BOOSTING MAYFIELD FOR THE BOARD OF CONTROL

An appointment to membership on the State Board of Control is what E. O. Mayfield is after, and he has a fine array of endorsers who are urging his claim upon Governor-elect Neville. Mr. Mayfield is an old-time republican newspaper man well known all over Nebraska and is financially interested in the two weeklies conducted by his brothers, one at Stanton and the other at Louisville. The board is made up of three commissioners, of which one must be a republican and no two from the same congressional district, and it is the one appointed as a republican, Judge Kennedy, and who happens to be charged to this district, whose term is expiring.—Omaha Bee.

He Uses the Safe and Sure Thing at Home

P. A. Eard, Conejo, Calif., writes as follows: "I have sold Foley's Honey and Tar Compound and also other lines of medicines for a number of years, but never use anything but Foley's Honey and Tar Compound for my family or myself, as I find it produces the best results, always cures severe colds and sore chest and does not contain opiates or other harmful drugs."

SHORT COURSE AT WEEPING WATER A SPLendid SUCCESS

The short course in agriculture and domestic science which was held in Weeping Water last week was a success from every point of view. There were about eighty boys and girls enrolled and the interest they took in their work more than satisfied those in charge, that the effort was worth while. The expense of the course was met by federal and state appropriation, and the small fee charged was to cover the local expenses of the course. On Friday there was a demonstration of the work done during the week. The girls had on display the Kensington bags which they completed, showing the excellent work done in sewing. In the potato peeling contest Gladys McNurlin won first place, while Hazel Pool won second. Harry Morse won first place in the rope tying contest. Ernest Norris won second and Glenn Dunbar and Stewart Lyle tied for third place.

NEW SERIAL STARTS AT THE GEM FRIDAY

On Friday evening at the Gem theatre will be presented the last episode of the great feature play, "Fang of the Ring" which has attracted the closest attention from hundreds of the movie fans and it will also be the commencement of the great serial, "Liberty" presenting the opening reel, "Fangs of the Wolf." Both of these are well worth seeing and should be taken in by the lovers of good up-to-date pictures.

The Fangs of the Wolf—James Horton, a wealthy land owner in Mexico dies at his hacienda in that country, leaving a will which makes Major Richard Winton and Senor Pancho Leon the trustees of Horton's vast estate, and they are created guardians of his daughter and only child, Liberty Horton, aged seventeen, the will commanding that Anita must not marry before reaching the age of twenty-one without the written approval of both trustees.

Liberty spends a year at the Winton home and then goes to her late father's estate in Mexico, being escorted there by Major Winston and Captain Rutledge. They are made welcome by Pancho Leon and his son, Manuel.

Captain Rutledge is in love with Liberty and she has much affection for him, but Trustee Leon's son, Manuel, becomes Rutledge's rival for Liberty's hand despite Manuel's amour with the jealous Theresa.

A grand ball concludes the fiesta and here Pancho Lopez secretly plots to abduct Liberty to the mountains and hold her for ransom, the prospective money to be used to finance a revolution against the Mexican government. The plan succeeds and Lopez and his vaqueros seize Liberty late at night and carry her away to a hiding place, where she is held captive.

Pedro escapes from his captivity with the Lopez band and hurries back to the Horton estate, where he tells Captain Rutledge and Major Winston of the abduction of Liberty and they summon their crew of Texas Rangers to go to the rescue of Liberty.

The Lopez gang succeeds in carrying Liberty to a high mountain fastness and throw a mammoth rock down to block the trail. Rutledge and his band are stopped by the huge rock and he sends a ranger back to the ranch for dynamite to blast out the rock. The man returns and while the explosive is being placed a message is found demanding \$10,000 as ransom to release Liberty. Rutledge shouts up the mountain side that if Liberty is harmed all the Lopez gang will be punished by death when caught. Lopez, from his mountain lair, sends word to an insurrecto chief, Alvira, to prepare for an attack on an American town near the border. Pedro, the servant, manages to creep into the Lopez camp, finds Liberty and aids her to escape from the gang, Pedro hurling some sticks of dynamite into the Lopez encampment and causing them to seek cover.

Mr. Mooreland says that he intends to locate in Nebraska, and may buy a small tract of land in this county.
