"In case the news is correct," adds the agency, "the general feeling in Germany is regret that the American president gave to the German note an interpretation which was not intended by Germany. The German measures are not intended to damage neutrals, but were caused by the necessity of defending Germany against hostile measures which are contrary to international law, Germany's enemies, therefore, being charged with the whole responsibility."

When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.
