FORECAST HEAVY PLATTE RIVER FLOOD IN SPRING

Fremont, Neb., Feb. 7.—Railroad men who have been keeping watch on the antics of the Platte river are looking for a big flood when the ice goes out this spring. The ice on the river is over a foot thick and if the cold weather continues a few inches will be added.

Since the flood of 1912 when miles of track were damaged and nearly every bridge from Columbus to the mouth of the river was washed out, the railroads with tracks running along the stream or bridges crossing it have done extensive protection work.

The dyke erected along the bank of the river west and south of Fremont four years ago at a cost of thousands of dollars will be given its test this year, railroad men believe, as the ice is thicker than it has been for years.

INJUNCTION CASES STILL ON IN THE DISTRICT COURT

The injunction case over the Washington avenue paving is still the center of attraction at the court house and the district court room has been filled with an interested audience who have attended the sessions. The taking of testimony was continued throughout the day yesterday and this morning, but it is thought that the case can be submitted to Judge Begley this evening for his consideration. There has been a large number of witnesses examined on both sides of the case to establish the legality of the creation of the district and also as to the value of the property along the paved streets both before and after the paving had been laid.

Tomorrow the hearing on the contest over the school bonds will be staged providing the paving injunction case can be disposed of, this will also require some time to hear, as there will be a great many witnesses to be called to testify. This is the case where a number of the citizens are seeking to have the recent school bonds for \$15,000 declared void owing to a fraudulent election. It is claimed that a number voted who were not entitled to do so under the law and for this reason they ask that the election be declared void. The bonds were carried by a majority of five votes at the election on November 7th.

TRAINS BEARING FIFTH NEBRASKA THROUGH THIS A. M.

The troop trains carrying the equipment and members of the Fifth Nebraska Infantry from the Mexican border, were delayed in their arrival at Fort Crook where they are to be quartered for the present. The first train reached Pacific Junction shortly after 10 o'clock last night but was held there until this morning and the first section of the regiment passed through this city at 5:25 this morning and the second section at 6:39, reaching the fort at daybreak. The delay in the train was a great disappointment to a great many residents of the city who had hoped to be able to witness the return of the boys from the southland, and the Burlington station was besieged with inquiries as to the time of the arrival of the trains but it was impossible to give any accurate information as the government was directing the movements of the trains from the time that they left the border until reaching Fort Crook. The barracks at the fort have been arranged for the reception of the troops and they will be held there until the war department finally decides on what steps to take in regard to mustering out the boys, but in view of the war like condition of affairs it is not likely that they will be released for some time at least.

AN OLD FRIEND CALLS.

The Journal was more than pleased to receive a call from our old friend, B. F. Hoback, from near Nehawka, on Tuesday of this week. Mr. Hoback's visits to the county seat are indeed few and far between, owing to his poor health of late years, but he is always a mighty welcome visitor around the Journal office. He usually gets here about once a year when his health will permit, and on this trip we were indeed pleased to learn that he is feeling much better than for some time. He says that he believes he has a second lease on life, and has decided to remain with us for some time. The Journal joins with his many friends in hoping that this excellent old gentleman may continue to improve. He was accompanied on this trip by Wm. Stine from near Union.

After the wedding the young people spent a few hours in the city before returning home to Elmwood. LIMITED SUFFRAGE PASSES THE HOUSE

Vote on Measure is 73 For and 24 Against—Three Douglas Men Vote "No."

NOW UP TO THE SENATE

Lincoln, Neb., Feb. 7.—The limited suffrage bill passed the house today by a vote of 73 to 24. Three representatives known to favor the bill were absent. A similar bill is in the senate.

The bill empowers women of Nebraska to vote for president and vice president, all of city officers, all county, excepting county judge, and school officials with the exception of state superintendent.

Women cannot vote for any constitutional officers.

The bill will probably be considered by the standing committee of the senate Thursday and may be reported out then.

TO HAVE "HARE AND HOUNDS."

As the 22d of February is the Indian day as well as Washington's birthday, the Plattsouth Cycle company will give a free-for-all "Hare and Hounds" race, and will give the man catching the hare a \$87.50 New Departure road racing tire, but if the hare comes in first it gets the tires. The hound that catches the hare will also be the next hare, in the next race. As this will be held every other month, if there is enough interest, all boys that have bicycles or that can borrow them, are advised to enter and ask Dawson for particulars. There is no advantage in being big or small or in any one physical feature as in this race it is judgment, skill, quick thinking, speed and good eye-sight that counts.

GERMANS IN BERLIN REGRET BREAK, BUT REMAIN COURTEOUS

Berlin, Monday, Feb. 5.—(Via London, Feb. 6.—Whatever may be the feeling toward the United States Germans in Berlin, and as far as has been heard outside the capital, have manifested consideration and courtesy toward Americans since the news was received of the breaking off of diplomatic relations. Aside from an occasional frank comment on the action of the American government, no acts of an unfriendly nature have been reported.

The only difficulty which has been reported thus far has been at one district headquarters of police which is charged with issuing passports to go aboard. Officials of the passport department refused to issue passports until holders were able to show steamer tickets to America. On the other hand, the police in the main residential districts are accepting "return to America" as an adequate reason for departure, but are insisting that customary interval of fortnight for military investigation of the application cannot be waived.

APPOINTS NEW MEMBER ON INSANITY BOARD

District Judge James T. Begley has just announced the members of the county board of insanity for the forthcoming term and has selected for the places on the board Judge H. Archer of this city, Dr. B. P. Brendel of Murray, an examining physician and James Robertson, clerk of the district court Judge Archer is really the only new member on the board as Dr. Brendel served in the capacity of physician during the term of the late Judge H. P. Travis, and is well qualified in every way for the position. Mr. Robertson by virtue of his office as clerk of the court has served as a member of the board during his entire term of office as clerk. The board has had a very busy year during 1916 as a large number of insane and inebriate cases were brought up before them for action.

STORK PAYS TWO VISITS.

Two new additions to the population of the city have made their appearance, one being a fine little son that arrived last evening at the home of Mr. and Mrs. Fred Hirz on South Sixth street, and a daughter at the Ferd Duda home on Tuesday evening. Both families are well pleased with the good fortune that has visited them, and their friends are wishing the little ones a long and happy life.

MRS. C. J. GAEBEL QUITE ILL.

The many friends of Mrs. C. J. Gaebel throughout the county will regret very much to learn that she is confined to her home near Louisville with a very severe illness and that her condition is very serious. The Gaebel family are well known over the county and the many friends of this estimable lady will indeed be sorry to learn of her sickness and trust that she may be able to recover rapidly.

YESTERDAY WAS ANOTHER NATURALIZATION PAPER DAY

Yesterday was quite a busy day in the naturalization branch of the office of the district clerk as a number of the residents of the western portion of the county were in to seek their citizenship papers and become full-fledged Americans in every sense of the word. Henry Reike, of Alvo, August Klemme, of near Greenwood and Wilhelm Doetke, of near Murdock, forswore all allegiance to William II, Emperor of Germany, and Joseph Wutschick, a former resident of Austria, swore away his former allegiance to the Emperor of Austria. He resides in the vicinity of Murdock. There has been quite a good many of the foreign born resident of the county who have in the last few days made application for their final papers or filed their declarations of intent to become citizens of the republic.

August Klemme of Greenwood, Wm. Rader of Wabash, Henry Rieke of Alvo and Dan Schlaphof of Murdock motored to this city yesterday afternoon to attend to some business matters at the court house. Mr. Klemme was a pleasant caller at this office.

MID-WINTER PICNIC.

February 1st the W. R. C. held their annual mid-winter picnic at the home of Mrs. S. C. Boyles. Notwithstanding the bitter cold, fourteen ladies were brave enough to venture out. Each arriving member being welcomed at the door by the hostess in summer attire, even to hat, fan and parasol. About 1:30 a delicious dinner was served in the dining room, to which all did ample justice. The ladies then adjourned to the parlors, where various stunts afforded much amusement, and selections on the victrola were also enjoyed by all. After partaking of ice cream and cake the guests departed homeward feeling amply repaid for having braved the wintry weather. Here's hoping we'll all there next winter.
