IRREVERSIBLE WORM
Steering Gear for Ford Cars

Jack Mulford who represents Pickens & Co., traveling his territory in an automobile met with a peculiar and distressing accident about five miles east of Bradford. It seems that a sudden gust of wind blew off his hat and in attempting to catch it he let go of the steering wheel. Unfortunately at that moment the wheels struck a rut, the car turned turtle as it did into the ditch burying Mulford beneath it, etc.

The most valuable necessary yet brought out for the Ford car. Removes the strain of driving. Gives complete control of car, over 10,000 sold to date, your car is next, come to a real machine shop and have one put on, try it if you don't like it, we will take it off and refund your money. Price \$15.00.

CHECK DRY BILL UP TO CONGRESS

Legislators See a Chance to Avoid the Prohibition Issue—Neville Gets in Action.

Lincoln, Feb. 21.—Governor Neville and other democratic leaders of the Hitchcock brand are now engaged in playing the popular indoor game of "passing the buck."

They have picked on congress as the "goat," and are preparing to lay the blame on that ancient organization, if any Nebraskaan should be so unkind as to criticize any act of the present state administration, in so far as prohibition legislation is concerned.

So concerned was the governor of Nebraska Tuesday about the progress of dry legislation that he paid a quiet and highly official visit to the house of representatives.

He had sent telegrams Monday to Representative A. C. Shallenberger at Washington, asking for information regarding the probable fate of the Reed bone dry amendment to the federal postoffice bill, which would prohibit liquor shipments into any dry state regardless of what laws a legislature might pass.

Would Wait on Congress. Congressman Shallenberger replied that the Reed amendment was almost certain to pass the house. Then the governor, quite unofficially, suggested that the Nebraska house just postpone action on the prohibition bill until congress would have an opportunity to act.

Members of the house were not sorry to accede to his wishes, although the house in all probability, if a vote had been taken Tuesday, would have passed a drastic bone dry law.

State administration supporters and advisers and the governor himself apparently sized up the situation and arrived at the conclusion that if a democratic legislature passed a bone dry law the liberal voters of the state would be quite provoked, even to the point of retaliation at the next election, and if a liberal law was passed, the radical dries would rise up and smite the administration.

So the decision was reached by state administration advisers to let "congress do it."

IGNORANCE IS NO PLEA.

Ignorance is no plea against the law, nor against the hygiene either. So often you hear, "I did not know it could hurt my health!" That is the very trouble. We feel an intense interest in politics, we busy ourselves in societies, but we pay little attention to our body. One of the fundamental principles is to keep the body free from waste matter in which bacteria breed and develop. Triner's American Elixir of Bitter Wine is the most reliable of all remedies which aid in the elimination of waste matter.

It cleans out the intestines and at the same time strengthens them. Constipation, headache, nervousness, loss of appetite and energy, all such ailments vanish when the body is free from waste matter. Insist upon Triner's American Elixir of Bitter Wine, refuse cheap imitations. Price \$1.00 at drug stores. Triner's Lintiment is a real necessity for every household, because it gives a quick and sure relief in rheumatism and neuralgia as well as in strains, swellings, etc. Price 25c and 50c at drug stores; by mail, 35c and 60c. HOUSE AND SENATE PASS "BONE DRY" LAW

Vote 321 to 72 on Bill That Makes Twenty-Two States Absolutely Dry.

Prohibits Transportation in the Mails of Liquor to Any Prohibition State.

Washington, D. C., Feb. 21.—Absolute prohibition legislation took its longest forward stride in the nation's history today when the house, after two hours of uproarious debate, approved by a four to one majority a senate measure which would raise an ironclad barrier against importation of liquor into prohibition states.

It is expected to receive the approval of President Wilson within a week, adding immediately to the "bone dry" territory about one-third of continental United States.

It would cut off entirely liquor importations amounting now to millions of dollars annually in the large number of states which have forbidden manufacture or sale, but have permitted importation for personal use.

PURCHASES FINE HOG.

Henry Hirz, sr., and son, Philip, were in attendance this week at the hog sale of R. C. Steel, held at his farm near Falls City, and while there Philip purchased a fine 375-pound gilt which he expects to use on his farm west of this city. The animal is one of the finest that was offered at the sale and Mr. Hirz feels, will make a valuable addition to his splendid line of Duroc-Jersey swine that he has been breeding quite extensively in the past few years. Mr. Philip Hirz has one of the best bunches of hogs in the county and his animals have all brought a good price when offered for sale, both for weight and quality.

Freddie Tyson, eldest son of Mr. and Mrs. Dell Tyson, who reside west of Eagle, died Friday at their home. He was buried at Elmwood Sunday. Mr. and Mrs. Tyson lived for a time one mile east of Alvo, and their many friends here sympathize deeply with them in their sad bereavement.

The regular monthly meeting of the Alvo Community club was held Wednesday night in Jordan's hall. A program was rendered by the pupils of the grammar grades, which was much enjoyed by all present. After the usual business was transacted, sandwiches and coffee were served.

Superintendent Worley and Orison

Sharp, the gentlemen of the Alvo High school faculty, and the high school boys, entertained the ladies of the faculty and the high school girls at a dinner Friday evening at the Wm. Cople home west of town. The gentlemen cooked and served the dinner in fine style.

Superintendent Worley has had his hands full the past two weeks. Miss Peck and Miss Boyles have been off duty several days on account of sickness. Mr. Worley has managed to keep the work moving and has not missed a recitation. Rev. Keith has assisted several days in the high school.

Aunt Bina Kitzel entertained on her 67th birthday the following guests: Mr. and Mrs. Fred Backe, Mr. and Mrs. Elmer, Mr. and Mrs. Dick Elliott, Mr. and Mrs. Albert Weichel and children of Elmwood, Mr. and Mrs. E. M. Stone and Grandma Stone, Mr. and Mrs. Wm. Kitzel and children, Mr. and Mrs. Oscar Kitzel and son and Bert Kitzel; and for 6 o'clock dinner, Wm. Sutton and sisters, Misses Della and Katherine Sutton. Aunt Bina received many useful presents and many beautiful birthday cards.

Fairbanks Type Z Engines!

No effort is spared in making these type Z engines of the very highest quality in every detail. All parts are precisely made and fitted and standardized for interchangeability. The cylinder and crank case being cast together distributes the weight where needed for strength, giving lightness as well. The finely ground piston and piston rings give exceptional compression. The water cooled cylinder and valve eliminate heat strains and keep the valve tight. The effective lubrication—accessibility—reliability—are found in every one of these engines.

Some of the distinctive features are:

1. Throttling governor
2. Built in magneto
3. Pump fuel feed
4. Speed regulator
5. Removable bushings in bearings
6. Close speed regulation
7. Igniter fitted by ground and tapered joint.

They are designed to run on kerosene and other cheaper fuels as well as gasoline.
