POLICE OF OMAHA EXPECT TROUBLE

Looking For Grief In Enforcement of Prohibitory Amendment.

Omaha, Neb., March 23.—Chief of Police Dunn is under no delusions of pleasure after May 1. He expects that his troubles now are nothing compared to what they will be then. "This is just a taste," he said. "Unless Omaha is different from all other cities where prohibition has been tried, we'll have the time of our lives for several months, at least. But we're going to land on 'em with all four feet."

Chief Dunn has not yet worked out plans for enforcing the prohibitory law, since much depends on the provisions of the law yet to be enacted. Both he and Police Superintendent Kugel are greatly interested in the details in this law.

Favors House Bill.
Superintendent Kugel was well satisfied with the bill as it passed the house and is hoping that it will not be less strict when the senate gets through with it.

"The drier it is, the easier it will be to enforce," he said.
Kugel for instance, is very anxious that no provision be made to permit the holding over of stocks of liquor on hand after May 1. It would be much easier, he believes, to be able to convict a man of law violation for having the goods in his possession than it would be to prove the illegal purpose to which he proposed to put them when possession itself was not unlawful.

Mrs. Martha Baumeister departed this morning for Lincoln where she will visit for the day with relatives and friends.

Petrograd (Via London), March 22.—The United States is the first nation to recognize formally the new government of Russia.

This afternoon, accompanied by his staff, including the naval and military attaches, he went to the Marinsky palace, where the council of ministers was assembled, made the formal recognition and presented congratulations and felicitations on behalf of the United States.

The military and naval attaches appeared in full uniform, while Ambassador Francis and the secretaries wore afternoon dress.

ROOSEVELT WOULD LEAD ARMY OF 100,000

New York, March 23.—The immediate organization of an American expeditionary force of 100,000 men to fight in France with the entente troops, under the command of Col. Theodore Roosevelt, has been undertaken by a group of wealthy men in New York City, it was learned yesterday afternoon on the highest authority.

Probably a large number of men in the force is to be recruited from the trained American soldiers now serving with the French or British armies, veterans all of them.
Some of them have fought through the greatest battles on the western front. Arrangements will be made, it was learned, to have those men discharged from the French and British service to form the nucleus of Mr. Roosevelt's force.

Men and women wanted to take orders in the country for an article that can be used in every house. An opportunity to make \$80.00 to \$100.00 per month. For further information address or call on G. W. Alexander & Co., Plattsmouth, Neb. 3-22-1tdwly.

MAKE BIG DEFENSE ABOUT ST. QUENTIN

German Forces Establish New Defensive Line On Western Front.

Paris, March 23.—The batch of repatriated French from the Somme region who have arrived here agree that the Germans have established a defensive run line running through Cambrai, St. Quentin, Laferre and Loan. One of the refugees said:

"For several months past the Germans have been concentrating in the neighborhood of this line, particularly between St. Quentin, Cambrai and Guise. All civilians deported from northern France and Belgium were forced to carry out military work feverishly constructed. They were compelled to labor under terrible threats. The Germans constructed a complete new system of railroads and dug deep shell-proof shelters.

Localities south of the line were systematically evacuated and the greater number of the inhabitants of the towns and several villages were repatriated, only men and women capable of working being held. None of the people in St. Quentin or Loan were repatriated, however. On the contrary the Germans drew a cordon around these towns and the most severe measures were taken in recent months to prevent anyone from either entering or leaving them.

FRENCH MAKE GAINS NORTH OF SOISSONS

Paris, March, 23.—A violent attack was made by the Germans last night north of St. Simon in the region of Ham. Today's was official announcement says the Germans gained some ground at the beginning but were immediately driven back as far as Bouraour-LeGrande, three miles northeast of St. Simon.

The French continued to advance north of Soissons. Fresh detachments crossed the Ailette.

The statement says details which had been received regarding the attack by the Germans on the Vregny-Chivres line show that they suffered heavy losses. Two companies of French chasseurs, which were isolated for a moment from the remainder of the troops cut their way through and brought back prisoners.

Despondency Due to Constipation.

Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

TWENTY-FIVE TO FIFTY KILLED IN INDIANA STORM

Over Hundred Injured in Disaster at Town of New Albany

School, Factories and Houses Demolished at West Union, a Suburb.

New Albany, Ind., March 23.—Between twenty-five and fifty persons were killed and probably a hundred or more were injured by a storm which late today swept over New Albany, demolishing scores of residences and several industrial plants.

Twenty-five bodies have been recovered and it is expected this number will be materially increased when all the debris of wrecked buildings has been cleared away.

The lighting system for the residence section of the city was put out of commission by the storm and the work of rescue is proceeding slowly.

The known dead are:
BABY DEERING.
CHARLES M'CAFFERY.
EDWARD JOHNS.
CLARENCE MOSS.
MRS. CHARLES DAILEY.
MRS. WILLIAM HUFF.
MISS ELSIE LOPP.
MISS MAY LOPP.
MRS. BUNCH.
MRS. PEYTON.
MRS. JOHN DIBLOT, a daughter, Cecelia, 14; a son, 6; a baby, 2 years.
ROSE, HUFF, 5 years old.
—ZURSHNIDE, a boy 15 years old.

NINE UNIDENTIFIED BODIES.

The Deering baby, about 6 months old, was found floating in a small stream into which it had been borne by the wind. The child was alive and clinging to a dog, which apparently had been killed by the storm. The baby died in the arms of its rescuer. Later an aunt identified the baby and then reported that both the father and mother had been killed.

The streets in the path of the storm are a mass of wreckage. An appeal to the city authorities of Louisville brought a large number of policemen to aid in maintaining order and all available officers from the Indiana state reformatory at Jeffersonville and from the Jeffersonville police force were hurried here. A call was made on the governor for state troops.

Early in the night plans for furnishing relief to those whose homes had been destroyed were formed at a mass meeting where a large fund was subscribed.

The work of conveying the injured to the only hospital here was hampered by fallen wires and uprooted trees. The hospital was soon filled and it became necessary to place later arrivals in corridors.

RUSSIANS IN TRENCHES DEFEND NEW REGIME

Ardor and Assurance Mark Communications Received From Nation's Fighters

Political Prisoners in Petrograd Number Nearly Four Thousand

London, March 25.—A Reuter dispatch from Petrograd says there is an excellent sign in the fact that the dispatches which are beginning to arrive from the trenches from the deputations sent there in connection with the revolutionary movement are full of military ardor and assurances that the country may rely upon its defenders.

"To conquer the foreign foe as internal enemies have already been conquered."

Grand Duke Nicholas Nicholavitch has asked permission to reside at Livadin.

Between 3,000 and 4,000 arrests have been made in Petrograd since the first day of the revolution, the dispatch adds, among the latest prisoners being the wife of the former War Minister Soukhomlinoff.

"An eight hour day is being introduced in all the factories in Petrograd and a central board of arbitrage disputes."
