arrives with Silver. Chihuahua City, Mex., Nov. 19.—According to a report received here, the Americans in the Parral district left that place on the advice of General Luis Herrera, two days before the evacuation of the town by the Carranza garrison. The Americans are said to have left for the mountains.

From a source believed to be reliable, it is learned that Edgar Kock, a German subject, whose fate has caused anxiety to his friends, arrived in Santa Rosalia from Parral, October 26, with fifty-seven bars of silver. Both Kock and his silver fell into the hands of the bandit leader, Julio Acosta, when the town was seized the following day. Kock, however, was set free after being robbed of his treasure, the report says. At the end of four days, he is said to have left for Jiminez in the company of two Mexicans. Nothing further has been heard here regarding him.

WILL ASK CONGRESS TO PASS AMENDMENT ON DIRECT VOTING

Portland, Ore., Nov. 19.—Senator George E. Chamberlain, who left tonight for Washington, announced that at the coming session of congress he will introduce a proposed constitutional amendment providing for the election of president by direct vote of the people. His intention, he said, is to get the amendment under way promptly, so that it may be acted on by congress and, if adopted there, by the legislatures of the various states in time to become effective for the next presidential election.

"The recent election demonstrated more strongly than ever the desirability of electing the president by direct vote," said Senator Chamberlain. "If five thousand votes in California had been changed that state would have gone for Hughes and he would have been elected, notwithstanding 400,000 more votes were cast in the nation for Wilson than for Hughes. Another time the present system might work to the disadvantage of the other party."

Senator Chamberlain, who is chairman of the senate committee on military affairs, said he would also at the coming session put forward a measure providing for universal military service.

JOINT COMMISSION TO END SOON

Determination of Washington Toward the Meeting With Mexican Diplomats.

Washington, D. C., Nov. 19.—With President Wilson's complete approval of his course, Secretary Lane will return to Atlantic City tomorrow determined to bring the sessions of the American-Mexican joint commission to an early conclusion. It was clearly indicated in official circles that the joint conference is about to end, agreement or no agreement.

If the commission fails to formulate a plan, it is thought that the prospect of settling border disputes through diplomacy will be remote. Officials make no prediction as to what steps the Washington government might take in that event to insure the safety of border towns and ranches.

Officials in Accord. Secretary Lane is understood to have found President Wilson, Secretary Lansing and Secretary Baker in full accord with him on every point when he laid before them last night a review of the efforts the American commissioners had made to reach a settlement.

It is an open secret that Luis Cabrera, president of the Mexican commission, has proved the stumbling-block in the way of reaching an agreement. Commissioners Bonillas and Pani, it is said, have been ready to approve several suggestions which would approve several different suggestions for co-operative action. Cabrera, however, held out for control of any joint operations by a Mexican military commander.

It is believed the American commissioners will renew tomorrow their original suggestion: That each government patrol its own side of the line independently, but with the understanding that American troops will pursue into Mexico on a hot trail any bandits who attack border towns. Coupled with that suggestion, presumably, was the statement that General Pershing's forces would be withdrawn gradually from Mexico and that no large force would be sent across the line again unless the de facto government permitted raiders to assemble in such force in Mexico that a strong expedition was necessary to prevent a serious attack.

Soon to Withdraw. Army officials believe that the American expeditionary force soon will be moving toward the border, regardless of the turn events may take at Atlantic City. In its present position many officers hold the expedition is of no strategic value, while the long line of communication with the advance base is a strong source of danger.

It is understood here that the troops would not be ordered home while negotiations were pending. Official advice today indicated that all of the Americans at Parral had made their escape and will soon arrive in Nogales, Ariz. There has been much anxiety here because of persistent reports that Villa bandits had put many foreigners to death when they raided the town recently. The Americans, six or seven in number, are believed to have made their way across the mountains to Culiacan, Sinaloa, and started toward Nogales over the line of the southern Pacific of Mexico.

The advices indicate that the Villa forces are not in actual possession of Parral, Jiminez or any of the other towns in that region.

Fate Not Definitely Known. The fate of the Chinese and other foreigners besides Americans in the vicinity where the bandits are active is not definitely known, but it is believed several Chinese have been killed.

Great doubt is expressed that it can go through because it is admittedly uneconomic in that the entente allied nations are competitive rather than co-ordinative. Its approval by the Paris conference and its increasing agitation abroad, however, make preparation against it necessary. The Webb bill, now before congress, to permit co-operation among exporters, will be one of the first steps urged.

Now Lookout. When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are very much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.

DRIVERS MUST KEEP LIGHT AT BOTH ENDS

The city council has issued an ultimatum to the automobile owners and drivers that hereafter when they are driving on the streets of the city at night they must see that both the tail and headlights on the cars are lit up in compliance with the law of the state and the city ordinances. There has been a great deal of complaint lodged with the city authorities concerning the driving of automobiles without their tail lights lit up after dusk and several times there has been narrow escapes from accidents due to this practice of running without lights. The chief of police has been instructed to be on the lookout for the offenders and haul them up before the court. It would seem that the drivers of automobiles for their own safety would see that their lights are kept lit as it may save them a serious accident some time that they would greatly regret. The police are determined to see that the ordinance is enforced and will do their utmost to nab the offenders.
