**THE KAUFMAN CASE
DECIDED IN FAVOR
OF T. E. PARMELE**

From Wednesday's Daily.
The case of Emma Kaufman vs. T. E. Parmele, which was on trial in the district court for the past two days was closed yesterday afternoon when it was given to the jury shortly after 4 o'clock and after a short deliberation on the evidence and the instruction given by the court the jury returned with a verdict finding for the defendant, Mr. Parmele, and settling the issues of the case. Suit was first commenced two years ago and on being tried in the district court here resulted in a verdict for the defendant, it was then appealed to the supreme court where it was reversed and remanded for retrial and has again resulted in a victory for Mr. Parmele. This case is over the question of ownership of several thousand dollars worth of bonds of the Norfolk Long Distance telephone company which were at one time the property of the late William Volk, and whom the plaintiff claimed had presented the bonds to her as a gift, while the defense claimed that Mr. Volk had used the bonds to secure additional loans at the Bank of Commerce of Louisville, of which Mr. Parmele is president, and the loans not being paid the bonds were taken to cover the amount of money borrowed by Volk. Judge Jesse L. Root of Omaha and C. A. Rawls of this city appeared for the defendant in the action.

**WORDY BATTLE
UPON FLOOR OF
THE HOUSE**

Lincoln, Neb., Feb. 13.—As the result of a hot fight on the floor of the house today, in which bitter personalities were exchanged between Representatives Shannon of Douglas county and Chairman Trumble of the corporations committee, Shannon's bill requiring street car companies to remove the rear platforms of cars was referred back to that committee, which was called to meet in special session during the afternoon to act upon it once more.

It developed in the colloquy between Shannon and Trumble that the bill was voted upon by the committee last Thursday and instructions given the chairman to report it out for the general file with an amendment allowing the companies until January 1, 1918, to make the required change in their cars. Chairman Trumble, however, did not report the bill, but held it because the amendment had not been drafted.

In the committee session Monday, Duffe of Johnson moved to reconsider and a motion was then adopted to suspend it for indefinite postponement, the vote being 6 to 2.

Shannon moved in the house today that the bill be placed on the general file, notwithstanding this reconsideration and reversal. He engaged Trumble with bad faith and phrased into the hands of the corporations committee, not reporting the bill after last week's meeting. He claimed to have had several talks with Trumble and each time, he declared, the latter

told him the bill would be reported out when the amendment was ready. "I took him at his word as a gentleman," said Shannon, "and trusted him to do as he said he would. I was amazed when I heard of what happened yesterday. Is that a fair deal? Is that the kind of men we have for chairmen of our committees, and are we going to let them throttle bills by carrying them around in their pockets?"

Mr. Trumble then took the floor and defended himself. He reviewed the incidents as they took place and denied that any unfair methods had been employed in handling the bill.

"Anybody who accuses me of unfair tactics or of being favorable to the corporations lies when he says it," shouted the member from Sherman.

A wordy dispute between Shannon and Trumble then ensued with Speaker Jackson pounding for order. Shannon again intimated that Trumble was acting in behalf of special interests and charged that he had not kept his word.

NO SUCCESS WITHOUT AFFORT.

Success means effort. Every successful business man is a hard-working man. And having got in the front rank, you cannot stay there unless you make still greater effort. But to be able to make such efforts you must have health. A French proverb says: He who has not health, has nothing. Triner's American Elixir of Bitter Wine secures the health. It cleans out the bowels, removes the accumulating waste matter which poisons the intestines and paralyzes the normal activity. It gives appetite, aids digestion, headache, nervousness, megrim, sleeplessness, general weakness, etc. This remedy is without equal. Price \$1.00, at drug stores. For chilblanes in the present hard winter, rheumatism and neuralgia, sprains and swellings, etc., the most reliable remedy is Triner's Liniment. It never disappoints. Price 25c and 50c, at drug stores; by mail, 35c and 60c. For the same price you will get the excellent Cough Sedative, which gives a quick and sure relief in colds and cough. Jos. Triner, Mfg. Chemist, 1333-1339 S. Ashland Ave., Chicago.

PURCHASE FORD CARS.

The local Ford agency has just disposed of a number of the "universal cars" to residents of this county, who will in the future do their traveling by this means. Rudolph Heil, O. P. Cook, Russell Stander, Jeff Salsburg, E. G. Dovey & Son and Fred Patterson are among those who have ordered Ford cars in the past few weeks and will be able to enjoy them during the summer months. The demand for the machines has kept the local agents very busy in attempting to fill the orders as fast as possible.

Mrs. Joseph Droege departed this afternoon for Lincoln to spend a short time with Mr. Droege at the St. Elizabeth's hospital, where he is recovering from his recent operation and is feeling much improved. Mrs. Droege will remain for a few days at Lincoln.

Frank Doty, C. N. Meyers, A. W. Hart and Sterling Amick of Weeping Water motored to this city yesterday afternoon to attend to some important business matters. Messrs Hart and Meyers were pleasant callers at this office.
