BRYCE GIVES MORE INFORMATION UPON TURISH ATROCITIES

New York, March 7.—Massacres of Armenians were inspired by the desire of the Turkish ruling class to eliminate from the empire all sects and creeds except that of Mohammad, according to Lord Bryce, former British ambassador, in a cable message to the American committee for Armenian and Syrian relief, made public tonight.

"During these recent massacres when ever any Christian would turn Mohammedan he was spared," said Lord Bryce in his message. "Many a Christian child was torn from its parents to be brought up as a Musselman. Thousands of Armenian Christian girls were sold in the market or distributed among Turkish officers to be imprisoned for life in Turkish harems and there forced into Mohammedism.

LEE COTNER HAS BAD FALL.

Lee Cotner, one of the employes in the freight car repair department at the shops, this morning was the victim of a serious fall from the roof of a box car on which he was working. Mr. Cotner was handling a heavy thirty-four foot plank and while on top of the car became over-balanced, with the result that he fell to the ground, quite a distance below, striking the ground with much force and knocking him unconscious for several minutes. The heavy plank fell on top of Mr. Cotner and inflicted several painful bruises on his legs and body. The chief injury, however, seems to have been to his back and hips, which compels him to get around with the aid of a crutch. He will be compelled to enjoy an enforced vacation for a few days at least.

TO ERECT NEW GARAGE.

One of the new building enterprises for the coming season that is promised will be the erection of a new garage building by Adolph Geisse on his lot between Main and Pearl streets and directly north of his residence. The new garage that Mr. Geisse is contemplating having erected will be 60x80 feet and will have an entrance on Fifth street near the alleyway. It is expected to make the building fire-proof and absolutely up to date in every way, so that the cars can be handled in the proper manner. This will make a pleasing addition to that section of the city. The work on the garage will in all likelihood be started early in the summer.

Much Extra Work in March.

It's between seasons, when few persons perspire as health demands. The result is double work for the kidneys, to throw out waste eliminated through pores when persons perspire. Over-worked kidneys need help. H. B. Stone, Reading, Pa., writes: "When I need a kidney remedy, I rely on Foley Kidney Pills." Sold everywhere.

About thirty friends gave a bridal shower to Mrs. William Taylor at her home Tuesday afternoon. Mrs. Taylor received many beautiful and useful presents, including several nice dishes, towels and cooking utensils. A delicious lunch, consisting of sandwiches, pickles, cake, coffee and fruit was served from 2 until 5 o'clock.

Miss Katherine Sutton and William Taylor were married in Lincoln Saturday, March 3. They visited over Sunday with the bride's brother, Charles Sutton and family at Rising City, Neb., returning on No. 14 Monday. They will make their home in Alvo, where the groom runs a garage. Their many friends extend heartiest congratulations.

Monday afternoon as Orville Quillhorst drove his car up to the gasoline pump in front of Weidman's store, he did not notice that a lad on a bicycle was riding alongside and a little behind his car, and in turning around struck Willie Ingwerson, knocking him off his bicycle and running over his leg with both wheels. Fortunately the lad was not seriously injured. It has been the custom seemingly for lads in the early teens to follow on their bikes and ride abreast with automobiles, and the dangerous part is that the chauffeur doesn't see the cyclist, and the cyclist doesn't know when the chauffeur may turn his car.

A large crowd of merry-makers, both young and old, married and single, surrounded the home of the newly-weds Monday night about 10 o'clock and proceeded to chivari the happy couple with the aid of all the anvils, tin pans and horns obtainable. After several minutes' demonstration they marched into the house and took possession. The girls took the groom and marched him around a block uptown, and made him treat them to candy, while the boys marched the bride around another block. Then they put the bride and groom into a buggy and hauled them out north of town and made them walk back home. All during this time Emma Sutton and Loyal Miller were planning to elope. The first conveyance they came upon was Miss Mable Stout's buggy, but her pony, "Roxie," being too slow they were overtaken before they got out of town.

ALVO SCHOOL NOTES.

Most of the pupils are taking advantage of the nice weather and spend quite a bit of their noon hours out of doors. However, the indoor games are still very popular.

We are much better equipped now for better work, since we have several new tables. This relieves the crowded condition to quite an extent.

The eighth grade has taken up the study of agriculture, having completed their work in geography of Nebraska.

Several of the parents have been showing their interest in the school work by paying us a visit. Let the good work continue. We are always glad to have you come.

County Superintendent Miss Marquardt was with us for a short visit Tuesday morning. She showed a great deal of interest in the school work here and gave the pupils a very interesting talk on "Concentration." Explaining that keeping the mind on

the work in spite of other things going on around one, is what makes a successful student and a successful man or woman "out in life" after finishing school.

IT'S a wonderful season for hats. Never before have we seen such an appreciation of style.

Crowds of men are stopping in front of our windows—and scores of them come in to try and to buy. A sale of two soft hats and a derby to the same customer is getting to be quite the regular thing. It's a young man's season, but there's a range that makes it easy for any one to get a becoming hat. Anyway, you are invited to try them on—and you will not be urged to buy.
