The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ## IN PLATTSMOUTH FORTY YEARS AGO.

Mrs. Henry Bloom died near Louisville last Friday. She had been sick for two years with some mysterious disease.

Phil Young has on exhibition a pear from California which weighs one pound and fourteen ounces, and a bunch of grapes which weigh one and a quarter pounds. Captain Bennett bought them.

Mr. Eugene Lewis brings us some very fine peanuts of his own growing. They are very plump and full and help to prove that we can compete with anybody on peanuts in this state.

The news comes from every quarter that King Grasshopper, lured from his wintry slumber by the balmy deceitful voice of this mild weather, is coming forth in myriads, and his rebellious slave, man, is rejoicing in the hope that a few days more of sunshine will continue to tempt him forth, and then winter will reassert herself and end his short lived happiness. Several farmers from the Platte bottom report that grasshoppers are hatching out in the sand in myriads, and it is also stated that they are hatching in the Weeping Water valley. Glory.

### The Cass County Agricultural Society.

The Cass county Agricultural society met on Saturday, December 16, at Mr. Windham's office. A fair number were present, including the old war horses of the Agricultural society in the county. The meeting was called to order by Mr. Gilmore, vice president of the society. One of the principal questions brought up was the re-leasing of the present grounds, or the purchasing of new ones. On this point a number of gentlemen spoke who have been active in the affairs of the society. J. Vallery, sr., said we ought to take more pride in our county fair, and it must be sustained. We have given the west special inducements to come in and compete. If this county cannot sustain a good fair then no county in the state, Douglas excepted, can. If we all try we can make a good fair. Ami Todd proposed the purchasing of land in Platte Valley for a perma-

nent fair ground. MacMurphy asked if this purchase would accommodate more people from the west, and who could reach the grounds by rail and it would discommode settlers and farmers from the south and southeast. Valley answered this and favored the formation of a Stock Company. Mr. Windham, the secretary, gave a very lucid and exhaustive resume of the condition of the Society, its wants, its present needs, and its future demands. At present we stand very well, as well as any Agricultural Society in the state. Mr. Gilmore, V. P., gave his views, in favor of a stock company, if it could be made to good advantage.

Discussion by Messrs. MacMurphy, Hascall, Vallery, Windham and others.

A motion was finally offered as follows: That a committee of seven be appointed to report on the leasing or buying of grounds, and further to ascertain how many farmers, merchants and business men would take stock in an Agricultural society at \$100 per share—with suitable restrictions—said committee to report at a meeting to be held in February, to be called by the secretary, after suitable notice. Considerable discussion ensued, and after a free understanding of the duties of the committee the motion was carried.

The chair appointed the following gentlemen as such committee: Messrs. R. B. Windham, Thos. Wiles, Lewis Bird, Henry Wolfe, A. Holmes, D. H. Wheeler and James Hall.

Meeting adjourned.

The Herald will have more to say about this in the future; at present we have only time to give the minutes of the meeting. We hope the committee will attend to this matter and be able to report in February satisfactorily, one way or the other.

Mr. N. Sayles, of Weeping Water, sends the Herald greeting on the new year, and goes ahead for another year.

R. W. Cunningham of Louisville called Friday last and fixed the Herald out for a year ahead. Mr. C. is one of the luckiest, happiest and best of farmers that old Cass produces.

Dr. Ish of Omaha has been frescoing his beautiful store and putting a new mansard roof over Al Schroder, and now it is the handsomest store in the west.

R. G. Glizbe of Weeping Water came to the scratch last week and started in a year ahead.

The mayor and two councilmen of Lincoln came up to see our Babcock on Thursday last. Wo! January.

Mr. Allen of the Crete News, a friend of Mr. Eaton's people, has just brought his family from Michigan, on his way home to Crete, and has been stopping here a few days.

Mrs. J. Ellen Foster gave two temperance lectures in the M. E. church on Saturday and Sunday evenings last, and also spoke on Sunday morning. Her ability as a lecturer was good, and the crowds who went to hear her were enthusiastic in her praises. She is a lawyer by profession, and if she practices law as well as she preaches temperance she must be that unusual character in this world, a success in two businesses.

A little daughter of Mr. C. W. Green, who is living in the Methodist parsonage, was playing at the residence of Mrs. Miles Morgan during the rainstorm on Monday last, and endeavoring to go home during the storm she was swept into the gutter by the wind and rain, and only saved from drowning by the timely aid of Mrs. Morgan, who barely kept out of the sweep of the water herself by the greatest exertion. Mr. and Mrs. Green desire herewith to express anew to her their thanks for her active efforts to save their child.

### Obituary.

Died, at his residence in Cass county, Nebraska, December 25, 1876, Riley Jones, aged 66 years. He was in Plattsmouth on the day preceding his death and took dinner with his son, W. D. Jones. He returned home in the evening and retired to bed in usual good health, but was taken sick in the night and about 8 o'clock in the morning he was not, for God had called his old servant home. Brother Jones professed religion in early life and had been a member and local preacher of the M. E. church for over thirty years. He leaves a widow and a large family by his first wife, to mourn his death. He was an earnest and active worker in the church, attending all the means of grace, both regular and special, and aiding in all the movements of the church. Thus the fathers, one by one, pass away, leaving gaps in society, the family and the church. May their failures admonish, their virtues incite, and their removal warn us to be also ready, for in such an hour as you think not of the Son of Man cometh.

## MAYFIELD CONFIRMED BY THE STATE SENATE

Lincoln, Neb., Jan. 16.—By a vote of 32 to 2 the state senate today confirmed Governor Neville's appointment of Eugene C. Mayfield of Omaha as a member of the board of commissioners of state institutions.

Mr. Mayfield will succeed Judge Howard Kennedy on the board. He will take his office on July 1.

The senate action was taken in executive session. It followed an effort on the part of Senator Sandall of York to secure delay "to investigate the governor's candidate for this place."

This effort was defeated by a vote of 29 to 12. The nine republicans present—Senator Shirk of Saline being the sole absentee—stood solid behind the York senator on this fight. Eight of these later voted for the confirmation, however.

Senator Sandall was the lone republican to vote against Mr. Mayfield and Oberlies of Lancaster was the one democrat to join the opposition.

Senator Sandall based his opposition on political grounds. Mr. Mayfield was nominated as arepublican and his indorsees for the place included many of the best known republicans of the state, including Chairman Ed Beach and twenty-six of the thirty-one members of the republican state committee.

Interest among the democratic members was centered in standing by Governor Neville in the matter. The governor had given Mr. Mayfield's business and personal record the closest scrutiny and had assured democratic senators who visited him that in addition to being widely indorsed by republicans and newspaper men over the state Mr. Mayfield, in his judgment, was a man of high ideals and would give to the board all that people of the state want to see given to it.

## FARMERS DEMAND SCHOOL CHANGES

Call for Ten-Year Rural Schools and Country High Schools.

From Wednesday's Daily. Resolutions adopted by the National Farmers' union, which met last week in Omaha, demand that radical changes be made in the present rural and state school systems.

It is declared in a report of the committee that a permanent and uniform course of agricultural and industrial training is necessary to the making of satisfied and prosperous rural life. A system is asked that will not only train for domestic and agricultural pursuits, but will teach broad and useful citizenship in all phases of life. The report follows:

We demand that the common rural schools be provided with a course of study extending through ten years of work, that the students finishing this course be permitted to enter the state normal and high schools or any school accredited to the state for normal training, the school of agriculture, or to enter any school or department that may hereafter be created to meet this course.

That a workable plan for the establishment of rural high schools and consolidated schools be carried out.

That a permanent system of agricultural and industrial education be established; this system of education to be based on proper academic training together with domestic science, agriculture and normal training, preparatory to the state university.

Demand Rural High Schools.

To meet this end we demand that the legislature create a system of institutions to be known as "agricultural high schools," giving four years of work and that a sufficient state levy be made to establish and maintain the foregoing system.

Pending the putting into operation of the foregoing system we demand provision be made for a short course or winter term of two or three months, for youths who are not able to take the full school course.

That the state print the text books and supplies and sell them to the districts at cost plus 5 per cent.

That the railroad school tax be placed in the temporary school fund of the state and apportioned to the various school districts of the state.

Change the manner of distributing the three-fourths state apportionment on census instead of on average attendance.

Oppose "Community Plan."

We are opposed to the establishment of the so-called "county unit" plan of school management.

We are opposed to the building or buying of more state normal schools.

We favor the election of the state and county superintendents of public schools on a nonpartisan ballot for a term of four years, subject to recall; only those under the supervision of the county superintendent shall participate in his election.

Would Oust Board of Regents.

We favor a constitutional amendment to provide for a unit board of managers for the institutions of higher learning in the state; this board to be known as the board of education, and to consist of six members to be nominated and elected, one from each congressional district of the state, with a term of office of six years. This board shall have full control of all state normal schools and the state university, the present board of regents to be abolished.

We recommend that a committee of five be appointed at this convention to draft and prepare bills, to present the same to the house and senate committees, and after the passage of these bills urge that the legislature make necessary appropriations to establish, equip and maintain the system which may be devised in conformity to the foregoing plans.

## PNEUMONIA IS THE CAUSE OF ANOTHER DEATH

Death of Mrs. Z. T. Brown, a Most Highly Respected Lady of Plattsmouth, Esteemed by All Who Knew Her.

From Tuesday's Daily.

Last evening at 9:40 Mrs. Z. T. Brown passed away at her home in this city after a short illness covering some five days from pneumonia and despite all that medical skill and the loving attention of the family it was impossible to save the life of the beloved mother, and for the past three days she had gradually grown worse, until the end. Mrs. Brown had been in comparatively good health and, last Wednesday, was visiting in Omaha in company with her daughter-in-law, but on returning home complained of feeling ill, and Thursday morning her condition was so serious a physician was called, when it was found she was suffering from a severe case of pneumonia.

Miss Laura Scovall was born at Nemaha City, Neb., fifty-three years ago, and was reared to womanhood in that place and was there united in marriage to Z. T. Brown, and came to Plattsmouth in 1885 as a bride to make her future home in this city.

Here the family have made their home, and the seven children of the union have been brought up in this city. Mr. and Mrs. Brown have for years taken an active part in the life of the community, until the husband and father was stricken and passed away in July 1915, and since that time Mrs. Brown had devoted herself to the home and the children who with her were left to mourn the passing of the husband and father. Mrs. Brown was a lady loved and esteemed by those who had the pleasure of knowing her, and her loving kindness and treatment of all those with whom she came in touch won her many warm friends, who will learn with the greatest regret of the passing of this grand good woman and share with the sorrow-stricken family the feeling of grief that the event has brought to them. To mourn the death of Mrs. Brown there remain seven children, Mrs. Louis Trimpe of Omaha, Clarence Brown of Topeka, Kan.; Vera, residing at Belvidere, Ill.; Earnest, Malden, Mable and Abbie Brown, all of this city.

The funeral of Mrs. Brown will be held tomorrow afternoon at 2 o'clock from the late home on Granite street, and will be conducted by Rev. H. G. McClusky of the First Presbyterian church, of which the deceased was a member, will be present at the funeral to conduct the ritualistic service of the order.

## JOHN W. ALLEN AND WIFE OF CALIFORNIA SAIL FOR THE ORIENT

From Wednesday's Daily. This morning Mr. John W. Allen and wife, formerly Miss Virginia McDaniel, of this city, sailed from San Francisco for a trip to the Orient that will cover some six or eight months.

Mr. Allen, who has charge of the business management of one of the large American moving picture companies on the coast, is sailing for the Orient for the purpose of installing managers in a number of the larger cities for his company and who will handle the moving picture interests in the different localities visited. Mr. and Mrs. Allen will spend several weeks at Honolulu and the Hawaiian islands, sailing from there for the Philippines, where they will visit at Manila and the larger towns of the islands, placing the managers for the company, and from there they will go to Japan to look after the business interests of the picture company. The trip is one that will be a rare pleasure at this season of the year to these oriental lands of the far east, and the fact that Mr. Allen was selected for this important mission shows the confidence reposed in his ability by his employers.
